Designed in sizes: 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 44 requires 5 1/2 yards of 35 inch material and 3/4 yard of contrasting.

A Slimming Ensemble

Pattern 8315. Jacket ensembles hit the high note of the season, and are in great demand for the fall days when it is too warm to wear a coat and too cool to go without. This style has been designed for the larger woman. Notice how the double points on the skirt slenderize the hips. The contracting yoke repeats the lines of the skirt, and with the flattering V neckline, lessens the width of the shoulders. Of course, the length of the jacket adroitly conceals the tendency to wider hips, and gives a willowy silhouette.

This ensemble may be made in plain or printed crepes, satin or sheer woollens. The dress may be made with long or short sleeves. This pattern is so easy to make that the larger woman can make this at home with complete satisfaction in its style and fitting.

NUDIST REPORTED IN HIGHLANDS

Highlands folks as a rule consider themselves fairly modern, but a rumor of a nudist in town is startling to say the least—especially when the rumor has it that the nudist is a man who snooped around Sunday evening peeping in windows of an occupied house almost in the center of town. This rumor has not been verified, and if some readers are disappointed in not getting a glimpse of our latest sensation, please remember that rumor, as defined by Webster, means a mere report.
