Increased machinery is largely responsible for this, especially on farms of more than 100 acres. Farms smaller than this do not benefit as much from mechanization as do the larger farms.

The corn belt has more tractors for its farms than the average for the country as a whole. There is 1 tractor for every 7 farms in the United States. Iowa and Illinois have a tractor to every 3 farms, Indiana and Ohio 1 in every 4, Michigan 1 in 5, and Missouri 1 in 10. One farm in 10 of more than 100 acres in the corn belt has a tractor-cultivator, while the same percentage has a corn-picking machine.

The State Farmers convention will be held at State college during the week beginning August 29. Warren W. Watson of Lake-Landling, Hyde county, is president of the organization.

Many New Books Listed At Highlands Library

Quite a number of new books have been purchased by the Hudson library book committee this season. These carefully selected books are judged by high standards and represent the best and most popular of the year's literary efforts. Some of the recent purchases are: Mary's Neck, by Booth Tarkington; Westward Passage, by Margaret Arcey Barnes; Basque People, by Dorothy Canfield; Captain Archer's Daughter, by Margaret Deland; Good Earth, by Pearl Buck; The Lord of Lonely Valley, by Peter B. Kyne; The Man from Sing Sing, by E. P. Oppenheim; Maid in Waiting, by John Galsworthy; Miss Pinkerton, by Mary R. Rhinehart; Shadows on the Rock, by Willa Cather; The Story of Julian, by Grace L. Hill; Goodbye Summer, by Fannie Heaslip Lea; Summer's Night, by Sylvia Thompson; Live Bait, by Ethel M. Dell; Loads of Love, by Anne Parrish; Worshippful Society, by John Galsworthy; Spawn of the North, by Barret Willoughby; Only Yesterday, by Frederick L. Allen.

The Hudson Library is now open every day of the week from 4 until 6 on Tuesday, Thursday, and Saturday afternoons and from 10 until 12 on Monday, Wednesday and Friday mornings.

The library, always popular, has proven even more so, this summer. Summer visitors as well as those who live here the year round are quick to take advantage of the literary benefits of the up-to-date little institution.

Officers Re-elected. The annual meeting of the Hudson library was held at the Smith cottage Thursday of last week. Old officers were reelected for the coming year. They are Mrs. J. J. Smith, president; Mrs. S. T. Martlett, vice president; Mrs. A. J. Salinas, treasurer; Miss Rebecca Nall, secretary. The trustees are Miss Marguerite Ravenel, Miss Minnie D. Warren, Miss A. Staub and Mrs. James A. Hines. Librarians are Misses Gertrude and Dorothea Harbison. The annual report of books lent and received was made showing progress both in the number of readers and the number of books.

Museum Displays Snake Which 'Plays' Possum

Unusual interest is being shown in the Highlands museum this summer. More than 50 visitors were received one day this week, reports Mrs. Joseph Beard, wife of the director of the Weyman Memorial laboratory. Mrs. Beard is in charge of the museum, which is open to the public on Tuesday and Saturday afternoons of each week.

Live specimens of reptiles, salamanders and plant life peculiar to this locality are on display in the museum and attract a great deal of attention. One of the most interesting exhibits is a live snake captured here which "plays possum" when stirred up. Rolling over on his back, he becomes perfectly stiff and ejects a bloody froth (a protective secretion) from his mouth, thus giving the appearance of a brutally killed snake! The herbarium, the mineral exhibit and the specimens preserved in alcohol also attract considerable attention.

'GYPSY TRAIL' HIKE ENJOYED BY GIRL CAMPERS

A number of the girls of Camp Parry-dise left Highlands Monday of this week for a "gypsy trail" hike—part walking, part riding—which took them to Cashiers, where they visited Camp Merrywood and spent the night at Hurricane Creek camp. Tuesday morning they went from Cashiers to Sylva, viewing Tuckaseegee Falls on the way and then to the Cherokee Indian reservation, spending the night in the open near Bryson City and returning Wednesday. The girls who enjoyed this gypsy trail outing were Misses Maretta Smith, Marie Beckett, Anne Allstaetter, Suzanne Pugh, Louise Dennis, Mary Harrison, Ruth Cotterill, Margaret Rankin and Sarah Horne. They were accompanied by Mrs. H. L. Parry, owner and director of Camp Parry-dise.

Highlands Team Wins One Game, Loses Another

The Highlands baseball games are still attracting good crowds. The game with West End Saturday ended 15 to 8 in favor of West End and in the Sunday game Highlands won over Honcamp, 10 to 6.

4 Births Reported in One Day at Highlands

The stork seems to be trying to have the time during these days of depression by carrying four babies on one trip! The population of Highlands was increased by that number on August 7, when a daughter was born to Mr. and Mrs. A. B. Potts, a son to Mr. and Mrs. Henry Baty, a son to Mr. and Mrs. Lester Talley and a son to Mr. and Mrs. Furman Vinson.

Large Still Captured On Shortoff Mountain

A forty-gallon still was captured on Shortoff mountain near Cowee gap Friday night. Five hundred gallons of beer in barrels were with the still. The beer was poured out, and the still taken into town by Deputy Sheriffs George Mallonee and Frank Leach, both of Franklin, and Chief of Police Ed Rogers, of Highlands.

