He Know a Remedy for All Deviliry But the Rascals Wont Take it, They are Like a Horse with the Colic.

Rev. Sam P. Jones has recently given out a letter for publication on his arrival at his home in Cartersville, Ga., in which he says:

I arrived just a week ago after almost c as aut absence since the first of January, feeble in b dy and mind, with my constitution and by-laws both out of fix. I have teen farmto an over-worked man when he as work that is recoperating and help ful to him. I have spent several days in the hot boiling hot sun, in past four o'clock in the morning and

Among other things it troubles me There is hardly an issue of the newspapers but what is reporting the fact that some man has killed his wife or sweetheart and this afternoon l read that some girl had killed her lover. I never heard of lovers doing so many devilish means as they are and Noises in the Head by Dr. Nichdoing these days. I have heard it olson's Artificial Ea Drums, gave said that when love turns to hate it \$10.000 to his Institute, so that deal is as dangerous as a rattlesnake, but I can't see how love can turn to hate No. 9513.0. The girl that has the der they get up a lot of diviltry and per for June and July somebody gets killed. His malady was Yellow down preacher and lecturer, but I dont know what sort of medicine to give these devilish young people and Bitters, the wonderful Stomach and there are many of the old people got Liver remedy, and he writes "After the devil in them." I know a remedy the colic; when you drench him with emedies you have got to swing his head to a limb and put a long necked bottle down his throat, and he will hold it in his mouth until it strangles him almost to death and then maybe die with the drench cough at last, It is a mighty hard matter to get a dishonest min to take a good dose of Bible honesty; it is a nard matter to get a cussing rascal to pray; it is a mighty hard matter to get a liar to take a big dose of integrity that will cure him; but perhaps the hardest of

beyond remedies. When a fellow finds out what is the matter with him and finds out what will care him, if he doesn't take the remedy he deserves to die if it is a physical trouble; he deserves to go to the asylum if it is a mental frouble; he deserves to go to perdition it it is a moral trouble. I leave with wife and daughters for our Kentucky farm tomorrow. We will rusticate and be there a lew days and then I am off for my summe clautauqua work.
