SOUTHERN RAILWAY SYSTEM

World's Newest Big Show To Be Near Here

The world's largest circus, traveling on three trains of double-length steel railroad cars, with 1,080 people, 5 herds of elephants, 812 menagerie animals and 500 horses will exhibit in Asheville Wednesday, Oct. 23, and throughout this section plans are perfecting for the attendance of every man, woman and child—so it seems—at one of the performances.

Everybody wishes to see the Cole Bros.-Clyde Beatty Circus this year, which recently returned from a triumphal five year tour of Europe, and it is a foregone conclusion that the world's largest tent, seating 10,000 persons, will be filled to the last chair afternoon and night. Six rings and stages and the hippodrome track, to say nothing of the vast maze of the earth's foremost arenic talent—four hundred acknowledged kings and queens of daring, grace, skill and incredible agility. Fifty clowns will project ten times that number of mirth waves. Countless new foreign features and innovations new to America are introduced on the gigantic program of the World's Newest Big Show this year. Clyde Beatty's gigantic trained animal exhibition will be presented in the main performance.

Throughout circus day the three gigantic tented stables of the Cole Bros.-Clyde Beatty organization will be open to the public free of charge. Here lovers of fine horses may view at random hundreds of the world's most beautiful thoroughbreds. Perfect specimens of almost every known strain will be found in the big show's great free horse fair which also includes a congress of tiny Shetland ponies to delight the little folks.

One of the largest, finest and costliest street parade will be seen at 11 a. m. Hundreds of horses, five herds of elephants and two caravans of camels from the great desert will be seen. In the picture-

BETTY STEPHENS AND TILLIE, FAN DANCING ELEPHANT

esque line of march will be more than three score elaborately carved and gilded allegorical floats, tableau wagons and open dens and cages displaying the Clyde Beatty menagerie. Doors to the big show and the menagerie will open at 1 and 7 p. m. The big shows start at 2 and 8 p. m. General admission seats are provided with comfortable foot rests.

Government Planning Aid For Low-Income Farmers

Over 50,000 N. C. Families Are Included in This Group

RALEIGH, N. C., Oct. 16.—Special efforts are being made by the Resettlement Administration to aid low-income farmers in North Carolina, according to Homer H. B. Mask, of Raleigh, Regional Director of Rural Resettlement for the states of Kentucky, North Carolina, Tennessee, Virginia and West Virginia.

"There are more than 50,000 farm families in North Carolina that have a gross income of less than \$400 a year," Mr. Mask said. "This small sum includes the value of what is used at home for food and feed, as well as what is sold for cash. With such limited incomes, it is difficult for these farm families to buy the food items that are necessary for a healthy diet, and virtually impossible for them to acquire land of their own."

Seek Permanent Benefits
"In extending aid to these people," Mask continued, "it will be the policy of the Resettlement Administration to seek permanent rehabilitation of the borrowers by establishing them on farms which, together with other available employment, will yield income enough to make them self-sustaining, give them an acceptable standard of living, and permit amortization of their loans."

Those eligible for loans, in addition to those recently registered as borrowers from State Rural Rehabilitation Corporations, include: farm owners, farm tenants, farm laborers, share croppers, or persons who were recently in any of the foregoing classes, and other persons with farming experience who are or were recently on relief rolls.

The eligible list also includes those who are in default in payments to a Federal Land Bank and are in danger of foreclosure and eviction, and those who are in default to the Farm Credit Administration or its agencies, or have been denied credit by it. The list is still further broadened to in-

clude those found by the Resettlement Administration to be similarly in need of aid, and authority is given to regional directors of Rural Resettlement to accept other persons consistent with the purposes that guide Resettlement work.

"Those accepted must have initiative and resourcefulness, some managerial capacity, and ability to profit from instruction and guidance," Mr. Mask said.

Low Interest Rate

The loans will bear 5 per cent interest and be payable in two to five years, depending upon the character of the goods and earning capacity of the borrower. Purposes for which loans may be made include: material for repair of buildings and fences; farm machinery, tools and household equipment; livestock; refinancing of mortgages on personal property when it is found impossible to make other equitable adjustment; participation in community cooperative associations, whether existing or to be established; rent on land; labor or professional services; farm supplies and repair items; breeding service; subsistence goods such as food, fuel, and clothing; tares.

Loans to pay debts secured by personal property will be allowed only when the amount and rate of interest are excessive, and must be preceded by adjustment with creditors.

Loans for purchase of real estate are not yet provided, but are expected to be announced shortly.

Monuments to Faith

The "Little House of Divine Providence"—a home for the sick and destitute—in Turin, Italy, is a monument to faith in humanity. It was started more than 100 years ago with four beds. It takes care of 10,000 inmates at a cost of more than \$15,000 a week. Yet every cent that it has received in its history has been voluntarily deposited by benevolent souls in a money box stuck in the wall near its front door.—Collier's Weekly.

Elephant Light Sleeper
The elephant, by reason of its size and strength, might be expected to enjoy at least ten hours' sleep. Not so, however, for it seldom has more than two or three hours' rest at a time. It seldom lies down and spends the greater part of the night in restless shuffling and oscillations.

Getting Up Nights

If you suffer from Getting Up Nights, Nervousness, Leg Pains, Swollen Joints, Distress, Headaches, Loss of Pop, Burning, Smarting, Itching Acidity due to functional Kidney or Bladder troubles, try the Doctor's guaranteed prescription Cystex (Siss-tex). Must bring new vitality in 48 hours, and satisfy completely in 3 days or money back. Guaranteed Cystex costs only 30¢ a dose at druggists.

Nov. 15-22-29

Mashburn Branch
Cullasaja
Higdonville
Ellijay

SUGARFORK
Dec. 2-9-16

Walnut Creek
Buck Creek
Pine Grove
Gold Mine

This vaccination treatment is a preventive of typhoid fever. It is given FREE to all the people of Macon County, regardless of age, who will meet the physician at the places and dates here given. Three trips to the school house in the various districts may be the means of saving a long spell of sickness and it may be life. In some sections of Macon County a few cases of typhoid have been reported. You never can tell when you may be infected. VACCINATION gives IMMUNITY for from one to three years. It costs only a little time to be on the safe side.

It is the expectation of the Boards of Commissioners, Education, and Health that not less than 10,000 people in the County will be vaccinated this time.

From the nature of the case it will not be possible to tell the exact hour at which the doctor will arrive. He will follow this schedule: He will get to the first school house on the list in each group by or soon after 8:30 A. M. Eastern Time. He will proceed on to each school in that particular group as rapidly as he can. For example: In the first group given, he will begin at Oak Dale about 8:30 A. M. then Burningtown, next Morgans, and last at Tellico, and so on through all the other groups. If he should fail to reach some schools which are last in their group before school closing time, 4:00 P. M., the people should wait till he arrives. The schedule given here will be followed exactly.

M. D. BILLINGS, Supt. Schools and Secy. Co. Board of Health.
October 10, 1935.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

A Religious Stereopticon Show

"Ten Nights in a Barroom" and Bible pictures of "Last Things—The End of Time—Death—Judgment—Paradise—Helper of the Needy and Suffering Souls—Crucifixion—Hell etc." will be presented at the Courthouse in Franklin, N. C., at 7 P. M. Monday, October 21.

Our shows are put on to build sentiment against crime, the whiskey, wine and beer evils, in favor of righteousness in an all round way.

Friends, come and help us build this sentiment by accepting our low admission fees, as follows:

Ministers and their wives, and children under five years old, free.

Children over 5 years old and under 12, 5 cents.
All persons over 12 years old, 20 cents.

PLEASE BE ON TIME
