Owing to the rush in meeting the emergencies, we failed to keep an exact account of the cash expended before depositing in bank. It is also likely for the same reason, we might have failed to record all the donations. If any one who contributed has been left out of the list, we will be only too glad to make the necessary corrections. We did the best we could under the circumstances and I am sure you will pardon us for any discrepancies in this report.

It has been suggested that we use the \$88.11 left over to help purchase an automobile for the visiting nurse. We would be glad to have any other suggestions as to disposition of this fund.

Respectfully submitted,
L. J. SMITH,
Health Officer.

UNION WITH RUMANIA

Washington, Dec. 27.—A report reached the State Department from Jassy that the Bessarabian assembly, which last March voted for a union with Rumania with a liberal autonomy, had now voted for union without a reservation.

If the people of North Carolina would invest the ten Million Dollars that is estimated they will spend for Xmas gifts in War Savings Stamps, the State would sell its quany trouble.
