## BABY FRETFUL, RESTLESS?

### Look to this cause—

Does your baby have nights when he fusses, tosses and seems unable to go quickly, quietly to sleep? Look for one common cause, doctors say. A constipated condition.

To get rid quickly of accumulated wastes which cause restlessness and discomfort, nothing is better than genuine time-proven Castoria.

Castoria, you know, is made specially for children's delicate needs. It is a pure vegetable preparation; contains no harsh drugs, no narcotics of any kind.

It is mild and gentle enough to relieve a young infant's colic pains, yet is an effective regulator for children of school age.

When your baby is upset and unable to sleep, or has a little cold or fever, it is a wise precaution to give him the gentle but sure regulative help of Castoria. With regulation come relaxed comfort and restful sleep.

Real Castoria always bears the name, Chas. H. Fletcher. It now comes in two sizes. The new family size contains about 2½ times the amount in the regular size.
