ENDEAVORING TO STABILIZE LABOR

Representatives of Labor and Employers Will Meet With Heads Gov. Employing Bureaus

Washington, Sept. 24.—As a step towards the stabilizing of wage conditions during the war a conference of manufacturers will be held here tomorrow with the heads of the department of the government with a view to bringing about an arrangement between the government heads of departments of labor a mutual co-operation and understanding. A part of the plan will be the increase of certain low price groups of labor to the standards of the communities where they are employed. Millions of workers will be affected in the adjustment of these wages.

SENATOR OVERMAN TO CONDUCT INQUIRY

Washington, Sept. 24.—Senator Lee S. Overman will head the senate committee named to investigate the purchase of the Washington Times by Arthur Brisbane, who was loaned \$375,000 by German-American brews and the Brewers' association to make the purchase. The senate committee also will inquire generally into the political activities of the brewers. The Jones resolution, recently adopted by the Senate, is construed as sufficiently broad to permit a general investigation of the alleged political activities of the brewery interests.

While the senate committee prepared today to begin its inquiry, the brewers caused publication in Washington newspapers of page advertisements protesting against charges,

implied or otherwise, that American brewers are pro-German. It is asserted that more than 95 per cent of the brewers are American born and the department of justice has yet to report any act of disloyalty on the part of a brewer.

Senator Overman is now in North Carolina and the beginning of the senate inquiry will await his return. The junior senator is expected to reach Washington Wednesday or Thursday of this week and as chairman of the investigating committee he probably will open his hearings opened immediately.

PLEASE DO NOT ASK IT

If any merchant makes a delivery other than the published regulations they will have to pay a fine of \$25. to the Red Cross, so please do not ask it. Once the housekeepers get used to the one delivery a day, and have their supplies in the house a day ahead they will like it. For instance you can order your vegetables to go out in the afternoon and next morning you can begin dinner and not wait for a late delivery. S-24-1tD

INSTALLING DELCO LIGHT

Within the past week the following well known Wilson County homes will soon have Delco Light installed: Mrs. Martha E. Lamm, Larry Lucas, Luther Barnes, Chas. Hinnant and L. P. Woodard. S-24-1tD 1tW

PATRIOTISM

A service flag in your window or a Liberty Bond in your home are the surest signs of patriotism. Keep up with the Red, White and Blue Line. Can deliver at once. Phon 276-L. Look out for the big Liberty Map ad in this issue. S-24-1tD

GOVERNMENT ARMY AIRSHIP AT THE ROCKY MOUNT FAIR

The Rocky Mount Fair Company with the assistance of the Liberty Loan Committees of Nash, Wilson, Halifax, and Edgecombe counties, have secured one of Uncle Sam's standard observation air ships for exhibition at the Rocky Mount Fair, October 1, 2, 3, 4. The airship piloted by a regular U. S. army pilot and carrying an observer will leave Langley Field, Virginia at eleven o'clock Tuesday morning, October first, arriving at the Rocky Mount Fair grounds at twelve-fifteen. Immediately upon arrival the officers will give an exhibition flight. The airship will remain at the

Rocky Mount Fair grounds until Friday night, October fourth when it will fly back to Uncle Sam's Aviation Base at Langley Field. Exhibition flights of one hour will be given by the officers each day. These flights will demonstrate what our boys are required to do in the way of fancy flying, such as Loop the Loop, Tail Spin, Nose Dive, Side Swings, Lallapaloozing, Point Landings, and other dare devil flying that may prove a necessity in time of actual conflict when meeting the German planes over the fields of France.

The United States army airships are a great deal larger than the regular aeroplanes and for the first time people in this section will have an opportunity of seeing the wonderful Liberty motor pushing one of Uncle Sam's fighting machines through the air at the rate of 125 miles per hour, and carrying an army observer.

In addition to the government airship, there is being constructed on the Rocky Mount Fair grounds a Y. M. C. A. hut that is an exact duplicate of the huts from which the soldiers are served in the front line trenches. The huts will be of regulation size, covered with sand bags, camouflaged, and equipped on the inside in the standard manner.

There has just been another ship load of war relics received in New York which will be turned over to the Liberty Loan organization of the Treasury department. The district Liberty Loan officials have promised that everything possible will be done to have a train containing these war relics on the sidetrack of the Rocky Mount Fair grounds at least one day during the Fair.

Without a doubt the exhibition of war relics and equipment shown at the Rocky Mount Fair grounds will be the reatest ever brought together at one point in the south. The government has also authorized reduced rates to the Rocky Mount fair from practically every town within 75 miles, in order to encourage the people to visit the wonderful exhibition.

