CERTIFICATE PRESENTED TO MANAGER OF PRINCESS

On Saturday evening, as a token of appreciation of the loyal and patriotic conduct of the management of the Princess Theatre in extending to the government the use of the theatre for the Four Minute speeches made under direction of the Bureau of Information, Mr. F. D. Swindell, chairman of the Four Minute Men of the Second Judicial district, presented to Mr. Jim Woodard, the clever and popular manager of the Princess Theatre, a large and handsomely lithographed poster and certificate. The poster contains the picture of Independence Hall at Philadelphia and in the foreground, in an attitude of proclamation, is a picture of one of the patriots of the early days, probably one of the famous Minute Men of the Revolution. The poster announces in huge black type "4 Minute Men—A Message from Washington," and attached to the poster is a certificate reading "This Theatre has been appointed by the government to receive these official messages. The privilege of its stage has been granted exclusively to the Four Minute Men."

In his presentation address Mr. Swindell referred to the never failing courtesy and co-operation of the management of the theatre to and with the Four Minute Men. He briefly enumerated the various campaigns conducted by this government organization in this theatre and in the Globe Theatre, the Liberty Loan the Red Cross, the Y. M. C. A. drives having received special attention.

Mr. Swindell stated that it was believed by some, for awhile, that the Four Minute speeches, coming as they did between pictures and on occasions when people were out for entertainment and amusement, were displeasing to some of the patrons, and that it had been reported that the Princess was losing patronage thereby. He said, "The people of Wilson are an unselfish, patriotic and appreciative people, not the kind to be peevish at having to hear short talks once or twice a week, especially when such talks are directly inspired by our own government, and as a proof of what I say a positive and complete refutation of the notion that the Princess is losing patronage I want you to look at this audience. Here he waived his hand over the hall whose every seat was filled with a patron of the Princess."

The speaker stated that two certificates would be presented in Wilson, the other to the manager of the Globe Theatre, S. H. Vick. This certificate will be presented to the Globe on Monday evening.

Mr. Jim Woodard, manager of the Princess, in accepting the poster and certificate re-dedicated his theatre to the use of his government and again pledged his personal co-operation with the Four Minute Men.

SELF-SACRIFICE OF BELGIAN WOMEN

None of the stories of self-sacrifice on the part of Belgian women that have come to light since the beginning of the war is more touching than that concerning a Miss Knoppe which has just reached this country from the headquarters of the American Red Cross in Belgium. Miss Knoppe is a fine looking, sturdy type of peasant girl, who has been nursing the soldiers for four years. On many occasions in that trying period she has shown rare courage. She was wounded at Antwerp and as a result of the bravery displayed on that occasion carries the decoration of the "Order of Leopold."

Recently five thousand Belgian refugees reached the town where Miss Knoppe has been working. The need of many of the children for food was so imperative that the patriotic woman drew \$180 from the bank, her life's savings, and spent the money to relieve their hunger. It developed later that she was to have been married shortly to an orderly in the hospital to which she is attached and that she had saved the money for her wedding trousseau. The story of her great sacrifice has been going the rounds in Belgium and takes rank with the many inspiring incidents of the war. The effectiveness of the relief

ANOTHER THOUSAND "TANKERS" COMING

Raleigh, Sept. 17.—According to well authenticated reports last night, the second detachment of tank camp troops consisting of one thousand men and the commanding officer of the consolidated tank training school here will reach Raleigh either tonight or early tomorrow. Yesterday's New York papers announced

they were in New York Sunday and expected to stay for a couple of days looking the metropolis over.

Active training at the new camp started yesterday morning. The men received their first calisthenics since leaving Gettysburg a week ago. From today on, the training will be intense. The method in use at the Raleigh camp is that inaugurated by Major Koehler, master swordsman, who, until the past fifteen months, has trained physically and produced every West Point back and shoulder for the last twenty years. Since war Major Koehler has given this training to approximately one million men.
