DIRE DISTRESS

It is Near at Hand to Hundreds of Wilson Readers.

Don't neglect an aching back. Backache is often the kidneys' cry for help.

Neglect hurrying to the kidneys' aid. Means that urinary troubles may follow.

Or danger of worse kidney trouble. Here's Wilson testimony.

J. C. Hamilton, machinist, 514 E. Spruce St., says: "I had a bad kidney and it annoyed me a lot. The secretions were highly colored, kept me up often at night and my back was stiff and sore. The pains drew up to my head and I had terrible

headaches. I was awfully nervous and black specks would dance before my eyes, blurring my sight. My body swelled, too, and I was in misery. Doan's Kidney Pills were recommended to me so I got a supply at The Wilson Drug Co. and began taking them. I am glad to say, they entirely cured me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hamilton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CONFEDERATE SERVICE FLAG
Tulsa, Okla., Sept. 24.—A flag of honor linking the men who fought in the Confederate army with the present war in Europe will be unfurled

today at the opening of the twenty-eighth reunion of the United Confederate Veterans and the Sons of Veterans. It will be a mammoth service flag containing 167,000 stars, each representing one son of the Southland who is at present in active service. The flag will be presented to the Confederacy by the Colorado representation and the presentation will be the chief function of the opening session of the reunion which will be held by the Sons of Veterans tonight. The attendance by the Sons of Veterans is noticeably smaller this year than at previous reunions and the decrease in attendance is accounted for by the service flag and the men at the European front it represents. There

is not a camp in the entire South that is not represented generously on the new flag.

Prospective New Commander.

General T. M. Van Zandt, of Fort Worth, Texas, commander of the Trans-Mississippi department will be in charge of the proceedings in the absence of General Geo. P. Harrison, commander in chief, whose ill health prevented his attendance. General Van Zandt, in all probability will be elected commander in chief, it was generally conceded about headquarters. Louisville, Memphis and New Orleans are expected to invite the veterans to come there for the next reunion. Denver planned to urge that it be selected, but it is believed that the Colorado delegation will content itself with urging the visitors here, most of whom came from east of the Mississippi, to continue their present trip and include a visit to Colorado in their plans.

CLOTHING FOR BELGIUM

Stating Monday, September 23, and ending September 30 American Red Cross chapters throughout the United States are doing their utmost to collect 5,000 tons of durable cast-off clothing for the Commission for Relief in Belgium.

Ten million people, imprisoned in occupied Belgium and Northern France are in dire need of clothing, with the winter fast approaching. The Commission will take charge of the shipment overseas and distribution; the Red Cross chapters will have charge of the collection in America.

H. P. Davison, chairman of the Commission for Relief in Belgium, is asking every Red Cross chapter to assist in this undertaking.

The Kind of Garments Needed.

Every kind of garment for all ages and both sexes, is urgently needed. In addition, piece goods—light, warm, cotton flannel and other kinds of cloth from which to make garments for new-born babies, ticking, sheeting and blankets, woolen goods of any kind, and shoes of every size are asked for. Scrap leather is needed for repairing footwear.

Since the clothes will be subjected to the hardest kind of wear, only garments made of strong and durable materials should be sent. It is useless to offer to any afflicted population garments of flimsy material or gaudy coloring. Make the gifts practical.

Garments need not be in perfect condition. A hundred thousand destitute women in the occupied regions are eager to earn a livelihood, however inadequate, by repairing gift clothing and making new garments adapted to needs with which they are familiar.

An abundant harvest—a thankful heart—and safe reserves.

The 1918 food reserve is the only safe insurance for 1919 food supplies.

Conservation is the All-American job—an army of four million soldiers must be fed from this year's crop.

Food saving was at first a fad; then a patriotic service; now a habit.

Every sign proves that home-canners have reached the goal, 1,500,000,000 quarts. This by the way in-

dures the home pantry for the government needs most of the commercial pack for the army.

"Cash and Carry" savings equal the interest on a safe investment.

The sacrifice of the American home, added to the efforts of the American farmer, have removed fear from the minds of our Allies, for this year, at least.

The conservation of food demands of each individual enlightened fidelity joined to genuine patriotism.

It is as much the duty of the consumer to eat less as it is the duty to the farmer to produce more.

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS CHILL TONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.
