Designed in Sizes: 1, 2, 3, 4 and 5 years. Size 4 requires 2 1/2 yards of 35 inch material.

Pattern 8330: Little children love to dress in gay, new frocks and go to a party. Such a frock is the one sketched. It is gay and becoming.

The yoke and puff sleeves are cut in one with the panels. There are not many pieces in this pattern, though the effect of the panels, in front and back and repeated at the sides is quite complicated. The gathered sections of the dress which are sewed into the yoke at the top and along the panels at the side edges are simple to sew.

A narrow band finishes the sleeves and the dress is opened on the shoulders, with buttons and buttonholes. Printed silk or taffeta would be sweet in this design and quite party-ish.

Hundreds of people took advantage of our marvelous bargains at the opening of this sale Friday and on Saturday it was all we could do to wait on customers. Everybody in Macon County and many from adjoining counties seemed to appreciate the unusual values we were offering. We take this opportunity to thank them for their business and the kind things they have said about us.

We wish to urge those who already have bought from us during this great sale to visit us again, and to invite those who have not yet seen our bargains to come in and look around. This is a splendid opportunity to stock up on winter supplies of clothing, cloth goods, shoes—anything in the dry goods line. We have a tremendous stock on hand and we have got to sell it in a hurry to meet bills due the first of the month. That's why we have cut prices so low. This is no sham sale; we have actually reduced prices. We had to. Come in and see for yourself.
