Miss Mizell Replies to Mr. Spivey

Relative to The Bertie Union Academy

Mr. Editor.

I wish to inform the public through your columns, that Mr. J. W. Spivey rather exaggerated in his remarks of last week.

Miss Dillingham and myself did not give any concert in Northampton Co. We only gave one in Hertford Co.

One would infer from his letter, that we spent the summer in giving concerts advertising for the benefit of the Academy, and taking the money. If this is what he meant to insinuate he is greatly mistaken.

Only one of these concerts were posted for the benefit of the Academy.

Over five dollars was paid by my father to insure the building.

All the proceeds of the concert held here were handed over to Mr. Spivey, without any deduction of expense.

It was our intention, however we did not post it, to contribute more but unfortunately it rained at two of these recitals, and they were not a success financially.

I don't suppose Mr. Spivey has enumerated the expense of a concert. Doubtless he thinks our board traveling expenses etc. were given us free, also use of building which was usually one fourth of the proceeds. With all this Mr. Spivey thinks nothing has been given for the benefit of the Academy.

In the meantime I fail to see why I was under any obligations, as these concerts were given voluntarily, I am fully assured that a great deal more was given, than some of the Co-workers can boast of—as they term themselves. We can very readily see that Mr. Spivey is very unappreciative, and did not consider that one of the young ladies was not a North Carolinian. I am glad however, that she met some of our broad minded people, who appreciated her efforts.

It is well that she is not aware of this accusation for it is very humiliating to ladies of refinement, after our efforts to contribute something thousands would not be appreciated. For my part, it is immaterial since I know the writer personally and should not have replied but desired to state wherein the remarks are false. Thanking you kindly for this opportunity. I am,

Yours very truly
MATTIE MAY MIZELL

- A birth every eight minutes and twenty-seven seconds.
- A murder every seventy hours.
- A suicide every eighteen hours.
- A serious accident, necessitating nurses or physician's care, every four minutes.
- A fatal accident every five hours.
- A case of assault and battery every twenty six minutes.
- A burglary every three hours.
- A hold-up every six hours.
- A disturbance of the peace attract attention every six seconds.
- A larceny every twenty minutes.
- An arrest every seven minutes and thirty seconds.
- A fire every hour.
- An arrest for drunkenness every fifteen minutes.
- A marriage every twenty minutes.
- A case for the coroner every three hours.

A new building completed every one hour and fifteen minutes.

A railroad passenger train arrives every fifty-six seconds.

Sixty passengers, suburban and through, arrive every second at railway stations.

Seventeen thousand gallons of water a minute pass through the 1,900 miles of city water mains.

Situation Improved in New Orleans

But Bad in The Surrounding Counties.

Another doctor was stricken to-day Dr. Homer J. Depney who resides on North Rampart street, of the the deaths to-day all but one are Italians. One death occurred in the Emergency Hospital. All were down town.

Surgeon Von Ezdorf returned to day from Leeville and reported that while conditions there have been improved under the direction of the State Board physicians, there is nothing more to be done, but supply their need and allow the disease to run its course through the whole settlement.

The most interesting news from the country was by Dr. Crady, who made a through inspection of the plantation between Houma and Shreveport, in Terre parish, finding upwards of sixty cases, scattered among the Italians.

No new cases were reported from Mississippi City or Natchez. Gulfport reports three new cases and one death.

The report for to-day was favorable both as to new cases and deaths, while there was a diminution in the number of new disease centers to six the fewest reported on and day since August 8th, when the Federal officers took charge of the campaign against yellow fever.

Dr. von Ezdorf today returned from Leeville. He said conditions there were bad, but that since Doctors Marcour and Devron had arrived, the situation was improved. There are 475 persons in the settle ment and 175 are now sick. Between 20 and 30 deaths have occurred at Leeville since the fellow fever appeared.

JONNY ON TWIOS

When asked to write a short composition on some interesting experience, Jonny with much labor, handed his teacher the following:

"Twins is a baby, only is double. It usually arrives about 4:37 in the morning when a fellow is getting in his best licks sleepin'. Twins is accompanied by excitement.

When twins do ennything wrong, their mother can't tell which one to lick, so she gives it to both of 'em so as to make sure. We've got thins to our house, and I'd swap 'em enny day for a billy goat or most ennything.

Peace Reigns; Bloody War Ends

How Japan And Russia Arrived at Peace

When Japan submitted terms for peace to M. Witte and Baron Rosen, Russian envoys at the Portsmouth conference, her position was embodied in the form of twelve articles. The exact concessions by which peace was accomplished are stated below:

RUSSIA GRANTED THESE JAPANESE DEMANDS

Article I—Japanese protectorate over Korea.

Articles II and III—Obligation mutual with Japan to evacuate Manchuria.

Article IV—Obligation; mutual with Japan, to respect national and administrative entity of China.

Article VI—Leases of Port Arthur and Dalny and demision over Liaotung Peninsula.

Article VII—Confirmation of Japan's right to commercial and military foothold on Asiatic mainland.

Article VIII—Surrender to Japan of Chinese Eastern Railroad south of Harbin.

Article XII—Japanese fishing and trading rights in river Amur and along the Siberian coast.

JAPAN RECEDED ON THESE CLAIMS

Article V—Cession of all Sakhalin Island, now occupied by Japan by right of conquest, accepting from Russia cession of the southern half.

Article IX—Reimbursement for cost of the war—about \$500,000,000. punitive indemnity.

Article X—Surrender of Russian warships intered in neutral Far Eastern ports.

Article XI—Limitation of Russia's naval force in Far Eastern waters for fifty years.

Deaf mutes are always ready to take a hand in arguments.

WOULDN'T USE SLANG.

"I think it is shameful the way that girl spouts slang," said a pretty girl to a friend. "My, if I twirled my talker the way she does my blooming old dad would dust my duds till dust was thicker than flies in fly time!"

"You betcher brass and serve you right!" replied the other young lady. "My parents are sunflowers of the same hue, and if I should raw crack in my conversetion they would thresh the rosy cussidness out of my angelic anatomy quicker than chana lightning!" And they proceed to suck the juice out of a lemon through a stick of candy.—Kansas City Independent.

Leads His Class.

Answers every Question Correctly Best Paper Ever Handed In.

From The Virginian Pilot.

President George T. Winston, of the Agricultural and Mechanical College, is deeply gratified by the statement made to him by the justice of supreme court that Lieutenant Patrick Henry Winston, U. S. A., who was examined last Monday in the law class, answered every question correctly, and that he was the only applicant who did so, and further than that his paper was the best one ever handed in. Mr. Winston graduated at West Point and studied law at odd times while there, and then took a summer course at the state university at Chapel Hill. He goes next week to his post, Vancouver barracks, where his mountain battery is stationed. He is studying law in order to enter the judge advocate general's department of the army.

YELLOW FEVER IN ILLINOIS

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.
