TOWN TAXES DUE

This is to notify all that the 1918 town taxes are now due. Please attend to this at once. S-13-tf

SELMA VISITED BY

HEALTH OFFICIALS

Selma, N. C., Oct. 1.—United States public health officers yesterday called upon Selma, chatted with the station agent, the hotel proprietor, the cafe man and a part of the

citizenry and left with a book full of information that will go to Washington in connection with Major Kinyoun's recommendation that troops be not allowed to stop off at the Southern and Atlantic Coast Line Junction.

Before the report even gets type-written, Captain Waller, health officer in charge of the Camp Polk health zone, has been assured that remedial measures will have been taken in some degree. The officers found the sanitary conditions bad, a great many flies everywhere, numerous breeding places for mosquitoes near the station, and several other reasons why the troops are subjected to health dangers in stopping over. Captain Waller and Lieutenant Price also found the accommodations for the general travelling public very poor and unsanitary.

IMPORTANT NOTICE

Tax books for 1918-19 will come into my hands Monday the 7th of October. All taxes for the year 1917 unpaid on October 7th will be collected by process of law. If you do not want your wages garnished or your property advertised for sale, you have from now until Monday to pay it.

WAR INDUSTRIES BOARD

WILL FIX SHOE PRICES

Washington, Oct. 3.—The American people soon will be able to purchase shoes at fixed maximum and minimum retail prices, lower than those now prevailing and obtain at the same time shoes of better quality. This announcement was made yesterday by the war industries board on an agreement entered into with the shoe industry.

Under the agreement shoes will be standardized as to quality and styles at prices ranging from \$3 to \$12 for men and women groups as follows:

Class A, from \$9 to \$12; class B, \$6 to \$8.50, and C \$3 to 5.50. Proportionate prices for youth's and

children's shoes have been fixed in each of the three classes.

The board will check up on the quality of the shoes sold at each price by means of a class number stamped on it. Policing, officials explained, will be done by the various state departments of defense, and where the public is in doubt as to what quality it is getting according to the price scheduled, complaint may be made and the cost of manufacture traced.

While it is possible to purchase a shoe for \$3 now under the new schedule, the shoe at that price will be of higher grade. Officials also said that it will be possible to buy better quality shoes throughout the three classes at less money than at present. Shoes now retailing for as high as \$20 they said will retail for the maximum price of \$12 and be of at least equal quality.

Manufacturers, jobbers and retailers subscribed to the agreement and retailers will be required to sign a pledge containing the new price scale and display it in their shops. Failure to do so will mean the cutting off of supplies. The manufacturers' pledge provides for standards of quality at the quoted prices.

The cutting of shoes under the new schedule will begin October 15, and it is expected first deliveries will be made within from 30 to 60 days after that date. Time is allowed retailers to dispose of present stocks at present prices.

CHURCH SUPPERS

Church suppers can be very good things from a food conservation standpoint. Perhaps the least waste of food is accomplished by the cafeteria system where each helps himself to the food which he desires. By this time most people are pretty well trained not to take things which they will not eat. These menus from the United States Food Administration and may be helpful.

BITTEREST FIGHTING OF

WAR NORTH OF CAMBRAI

British Headquarters in France (Reuter)—The battle along the St. Quentin-Cambrai front was resumed Tuesday morning on a scale of ferocity unequalled in the present war. The Germans have brought up large reserves and are resisting and countering with desperate determination. The Canadians north of Cambrai are engaged against at least eight German divisions, (nearly 100,000 men.)

Joncourt was reported to have been taken early, with a large part of the Nauroy trench system. The Australians are working up the trenches of the Hindenburg system in the direction of Gony and have taken Estrees and an important hill ridge astride the Hindenburg line northeast of Bellicourt.

PLEASURE, FOOD

AND GAS MASKS

This is a big year for the small boy who goes a-nutting. A few short years ago he shouldered his basket or sack and started for the forest with no other purpose in mind than pleasure.

Then came the war and theory to save food so the small boy went to the forest resolved to bring home all the nuts he could for the sake of the food they contained.

But now a need, more directly concerned with life and saving than the meat from the nuts, confronts the small boys and girls of America. That need is carbon for the gas masks of our soldiers who face the deadly gas attacks of the enemy.

The shells of hickory nuts, walnuts, and butternuts which grow so plentifully in many parts of the United States make a very high quality carbon for gas masks, according to the government chemists who have been searching for the very best material to protect our soldiers at the front. No other nuts will do excepting Brazil nuts, which are imported.

