**TRAVEL LONG DISTANCES TO REPORT FOR SERVICE**

Juneau, Alaska, Sept. 11.—Draft calls for men in the remote and far away sections of Alaska have brought youths out over many hard miles to report for service.

Hunters, trappers, traders and prospectors, in answer to the draft calls, have come from the tundra country up along the Arctic the hills and valleys along the Yukon river and the remote sections of south-eastern and southwestern Alaska. They have been mobilized at Alaska forts and later sent to the States for training.

One young man, Claude Harrison, received his draft questionnaire as he was making plans for spending the coming winter hunting and trapping in the Lake Minchumina country, about 60 miles northwest of Mount McKinley.

Harrison immediately dropped his plans and set out on a 125-mile "mush" to the office of the United States commissioner at Kantishna. When he arrived he found the commissioner had gone to Nenana, nearly 100 miles farther, so the long hike was continued on until the official was found.

Twelve other young men, who thered at Marshal, Alaska, to board a steamer for Nome, in answer to their calls, found, on their ways that on account of the mess of the mails, they had to receive their notification in

time and were classed as delinquents. They were cleared of the charges when they explained the delay.

**Suffering Described As Torture Relieved by Black-Draught.**

Rossville, Ga.—Mrs. Kate Lee Able, of his place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-13'

**WOMEN WORKING IN BOX FACTORIES**

Box factories have discovered, according to information which has reached the United States Department of Labor, that women can very well replace boys and young men who can be more effectively employed elsewhere. The women already employed in a number of box factories have proved highly efficient and useful, and they can, in fact, do almost any kind of work that young men of high-school age have been doing except some of the heavier tasks.

Because they are not adapted to heavy work, the young men have some advantage over them in respect to wages. It is rare, too, that women are entrusted with the operation of machines, for their lack of mechanical experience renders them incapable of making minor repairs in case of trouble.

**SPRING HOPE ITEMS**

Misses Nick Sutton Eunice and Thelma Lamb left Tuesday morning to attend school at Oxford. Mrs. J. J. Pitts accompanied them. Mrs. Pitts was once a student at Oxford. We hope they will have a successful year and our best wishes go with them on the royal road to learning.

The Spring Hope Graded School opens Monday, September 16th. Prof. Thomas F. Bight of Troy is our new principal and he comes to us highly recommended. There will be eleven grades and we are expecting to have the best school we have

ever had. Miss Carrie Farmer of Rocky Mt. has returned home after a few days' visit in our town.

Miss Evelyn Richardson left Wednesday morning for Louisburg College.

Miss Pansy Renfrow has accepted a government position in Petersburg, Va., and left here Sunday. Her many friends regret that she will not be here this winter.

Miss Ruby Paige, Mr. Hamilton and Mr. Johnson drove over from Rocky Mount for a while Tuesday afternoon.

We know everyone is anxious to do his bit these strenuous days. There is no better opportunity for the women and girls of this town than to help get tobacco for the red Cross. If you are called on it is your duty as a patriotic citizen to respond gladly.

Everyone is invited and urged to go to the school opening Monday morning, September 16th. Help the children to start right.

Miss Mildred Yarbrough leaves Saturday to begin her school at Leggett.

We were very glad to see Mr. Frank Finch from near Bailey in our town with a load of tobacco. Judging from the smile on his face he was well pleased with the prices.

Mrs. Geo. Bunn and children are spending a few days in Rocky Mount with Mrs. Joyner.

Mr. C. D. Morgan from Stanhope was in town Tuesday on business.

**SALE OF REAL ESTATE AT AUCTION**  
**FRIDAY, SEPT. 20TH, 10:30 A. M.**

This beautiful farm is only seven miles from Wilson on Nash road between New Hope and Hornes Church, only 1 mile of New Hope.

This place is nicely located, the land is very productive. There are 3 tracts with buildings and six tracts facing the main road.

This is certainly a splendid opportunity for the town man or the tenant to purchase a little farm on easy terms and make the place pay for itself.

One-fifth cash, balance 1, 2, 3, 4, 5 years. Excellent neighborhood and near a good school and church.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enliven the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.
