

SOCIAL ACTIVITIES and COMINGS AND GOINGS

MISS HOOD IS BRIDE OF J. J. MOORE

The following account of the Hood-Moore wedding is from the Atlanta Constitution:

The marriage of Miss Martha Lucile Hood to Joseph Jackson Moore, of Franklin, N. C., was solemnized Wednesday evening, July 12, at the home of the bride's parents, Mr. and Mrs. J. R. Hood, in Lawrenceville, Ga. Rev. J. O. McNeil, pastor of the bride, performed the ceremony.

The improvised crescent-shaped altar was arranged in the living room and was banked with ferns and southern smilax before which stood graceful floor baskets filled with pink and white gladioli.

Preceding the ceremony a program of nuptial music was rendered by Mrs. William Hinton, pianist; Miss Gertrude Crane, of Buford, soloist, and William Barron, of Winder, violinist.

Master Lamar Hood and Master Robert Kelley, nephews of the bride, held the ribbons forming the aisle through which the bridal party passed. Tapers were lighted by Miss Mattie Hood.

Mrs. Paul V. Kelley acted as her sister's matron of honor. She wore a model of blue sheer crepe with white accessories and carried an arm bouquet of pink gladioli. Paul V. Kelley, Jr., nephew of the bride, carried the ring on a pink satin pillow.

The lovely bride entered with her brother, John J. Hood, who gave her in marriage. She wore an ensemble of navy honeycomb crepe, the dress fashioned with a cream lace yoke and puffed sleeves. Her hat and other accessories matched her gown and she wore a shoulder bouquet of sweetheart roses and lilies of the valley.

Mr. Moore had as his best man Paul Carpenter, of Franklin, N. C. Following the ceremony an informal reception was held. Mr. and Mrs. Hood were assisted in entertaining by Mrs. R. P. Hood, of Cleveland, Tenn.; Mrs. H. L. Hood and Miss Myrtis Kelley.

Mr. Moore and his bride left for a wedding trip and upon their return will reside at Franklin, N. C.

THE MASTERPIECE OF TIRE CONSTRUCTION

EVERY FIBER
EVERY CORD
EVERY PLY IS
BLOWOUT PROTECTED
BY *Gum-Dipping*

BLOWOUTS are caused by frictional heat generated in the fibers of the cotton cords in a tire. Firestone is the only tire built with every cotton fiber saturated and coated with pure rubber—to prevent destructive heat. This is one of the reasons why Firestone Tires have been on the winning cars in the 500 mile Indianapolis Race for 14 consecutive years—the world's most severe blowout test.

Rubber has gone up 242%, cotton 115%—substantial tire price increases must follow. We will give you an attractive allowance for your old tires on new Firestone High Speed Tires.