Liberty School News

- I. James Whitcomb Riley's poems: 1. "Little Orphan Annie," by Lula Flowers; 2. "The Circus Day Parade," by Verna Shepard; 3. "The Name of Old Glory," by Troy Hurst. II. Helen Hunt Jackson's poems: 1. "The Golden Rod," by Edythe Rickman; 2. "October's Bright Blue Weather," by Birdie Leatherman. III. George Pope Morris' poems: 1. "Pocahontas," by Rebecca Dalton; 2. "Woodman Spare That Tree," by Paul Hurst. IV. James Russel Lowell's poems: 1. "Life," by Edythe Rickman; 2. "The First Snowfall," by Bill Elmore.

For the past three weeks we have been working on our school campus with the result that we now have a better baseball diamond and a larger area for the smaller children to use for play. We intend to make more improvements during the year. We are very glad to have had with us already this year the state health nurse and dentist. By their work and helpful suggestions we are trying to improve the general health record of our school.

POOR FARMER HARDEST HIT

His Income Has Dropped While His Taxes Have Sky-Rocketed

Here are some figures recently inserted in the Congressional Record Appendix bearing upon the plight of the farmer:

The National Industrial Conference puts the annual income of the farmer, eliminating the interest he has to pay, at \$730 per annum. As compared with other workers, outside of farming, the farmer is very much the lowest in the list. The income of other wage earners is as follows:

Table showing income of various workers: All workers \$1,256.00; Workers outside the farm \$1,415.00; Wage earners in manufacturing \$1,572.00; Transportation \$2,111.00; Clerical \$1,788.00; Ministers \$1,295.00; Teachers \$1,650.00.

The Bureau of Economics, Department of Agriculture, reports that existing farm mortgage indebtedness increased from \$3,320,470,000 in 1910 to \$9,683,526,000 in 1928, with a drop in farm land values from \$66,316,002,602 in 1920 to \$44,145,210,966 in 1931, a decline of \$22,170,791,636. The purchasing power of farmers in the same period was reduced 49.1 per cent. Farm taxes increased from \$100

in 1914 to \$266 in 1930. Farm income dropped from \$16,000,000,000 in 1919 to less than \$7,000,000,000 in 1932. The value of farm products, according to the Bureau of Labor Statistics, has fallen 52.9 per cent since July, 1929, while farm implements have fallen only 13.4 per cent. According to figures compiled by the National Grange, 682,850 farms were transferred as a result of foreclosure and delinquent taxes during the years 1926-1932.

Alamance county poultrymen are trying out the idea of growing pullets in summer range houses. Six new houses were built during the last week.

SARGON INVIGORATED HER ENTIRE SYSTEM

Tired, Rundown Feeling Gives Way to New Strength and Energy Declares Mrs. Carter.

"It's just wonderful the way Sargon toned me up and filled me with strength and energy," recently stated Mrs. E. C. Carter, of Rosemount, Charleston, S. C.

"For years I've been struggling along with a complication of troubles. I lost energy and became so weak and rundown I had to drive myself to the simplest tasks. I don't believe anybody could have had that tired, 'down and out' feeling any worse than I did. I had severe nervous headaches, and pains in my sides and back. My appetite was poor and I guess I've wasted a thousand times I could be real hungry again. I had trouble with my stomach too and often the little I did eat would put me in misery with indigestion.

"When I commenced taking Sargon I had no idea I'd start mending so soon! I felt better after the first few doses and it just looked like I gained ground every day, and now I'm filled with strength and energy. My nerves are better; I never have headaches or pains in my sides and back like I used to, and I sleep better than I have in years! I have a splendid appetite and eat anything I want to, without having a particle of trouble with my stomach.

"Several of my friends are taking Sargon now, after seeing what it did for me, and no opportunity shall ever pass by me to recommend this wonderful medicine!"

In all cases where constipation exists, Sargon Soft Mass Pills are a necessary part of the Sargon treatment. They should be taken daily in connection with Sargon until regularity of bowel movement is established. Then and then only should their use be discontinued. Sargon Soft Mass Pills do not act like any other Pills or laxative you have ever taken. Their action is directed to increase the production of bile by the liver. When this has been accomplished, the bile causes natural and thorough bowel movement.

Eager Appetite at Meal Time Sound, Natural Sleep at Bed Time, Sargon's Gift to Weak and Weary

"I feel justified in breaking the rule of a lifetime in letting my stamp of approval on Sargon. There are so many of our people who vitally need such a formula that I now for the first in half a century permit the use of my name to popularize Sargon." Why does a doctor of the standing of Dr. Walter R. George, 920 State Life Bldg., Indianapolis, after being retained to examine this formula, urge that his name be used to tell the sickly to give their systems the benefit of Sargon? It is a matter of record that physicians from everywhere now endorse the success of Sargon in such conditions as the following: Gas, headaches, bloating, paleness, nervousness and dizzy spells. Biliousness, heartburn, belching, poor digestion, sluggish liver, impurities which should be flushed out of kidneys, have been corrected in millions of cases. Pimply, sticky complexion, dull eyes and general weakness promptly take a change for the better when Sargon tends to promote sound, natural sleep, enrich the red blood of simple Anemia sufferers, relieve constipation and helps prevent auto-intoxication. What other medicine has so richly deserved the laurels both from physicians and the general public? Puff it by what they say. Give your own body all of the benefits Sargon and Sargon Soft Mass Pills bring. Sold by Perry's Drug Store.