Seven pounds of shells will produce carbon enough for one mask. If your children live near a wood, let them have at least one soldier's mask to their credit.

Miss Odessa B. Reid, daughter of Dr. Reid, graduate of Elizabeth Kink System is now prepared to do Shampooing, Manicuring, also Facial Massage.

Beauty parlor in the Carolina Bldg., second floor, Goldsboro St. Office hours 9 a. m. to 8 p. m. For white only.
S 30 6td eod

Each year many bushels of nuts go to waste in the woods for lack of some one to gather them. This year when walnuts, hickory and butternuts may serve a double patriotic purpose, none should be left on the ground or trees, as long as there are children together them. Whole nuts can be sent in, but it is better to take out the meats in order that valuable food may not be wasted.

The pits from peaches, apricots, prunes, olives, dates, cherries and plums and the shells of Brazil nuts walnuts and butternuts are the materials which the government chemists wish to use. Do not try to substitute other material which you think would be just as good.

The Red Cross is the only agency which will ship your collection to headquarters. Take your gleanings to them.

IT IS COMING TO WILSON

The circus that great-grandfather took grandfather to see is coming to Wilson Saturday October 12th. But it is a different circus in everything but the name. The John Robinson Circus, the oldest in the world, is coming here and it is coming with a twentieth century equipment, menagerie and performance.

The John Robinson Circus is now on its ninety-fourth tour of the nation and every one of these ninety-four years have been successful. Of course the start of the big circus was small, but as it grew in experience so grew it in size and quality. Today it is pre-eminently the most widely known circus in America. This season it tours the east for the first time in ten years, and it comes as a massive institution identified by its name as the best.

The performance is the fastest moving and most complete the circus has ever offered. It is presented by the most famous circus folk in the world. The menagerie is the largest owned by any traveling city and its elephants are famous throughout the world.

On show day tickets will be on sale at the Patterson Drug Co. at the same prices charged on the show grounds.

SOME WAYS TO THE TOP

When I am far away or somewhere in France, I hope that those at home will take time and think of us boys and pray, for I know that we are taking the chances of our lives. But when I hear my country calling me I think it is every man's duty to stand up for his Stars and Stripes and let his colors fly and be a slacker but be loyal to his country no matter what comes or goes, although we may all have sweethearts and our dear mothers that are left behind. But if we stand with God

FOUNDATION STONES

Foundation stones of any business are five: They are ENERGY, EFFICIENCY, THRIFT, HONESTY AND ACQUAINTANCE. This Bank offers you every opportunity to strengthen the character of your business in these respects.

and pray as we are at the firing line I know we will win the war.

Now it may be hard for some of us to leave our dear mother and our wives, but hold on and stand with God and take Him within our hearts we will have the victory of liberty.

Cordy Tillery.

Where is the coward who prates of peace?
The Hun threatens Paris, the Turk threatens Greece.
Who'll buy a Liberty Bond today?
The people come marching in proud array.
"I will take one, and I and I.
I'll save the money and buy and buy."

LIBERTY DAY

Saturday, October 12, is the four hundred and twenty-sixth anniversary of the discovery of America. President Wilson has proclaimed it Liberty Day and requests the citizens of every community in the United States—city, town, and countryside—to celebrate the day.

The President, in his proclamation, says:

"Every day the great principles for which we are fighting take fresh hold upon our thought and purposes and make it clearer what the end must be and what we must do to achieve it.

"We now know more certainly than we ever knew before why free men brought the great Nation and government we love into existence, because it grows clearer and clearer what supreme service it is to America's privilege to render to the world."

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and diseased organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. Gold Medal Haarlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water.

The oil stimulates the kidney action and enables the organs to throw on the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. Gold Medal Haarlem Oil will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of Gold Medal Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember Gold Medal brand. In sealed packages. Take them as you would a pill, with a small swallow of water.

We Sell Your Farm, City or Suburban Property At Auction

The Atlantic Coast Realty Company Produces Quick and Profitable Results

Our business is selling farm, city and suburban property by auction—that we know how is emphasized by the letters of appreciation we receive from every one of our clients.

We Subdivide and Sell at Auction All Kinds of Property With Satisfaction to Both Buyer and Seller.

Completely equipped with an efficient corps of publicity experts, accurate surveyors, energetic auctioneers and sales force. Our methods have won the confidence of the public.

Write for our representative who will come to you authorized to act. He will submit you a liberal contract. We guarantee satisfaction. Our booklet explaining our methods will be sent upon request.