WANTED:— At Once two lady clerks. Barnes-Graves Grocery Co. S-24-2tD

VOLUNTARY OFFER OF MUSIC

Dr. Shaffer has voluntarily offered his band of music for the Chamber of Commerce Luncheon and smoker this evening and this generous act is greatly appreciated by the members.

This band under the leadership of the doctor makes most excellent music and the meeting this evening will be greatly enhanced and more delightful on account of this added attraction.

LET MUSIC BRIGHTEN THE LIVES OF YOUR CHILDREN

After all, it's not the school training but the home atmosphere which molds the child. Children brought up in a cultured home betray that fact during their entire lives. It leaves a lasting imprint!

A home with any claim to culture is a home in which good music is enjoyed and understood. A child whose interest in music is fostered will become a man or woman who possesses a resource which makes for lasting happiness.

You want to give your children every advantage. That is just one reason why you want

The NEW EDISON

"The Phonograph with a Soul"

This wonderful instrument brings the best music right into the home; Re-Created by the world's greatest artists.

No matter where you live you and your children can have the same musical advantages that you would possess if you could take them to New York for the opera season.

Call at our store for a demonstration. And bring the children; they'll enjoy it too.

"The House of Quality and Service."

"Food is the weapon with which America must maintain a position in this war long enough to win. Saving wheat is the best personal contribution we can make."

LIVED IN GREEN COUNTY

We announced in the Times yesterday that William H. Horton who was killed on the front in France was from Wilson county after having secured at that time information which led us to believe that this statement was correct. Since that time we learn that he was a resident of Green county. Our sympathy is extended just the same to his bereaved and widowed mother who has the support of our heavenly Father who doeth all things well and the further sustaining assurance that her boy gave his life for his country and his fellowman, the highest and the best service that he could render. Therefore his name is numbered among the immortals to shine forevermore.

YOU HAVE GOT TO BELIEVE WHAT YOU SEE!

The Wilson Furniture Company invites and urges critical, personal comparison of values, because you've got to believe what you see.

You may be tempted by proclamations of price cutting, which seems almost incredulous, but when you sift down all the facts you will invariably find that you can buy most economically at the WILSON FURNITURE COMPANY.

The Wilson Furniture Co. makes no extravagant statements and flagrant claims—but we do aim to render sincere, helpful responsive service to every patron, first putting prsonality and critical care in all our selections and then by pricing our merchandise on the closest margin on which it can possibly be sold, by this or any other house.

VALUE IS THE TEST NOWADAYS!

For clothes, as for anything else, you pay more nowadays. And when you pay more you cannot afford to get less for the money. This is the big thing nowadays---value.

KUPPENHEIMER CLOTHES

haven't moved an inch from their old quality standards. Whether this is due to large organization with correspondingly large powers of purchase and production, or to the fixed superiority of Kuppenheimer design and tailoring, matters little. The point is that for anywhere from

\$25 TO \$60

you get more value in these clothes more quality, more distinctiveness, more wear. And if we had nothing more than this greater value to offer, a trip to our store would be worth your while. But we have more to offer.

Knox Hats, Boyden Shoes, Manhattan Shirts.

XTRAGOOD CLOTHES FOR BOYS

POLICIES OF THE NEW YORK LIFE

The Largest Life Insurance Company in the World

Premiums Waived and Annual Income Complete Disability
The new policies carry the protective idea further than mere protection against death. For a very slight extra premium Disability Benefits are added. They provide that if the insured becomes totally and permanently disabled before age 60 the policy premiums are waived. And not only that, but the insured receives an income equal to one-tenth of the face of the policy each year during his life, and at death the full face of the policy still becomes payable.

Permanent Disability Often Worse Than Death
The average man does not fear incapacitation through illness or accident for a week, a couple of weeks, a month, or even six months or more. There are very few who, if it were absolutely necessary to preserve their health, could not take a vacation for six months or even longer. But the average man, whether he breathes it or not, does have a well-grounded fear that as a result of some accident or a serious illness like tuberculosis or paralysis, loss of eyesight, insanity, or some other catastrophe, he may become totally and permanently incapacitated—a situation that is often worse than death.

The average person has no protection against disasters of this sort. Few are able to save money enough to retire; and of course in event of complete and permanent disability, their life insurance can help them only through the loan privileges, yet the policy cannot be allowed to lapse, and the struggle to live and pay the premium is often a tragedy.

Double Indemnity Benefit
For a small further payment the Double Indemnity feature may be had, providing that if the insured dies as the result of an accident within sixty days after the accident the beneficiary shall receive double the face of the policy.

This protection does not cease when the insured reaches age 60, but is continued as long as the policy remains in force, provided only that the premiums are paid.

A \$5,000 policy for instance becomes payable for \$10,000, and so on.

Accidents come so suddenly, are so common, and so inescapable, that a policy providing for double the face under such circumstances affords very desirable protection.
