MRS. W. W. SLOAN ENTERTAINS U. D. C.

The U. D. C. chapter met with Mrs. W. W. Sloan for the December meeting on Monday of this week.

After a short business session, at which attention was given to the Christmas packages to be delivered to Macon county veterans when they come for their pensions December 15, and also the gifts for the veterans' widows at the home in Fayetteville, the meeting was turned into a social program.

Mrs. Sloan had arranged a game of a jumble of words which had to be constructed into one sentence using the name of a Confederate officer and the name of a member of this chapter. Mrs. A. B. Slagle was awarded the prize for the most clever sentence.

Mrs. Sloan served a tasty salad in apple cups with little cheese biscuits, toasted pecan meats and raisin wafers with coffee.

The treasurer, Mrs. Mamie Rogers, reported money on hand after the chapter had answered every call from the state organization during the year, besides looking after our veterans' interests at home. The chapter has not missed a meeting a single month since the organization about five years ago. The Macon county chapter made a name for itself the first

year of its existence by putting on a centennial celebration that attracted two thousand or more people. The January meeting will feature the birthdays of Lee and Jackson.

CAMP F-9 WINS AT BASKETBALL

Defeat Georgia Team in Season's Opener at Clayton

C. C. Camp N. C. F-9 opened its basketball season with victory as the boys of Company 405 overcame a strong quintet from C. Camp Ga. F-6 at Clayton, Ga., when the two teams clashed Tuesday night in the old Clayton school auditorium.

Playing bang-up ball in the first period the Franklin boys ran rough-shod over their opponents to lead at the half with a score of 18 to 3. However, in the second half of the game the local boys came back strong and tallied 17 points to the visitors 8, giving the small number of fans a thrill of expectancy until the F-9 players tightened their guard and were content to play safe until the final whistle ended the game in their favor.

Ryland (Office Boy) Johnson played excellent ball, getting the tip-off on each center toss and leading the floor work with his guarding and quick passing. Scoring honors were equally divided between Strother and Johnson, both having 8 points to their credit. At right forward Thompson was a high light of the game, ably assisting his team mates in the attack. For F-6 Driver was outstanding in every department of the game as he led in scoring and floor work.

B. E. Wilson and family have moved from the Horne residence on Harrison avenue to an apartment in the Porter building over the old Chevrolet Garage on Main street.

Precious Watershed Burned Over

Southern California's "precious watershed," valued at more than \$4,000,000, went up in smoke when a 40-mile desert wind sent a small brush fire, burning under control on La Crescenta hills, raging through 4,000 acres of heavily timbered watershed. Scores of beautiful residences and mountain cabins were completely destroyed while hundreds of families fled down the canyons in the night with all the valuable possessions they could carry. The photograph shows ruins in the wake of the conflagration.

3 about Cigarettes

Not so long ago practically all cigarettes were made by hand

Now, Chesterfields are made by high-speed machines that turn out 750 cigarettes a minute, and the cigarettes are practically not touched by hand.

BY the use of long steel ovens—drying machines of the most modern type—and by aging the leaf tobacco for 30 months—like wine is aged—Chesterfield tobacco is milder and tastes better.

Only pure cigarette paper—the best made—is used for Chesterfield.

And to make sure that everything that goes into Chesterfield is just right, expert chemists test all materials that are used

in any way in the manufacture.

Chesterfields are made and packed in clean, up-to-date factories, where the air is changed every 4½ minutes. The moisture-proof package, wrapped in Du Pont's No. 300 Cellophane—the best made—reaches you just as if you went by the factory door.

In a letter to us, an eminent scientist says:

"Chesterfield Cigarettes are just as pure as the water you drink."
