Specially during the twenty years since—
twenty years of the most extensive practice enjoyed by any specialist in this country. Dr. Hathaway's great and unifor u success is due to this individual system of treatment.

In spite of hundreds of requests yearly from doctors in all parts of the world, asking for the privilege of his remedies, as he is too well aware of the mischief which may be done by the unskillful use of any system, never mind how perfect. Dr. Hathaway's treatment for blood diseases in whatever stage cures all forms of ulcers, sores, blotches, pimples, etc., and not only rostores the skin and scalp to their natural condition, but eo purifies the blood that the disease is permanently and completely driven from the system and all this without administering poisonous or dangerous drugs.

Varioccele and and Stricture is a method exclusively his own and in 90 per cent of all cases results in a perfect and permanent cure. No operation is required and no pain or inconvenience are experienced by the patient. The expense of this treatment is much less than that of any operation, or hospital or institute treatment, and is both safe and sure, restoring the organs to a condition of perfect, normal health.

Eldemand for Dr. Hathaway has just prepared a new test question blank for those who have reason to suspect Kidney trouble and this blank he will gladly send free to everyone who sends him his name and address.

The demand for Dr. Hathaway's new has been free to anyone who sends his name and address to Dr. Hathaway's new for consultation and advice at either his office or by mail.

Cold Steel Or Death

"There is but one small chnace to save your life and that is through an operation," was the awful prospects set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow aundice. He didn't count on the marvellous power of Eletric Bitters to cure stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighes more and feels better than ever.
