Baptist Church Notes

BY REV. EUGENE R. ELLER

The Baptist church in conference last Sunday night extended an invitation to the Rev. W. L. Griggs, of Charlotte, and Mr. John K. Blackburn, of North Wilkesboro, to return to Franklin for another series of meetings the last two weeks of November. The Christian people are urged to begin now to prepare the way for this meeting by spending much time in prayer. The way must be paved with prayer and consecration if we are to have the much needed revival.

There will be regular services at the First Baptist church next Sunday. The Sunday school forces are urged to keep in touch with each other and keep the school on the hearts of the people. If we have a vision of a great Sunday school, we will build a great school. The Sunday school will meet at 9:45 a. m. and the morning worship will be at 11 o'clock. The pastor will preach on the subject, "All Things Work Together For Good To Them That Love The Lord."

The Sunbeams and R. A.'s will meet Sunday afternoon at 3 o'clock and the B. Y. P. U.'s at 7 o'clock. Let us work and pray that we may not have a "summer slump" in our organizations. We are going fine but we must keep up faith and determination during these hot summer days when the cool of the mountains call us on every side.

The evening worship will be at 8:15 o'clock and the pastor will preach on "The Perseverance Of The Saints." This is a continuation of the series of doctrinal sermons which the pastor has been preaching for some months.

Beginning Monday night of next week Miss Maybell Starnes of the Baptist state department of young people's work will speak in the church each night, using the book, "Pilgrims Progress." This course will be open to the public and those wishing to do so may take the examination and get a B. Y. P. U. seal on the course. Miss Starnes will have charge of the mid-week prayer service. The pastor will be in a meeting at the Sugar Fork Baptist church next week.

Methodist Church Notes

By REV. Q. P. ADER

When a man brings his little boy or girl and joins the Sunday school, and joins in the worship service at 11 a. m., he helps the church in a substantial way; and he helps himself in a spiritual way. That is a twofold good.

Come to Sunday school at 9:30 a. m.

Join in the worship service at 11 a. m.

Pastor's sermon this Sabbath is especially addressed to young people who face their life work, and is this—"What Shall I Do With My Life?"

The young people's division of the church meets at 7 p. m. The boys' and girls' World club meets at the same hour.

"Jacob—The Cheat Wheat Changed Into Good Wheat," is the sermon-subject at 8:15 p. m.

Prayer service and Bible study in Acts 3, Wednesday 8:15 p. m.

Choir meets on Thursday 8:15 p. m. The goal music by the choir features the service on the Sabbath.

The Farmer's Question Box

Timely Questions Answered
by N. C. State College
Experts

Q—My pullets are not developing properly. There are a number that are undersized and seem to lack "pep." What is the trouble and what can I do to correct it?

A—The birds may have a heavy infestation of internal parasites or be suffering from chronic coccidiosis; they may be overcrowded or the ration may be unbalanced. To correct this condition all undersized and poorly developed birds should be culled and the pullets and cockerels separated. This permits more room for proper development and will eliminate the coccidiosis carriers. The ration should be supplemented with a plentiful supply of succulent green feed and, if this is not available, one per cent of biologically tested cod liver oil should be added.

the federal offset amounted to .88 of one cent.

Despite this low cost of county extension work, the agent is about the only human connection the farmer has with his experiment station, State college, and United States department of agriculture. More people are returning to the farms now that city jobs are scarce and more young people are remaining on the farms. This means that the county agent is needed now more than ever and it is false economy to dispense with his work.

This summer has been a zero time for news to print in this corner. News is something that has to happen and cannot be made in front of a typewriter. So why don't some of you brothers send in a small item or so, once in a while?

No Hope For Sub Crew

Hope has been abandoned for rescue of more than 60 men who went down with the French submarine Promethee off Cherbourg, France, last week and lies in 245 feet of water. Seven men, including the commander were thrown from the deck and saved when the ship lurched down.
