### SPOKE AT PICTURE SHOWS

Mr. Frank Hassell, Chairman of the Democratic Executive Committee has spoken at the Princess and the Globe theatres during the past two nights under the auspices of the Four Minute men of the city and made capital addresses, appealing to the people to buy Liberty bonds and help their government.

The audience at both places paid rapt attention to Mr. Hassell and were greatly pleased and instructed by his address.

### USE A SPRAY

Every one nowadays should use a spray. In fact it would be a good idea if everybody at all times would keep conveniently at hand an atomizer and keep it filled with some good cleansing preparation which can be secured from any drug store.

Dr. W. S. Anderson, who is an expert in the treatment of Catarrh and colds in connection with his work as an ear and nose specialist, in an interview today with the editor of the Times, advocates that method. The nose should be kept clean and this is the best way to bring it about and keep the mucus lining of the nose in healthy condition that it may properly function. When a cold appears it means that the mucus membrane is inflamed, and from the head it goes into the lungs and that means pneumonia and a breaking down of the lungs.

Spraying the nose and throat and laxatives to thoroughly cleanse the system are proper precautions for any cold and certainly at this time when the Spanish influenza is abroad in the land.

### MR. JAMES ANDERSON BETTER

A message received by Dr. W. S. Anderson from Mr. James Anderson in France states that he is better and another message that another son, Mr. Jesse Anderson is well.

### U. D. C. CONVENTION POSTPONED

On account of the Spanish influenza which is rapidly spreading over the State Dr. Rankin, Secretary of the State Board of Health, last night wired Mr. Thrash, State President of the U. D. C., the absolute necessity of postponing indefinitely the convention which would have been held in Wilson next week.

This is a great disappointment to the local Daughters who had everything in readiness and were looking forward with so much pleasure to entertaining the Division.

They are deeply grateful to the many Wilsonians outside the Chapter who were contributing most valuable service to the success of the convention.

**WANTED:**—Single man to work tobacco on shares and overlook balance of farm. Address Farmer, care Wilson Times. O-1-3tD

### SALES LIGHT TODAY

The tobacco sales are comparatively light today. But the prices are good. The farmers are taking care of the situation by not rushing their tobacco to market so rapidly. The better grades are bringing just as good prices as they were at any time this year but the dark and common grades are the ones that are off in price.

### THE BOLL WEEVIL HERE

Mr. J. A. Sykes showed us today what he claims to be a member of the genuine boll weevil family which ravages the cotton country to the south of us and has driven it from a great many sections of the south. He says that he is familiar with the pest and found the insect on a lady's shoulder. It is a small bug and has a long black bill which resembles a file and is the size of a large hair.

We asked him how in the world did he come so far and Mr. Sykes replied that he flew here and that he could fly very well indeed.
