

U. S. LAUNCHES BABY CENSUS

Government Seeks Complete Record of all Births

RALEIGH, Jan. 23. — "Register Your Baby." This admonition is the slogan of a campaign Uncle Sam will conduct in every county in North Carolina during the next few weeks, going into every city town, village, community and th ruralside in an effort to get a complete record of every baby born in the state during the past 12 months.

State laws require that every doctor or midwife who attends a mother at a birth make a report of such birth and this is usually done. On occasions, however, midwives, particularly, and doctors occasionally fail to make the proper report with the result that there is no permanent record of the birth, and no birth certificate is later available. And many times, during the life of the average man, it becomes important, even vital, to establish his age.

The federal government is attempting to complete the records of births of babies throughout the United States and is calling upon all parents in North Carolina now to aid in this compilation. The campaign is being conducted by the United States bureau of the census, through the North Carolina state board of health and with the aid of the North Carolina emergency relief administration.

Early in February the bureau of the census, with the aid of the postoffice department, will distribute to every family in the state a card on which a few simple facts are to be filled in, and the card dropped in a mail box, without postage. The principal effort is to get all parents to whom babies have been born within the past year to fill in these cards and mail them. This simple act makes sure that the child reported is then properly recorded and a certificate of birth will be easy to secure. A complete response to the call is sought.
