### SHIP OWNERS KNOW

it's cheaper to paint than repair!

Large numbers of property owners have delayed necessary painting—waiting for better times. Now, like able owners, they have found that it's cheaper to paint than repair.

Don't delay painting your property any longer—save costly repairs by painting now. Do it economically by getting some KURFEES HIDE-KOTE, the semi-paste paint for outside or inside use. One gallon of HIDE-KOTE makes over two gallons of paint—you mix it and save money. 16 distinctive colors. See us today—we carry a complete stock!

#### BY REV. N. C. DUNCAN

Not all of the experiences of this life are hard or sad; many of them are glorious and glad. There is much beauty and goodness in this world, and in this life, and we can devoutly hope that these treasures will be carried over into the life to come. The following from Lida Davis Jones is worth passing on:

When I shall be called to make That inevitable, silent crossing I shall beg to linger—

While I look indelibly on scenes I have loved long and passionately.

And I would carry them Like sweet incense Within my heart—

The glory of dawn and twilight, The quietude of starry nights, The clasp of friendly hands, The tender voice of love . . .

Then as my bark forsakes familiar moorings

I will go, taking these memories I have loved, So that Heaven's beauties Seem not too strange.
