You Can Buy CHEAPER In Franklin

Get Prices From Local Merchants Before You Order By Mail . . . It Will Save You Money

There is something fascinating to some people about ordering goods from a catalog . . . but it is a costly kind of thrill as the following incident will illustrate:

A lady who was walking down Main street stopped in front of the window of a local dry goods store and remarked that a spring coat on display was exactly like the one she was ordering from a mail-order house. The merchant overheard her, persuaded her to examine the coat and sold it to her at a lower price than she would have paid the mail-order house.

While talking to the lady the merchant learned that she also intended to order a suite of furniture from the mail-order house. He suggested that she hold up the order until she had examined furniture on display in a local store. The result was that she purchased the identical suite that she had planned ordering from the mail-order house from a local furniture dealer at a saving of several dollars.

Thousands of dollars leave Franklin and Macon county every week for merchandise that could be bought here at home at a LOWER PRICE. Don't let the thrill of ordering from a catalog lead you into paying a HIGHER PRICE!

Lock around at the local stores before sending your order to a mail-order house . . . learn that you can buy BETTER GOODS at a LOWER PRICE right here at home.
