The people of this section are taking great interest in help being received through the welfare department, and we hope they will try to help themselves and others this coming year. We should be willing to help ourselves if we expect to receive help from others. If we are not willing to help ourselves we should not expect others to help us.

The live-at-home plan seems to interest quite a few in this community as they are clearing the briars from off the old hill sides, vacant for years. Each and every one should raise enough vegetables to supply their own needs. If every one would raise enough for their home use so many would not be "crying for bread."

Wishing the readers and The Press a successful year.

PREPARE FOR DEBATE

The Highlands debating teams are working for the coming contest to be held the last of March. Our teams will debate Stecoah and Murphy in the annual triangular debate.

Gneiss

A large number of people were at the Red Cross and Farm meeting at Pine Grove Monday. Mr. Lancaster and Miss Davis didn't fail to make plain the old saying of Abraham Lincoln, "Root hog or die." Or in other words, that there is no assurance of further Red Cross aid after June. So, friends, let's see who can have the best garden and fruits and vegetables canned for next winter. Your reward will be a happier, healthier household and less strain on brain and pocketbook—and, perhaps, on your doctor.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish, — no danger.

ILLUSION:

The Oriental girl reclines on a sheet of plate glass supported by two slaves. The magician waves a white sheet in front of the pretty maiden...pronounces a few magic words... Presto! She has disappeared in thin air.

EXPLANATION:

"Disappearing" acts are among the most popular in the repertory of the magician. Dogs, horses, girls, whole rooms disappear—whisked into wings, dropped through trapdoors, hidden by mirrors. But this "disappearance" is a bit different. One of the "slaves" is a hollow dummy. When the magician holds up the sheet the little lady disappears completely—into the convenient figure of the dummy.

IT'S FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW

There is also a trick of cigarette advertising, whereby a few magic words are used to create the illusion of "Coolness."

EXPLANATION: Coolness is determined by the speed of burning. Fresh cigarettes, retaining their full moisture, burn more slowly... smoke cooler. Parched, dry cigarettes burn fast. They taste hot. This makes the method of wrapping very important.

Improperly wrapped cigarettes begin to dry out as soon as packed.

Camels are cooler because they come in the famous Humidor Pack of welded, three-ply, MOISTURE-PROOF cellophane...and because they contain better tobaccos.

A cigarette that is fresh, full of natural moisture, and blended from choice, ripe tobaccos tastes cooler than one that is harsh and acid. For coolness, choose a fresh cigarette, made from costlier tobaccos.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Try Camels...give your taste a chance to sense the difference. You'll appreciate it!
