

# Splendid Armistice Day Program Held At The High School Last Night

300 PEOPLE PRESENT

A Number Included Ex-Servicemen, War Mothers and Members of the Auxiliary and Guests. Delicious Turkey Supper with Ices Served by the Ladies.

That first night an increasing number of ex-servicemen, enjoying the good cheer, and hospitality of the War Mothers and the members of the Legion Auxiliary were gathered last evening in the large banquet hall of the Wilson High School at least 300 men and fifty ladies attended the program. Mr. Leonard Bullock, World War veteran and son of the late Mr. Bennett Bullock, a brave Confederate soldier, was presented with one last evening. Commander James Roberts presided over the meeting and introduced the various numbers. Rev. John Barclay, chaplain of the Post delivered the invocation. Commander Roberts introduced Mr. Oliver Rand, who was usual eloquent and grave in an appeal not to pleasure taking the sentiment of the legionnaires in their appreciation of the fine way in which the War Mothers and the Auxiliary had shown them every attention and referred to their love and attention during the war, and since they returned home, and that every ex-serviceman looked forward with pleasure to the Armistice Day and its celebration.

Rev. John Barclay, Chaplain of the Post and pastor of the Christian church was also forceful and eloquent in the way he presented the present situation regarding peace which the world so greatly desired. He said in part:

You have come to the 11th anniversary of the war. We were promised by Mr. Wilson, the newspapers and the speakers that if America brought the war to a successful conclusion, and you soldiers did it, three things would be accomplished. First, There would be eternal peace and the end of war.

Second, The world would enjoy a democratic form of government, and the people of the nations of the earth would decide their own questions. In other words we were fighting the battle of Democracy and for a government by and for the people.

Third, We would be relieved of the terrible burden entailed by war for the building of battleships and for the keeping of men in service. But what have we, he asked? There has already been since the signing of the armistice a number of wars. We have raised a crop of dictators to displace constitutional monarchies, and burdens of the world for armaments have decreased but little and the nations are haggling over the terms of the disarmament afraid that one will be in a better advantage than the other should war come.

We are spending three times the amount for war we spent in 1913. Mr. Barclay spoke of the pleasure that the Legion is giving the world in standing for peace. They are a great factor in promoting peace, but there is little prospect of having peace if we stay prepared for war. If we want war we should prepare for it, but if we want peace he could not see the consistency in preparing for war.

He urged his audience to work for peace, to endeavor to influence our representatives, that the drums of war should forever be silenced.

There were a number of interesting features on the program. The drawing of an attendance prize, the singing of Miss Virginia Huffy, "The Sweetheart of the American Legion" who not only gave a number of songs which greatly pleased the boys, but also had a number of the songs they sang in camp. This was a very delightful feature of the occasion.

Mr. Carl Hinnant as a black face comedian tickled the boys and gave a number of improvised pieces which greatly pleased. The latest back fence gossip created much laughter put on by Mr. Speed Williams.

Commander Roberts announced that the Legion desired to express its thanks to the following for services rendered: Mrs. Mary P. Churchwell, Mayor McLean, Ex-Mayor Silas Lucas, Elder S. B. Denny and Mr. J. D. Gold.

**ARMISTICE DAY OBSERVED BY LOCAL TOBACCOISTS**  
Armistice Day was observed by tobaccoists on the local tobacco market this morning by a ten-minute suspension of sales from 10:55 to 11:05 o'clock the first minute of which was devoted to silent prayer with heads bowed in memory of those who gave their all for Democracy.

Officials of the Tobacco Board of Trade announced that they were unable to suspend sales through the day owing to the vast amount of tobacco on the market which had been left over from last week. More than two and a half million pounds of the bright golden leaf was offered today by growers and indications were that a million and half pounds would be sold. It was estimated that today's average would be in the neighborhood of \$28.00.

At this point a rising vote of thanks, on motion of Mr. James Anderson, was given the War Mothers and the Legion Auxiliary for the delightful dinner, and the many acts of kindness and loving interest the ladies had shown in their organization.

The War Mothers were presented, and were given a rising vote of thanks and much applause. Mrs. W. M. Anderson, mother of Lt. Robert Anderson, in whose honor the post is named, was presented, and the

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pean Street, this city, recently wrote:

"I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back."

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement."

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it."

"I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me."

"Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health."

"Having helped so many others, Cardui should help you, too. We see
