

The Choice of the Choicest Tobacco

None but the best leaf, cured by the natural action of sun and air, and aged by time in storage, finds its way into a plug of

BROWN & WILLIAMSON'S "SUN-CURED" CHEWING TOBACCO

It reaches you almost as nature made it, and it is natural to find it sweet and fragrant. It is thoroughly chewable, and skilfully blended with an amount of flavoring that seems to make it suit the taste of the average man.

Men take to the convenient "break" plug, which just fits the pocket. Try a plug for yourself to-day.

CHARLOTTE'S PROTEST POSTPONED FOR A DAY

Washington, Oct. 2.—The scheduled conference at the war department yesterday between Acting Secretary Crowell and a delegation from Charlotte was postponed until today because of the inability of Senators Simmons and Overman to get away from the senate yesterday afternoon. The senators, with Representatives, will make a final appeal to the war department today to make more use of Camp Greene and to station a larger number of soldiers there.

PROTECT YOUR COMMUNITY HEALTH

A quarantine sign is a membership card in the Golden Rule Club. It tells the public that you have something in your home that you do not want, and that you do not wish to spread.

It is a badge of honor signaling that the germs of some particular variety are within shooting distance, and to beware.

It is a wireless; telling of the submarine disease.

It is a flag indicating danger.

It should be hoisted at the first indication of danger, which means when even a "suspected" case of communicable disease occurs.

The suspected case should be quarantined as the surest and safest and easiest way of proving loyalty to the neighbors.

The disease rate of the soldiers both at home and in France is only about one-third of what it was for the same men before they became soldiers, that time not so far back when they were just private citizens.

This is true because diseases that are communicable are not allowed to run at large in the army. They are isolated, and so one man does not become the murderer of his fellow fighter. Quarantine works the same way in a civil community.

Germs are more deadly than the Germans.

One careless cougher increases

coffin sales.
Quarantine your coughs and sneezes behind your handkerchief.
Warn your friends and fellow citizens with a quarantine sign when your home is invaded by a communicable disease.
Play the game on the square. Help to save health and lives.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.
For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

AMERICANS ARE FACING STIFFENED OPPOSITION

With the American Army Northwest of Verdun, Sept. 20.—(By Associated Press.)—8 p. m.—The enemy greatly increased his resistance all along the American line today adding his stiffened opposition to the unfavorable weather which impeded the advance by making liaison difficult and transportation precarious. The opposition was heaviest on the right and left yet the American extreme left made good progress despite the stiffest kind of fighting against machine guns.

The units to the right, likewise had to contend with heavy machine gun and artillery fire from east of the Meuse. Reports indicate that the enemy is bringing up reserves, which will be in a position to operate in the Meuse-Moselle sector and is concentrating heavy artillery in the woods west of Romagne. Prisoners say that heavy machine guns are being placed along the Kriemheld defense line and in other sectors in this neighborhood.

The Germans are believed to be now using their reserves for reinforcements, but notwithstanding this the American attacks continued all day.

At the outset of the attack the line ran from the southern edge of Briailles and Cierges, from which the enemy had not been entirely expelled; thence to one kilometer south of Exermont, down to Apremont; thence southwest to a point opposite Binarville and from there westward to Binarville. It remained approximately the same at the close of the day.

M. Clemenceau, the French premier, was reported to be visiting the army in this sector today.

CHARLOTTE WANTS REAL CAMP

Washington, Sept. 30.—The city of Charlotte intends to make a final attempt to persuade the war department to establish a real army camp at the Camp Greene site. Prepared to argue that they prefer no camp at all to the one which now lies just outside Charlotte, a delegation of citizens, headed by Mayor Frank McNich, reached here today. They arranged to go to the war department tomorrow afternoon. Senators Simmons and Overman and Representative Webb will accompany the protesting delegation to see the acting secretary of war, Benedict Crowell.

It stirs every American heart

Who was not thrilled to read of the American soldier who supported a wounded comrade, and fought his way with the little detachment back through the Boches to the American lines?

That is only one deed of heroism among the many happening every day and looked on as a matter of course by the boys fighting for us over there. It shows the stuff that's in them. They are our own sons and brothers. Is the same stuff in us over here?

We have the opportunity at home to show our patriotism by other deeds of valor. We can fight and we MUST fight. And we must WIN, no matter how heavy our burdens may be.

Our former habits are the Huns we've got to battle with. We can't go on living as we used to. We can't go on spending our money for things we like. We must set up new standards—war standards—and stick to them—loyally.

From now on there can be only one standard for those of us who fight behind the lines—by saving and lending

We must buy bonds to our utmost

Stella-Vitae

THE GUARANTEED TONIC FOR WOMEN

Stella-Vitae has been in successful use in the treatment of those diseases peculiar to women for more than a third of a century.

For nearly ten years it has been sold under a plain, positive guarantee to benefit. Less than one bottle out of every one thousand sold has been refunded for, and every claim for a refund has been satisfied. Thousands of letters like this praising Stella-Vitae and telling of benefit to suffering women have been received.

Mrs. E. H. Russell, of Mill Springs, N. C., gratefully writes us as follows:

"I was in a most wretched condition; had palpitation of the heart and would swell and bloat in a most distressing way. When I began using Stella-Vitae I weighed 108 pounds. Now I weigh 135. I am more thankful than I can ever tell you for the great good this wonderful medicine has done me."

Mrs. Russell was at that critical period, the "change," and her sincere gratitude for the blessed relief will be understood and appreciated by every woman who reads her letter.

Stella-Vitae has proved a boon to suffering womanhood, to young girls approaching their first vital period, to women approaching the anguish of childbirth, to women approaching the "change of life." Stella-Vitae strengthens the female organs and promotes regularity in the monthly function.

No risk of loss is taken by any suffering woman who tries Stella-Vitae on our guarantee of the first bottle.

All dealers sell Stella-Vitae and will return your money if it does not benefit you. Don't put off a trial.

For sale by Burlington & Morrison.

APPLICATION FOR PARDON OF ERNEST S. LUCAS

Application will be made to the Governor of North Carolina for the pardon of Ernest S. Lucas, convicted at the May term of the Superior Court of Wilson County for the crime of larceny, and sentenced to the penitentiary for a term of eighteen months. All persons who oppose the granting of said pardon are invited to forward their protests to the Governor without delay.

This the 23rd day of September, 1918.

HILLER LUCAS,
Wife of E. S. Lucas.
