

# Floyd

*Reflections on the flood of the century  
— six months into recovery*

Above, South King Street looking from Granville Street toward Dundee. Below, Granville Street from Queen looking toward King Street. (Photos by Jonathan Huddleston)

**20-25 inches of rain ...  
Two deaths ...  
Crops, homes, and businesses  
destroyed ...  
Millions of dollars in damage  
...  
Tears and sorrow, caring and  
sharing ...  
Two days in September that  
changed our lives forever!**

**This is the story of Hurricane Floyd  
and “The Flood of the Century” or,  
as some say, “The 500 Year Flood.”  
But it is also a story of tenacity,  
survival and optimism. We’re  
surviving and we’re coming back!**
