No warranties are made as to title or matters of survey. Further, in the event that there is a manufactured or mobile home located on the property, no warranty is made as to the ownership of the manufactured or mobile home. There are a number of factors that determine whether a manufactured or mobile home is real property and therefore part of the land, or personal property and therefore not part of the land and therefore not part of this sale. The County lists a manufactured or mobile home as real property simply if it satisfies the criteria set out in Section 105-273(13) of the North Carolina General Statutes. However, a person who wants to purchase such a manufactured or mobile home should also know what documents are filed with the North Carolina Department of Motor Vehicles or the County Register of Deeds. Record ownership of a mobile home may be determined by whether there is an outstanding title to the mobile home, if one was ever issued, and whether that title has been surrendered back to DMV. It is the obligation of the bidder to obtain these facts.
This sale is made subject to any right of redemption that the United States Department of the Treasury may have pursuant to 28 USC Section 2410(c). This sale will be made subject to all outstanding city and county taxes, and all local improvement assessments against the above-described property not included in the judgment in the above-entitled cause.
