

Lake Emory

BY LUTHER ANDERSON
COOPERATION OF
READERS ASKED

We are making an effort to report the events of real news value in this area. We ask your cooperation. Items given me by Monday, I can turn in Tuesday, which gives time for their publication that week. If two girls should visit on Sunday afternoon, that is not news. If Rev. Mr. Blank preaches at his regular time and place, that is not news. If some one is seriously ill, if your friends from afar visit you, if some of your people really go places at some distance, if a former resident who has relatives here should die, or figure in some event worth while, turn in the facts. Glad

to have them. Don't expect everyone's name to appear in print each issue. Don't expect news when there is none. But lend us a hand, give us real news, then subscribe for The Press and help support a good lively, clean publication in your county.

We shall soon have our people recalling the old doggerel: "I'll tell you what, it's pesky hard When you can't go into a neighbor's yard To say, 'How be you,' borrow a pin, But what the paper will have it in."

NORTON-STEWART

It is with pleasure we report the marriage of Mr. Charles W. Stewart, of Otto and Lake Emory, and Miss Bess Norton, of Otto. The happy event occurred Monday

afternoon, June 8, at the parsonage of the United Methodist church, Prentiss, the Rev. J. B. Tabor officiating.

Mr. Stewart has held a position in the operating department of the Nantahala Power and Light Co. for the last three years. Miss Norton is one of the popular teachers of Macon county. Their future plans have not been announced, but a new cottage being erected at Lake Emory has excited some curiosity hereabout. The writer extends the congratulations of the numerous friends here.

The friends and relatives of Jesse Downs planned a pleasant surprise for him Tuesday of last week. When he came in for the noon meal the party had gathered, bringing the makings of an excellent birthday dinner, all except the candles. The occasion was enjoyed by all. Jesse was pleased by the whole affair—even by the omission of the candles. What is the use of burning candles in daylight? And curiosity might have led some one to count them. "Everything was just right," says Jesse.

A box supper at Oak Ridge school house Saturday night netted the sum of \$30. This will be used for the benefit of the local ball team.

The ladies of Ridgecrest Baptist church are in a drive to raise funds to buy a piano or organ for the church, the old organ being out of commission. Good program is reported. For a small country church, the Ridgecrest Choir, under the leadership of Prof. Austen Snyder, ranks well in comparison with others in Macon county. A good instrument will arouse greater interest and be of decided benefit to the choir.

Clyde Downs, Gordon Smith, and other observant farmers, on being interviewed, express the opinion that the extreme dry weather has already injured the potato crop beyond recovery. The wheat crop will be greatly reduced, but corn may yet make a fair yield.

Mrs. George Reid, Sr., has been very ill at her home on Route 4, but is somewhat better at this writing.

Clinic for Cripples To Be Held June 20

The regular monthly crippled children's clinic for the counties of Jackson, Macon, Swain, Graham, Clay and Cherokee will be held at the high school in Bryson City on Saturday, June 20, beginning at 9:30 a. m.

Dr. John T. Saunders, orthopedic specialist of Asheville, will, as usual, be the examining physician. J. H. Clippard, assistant state rehabilitation supervisor, will attend the clinic in the interest of securing vocational rehabilitation and training for cripples over 18 years of age.

The clinics are sponsored by the Rotary clubs of Bryson City, Sylva, Franklin and Andrews, and the Lions club of Murphy.

John L. Orr, of Bryson City, is chairman of the clinic, and Mrs. H. C. Hart is secretary. Further information may be obtained from Mr. Orr and Mrs. Hart, or from any member of these Rotary clubs and the Lions club at Murphy.

Episcopal Women Plan Two Rummage Sales

A rummage sale will be conducted Saturday, June 13, and again on Saturday, June 20, in the Monday building on Main street, formerly occupied by the Farmers Supply company. The Woman's Auxiliary of St. Agnes' Episcopal church will be in charge. Many useful articles of clothing and household goods will be offered for sale. The proceeds will go toward defraying the expense of re-wiring the church.

Recreation Program

By T. J. O'NEIL
Supervisor of Recreation

PROJECTS

Recreation projects are under way in seven communities in Macon county. Community meetings, in which young and old participate, have been held in four of the seven communities. Plans have been made to hold these meetings each month.

TRAINING SCHOOL

A weekly training school is being held for those who are in charge of the recreation work in the county. The object of the school is to aid the workers in worthwhile activities in the way of educational and recreational work. Arts and crafts, singing, playing games are a part of this training.

PLAYING WITH A PURPOSE

Playing with a purpose is becoming more and more popular. An opportunity to play is the birthright of every person, especially of every child. Joseph Lee once made the statement that "the boy without a playground is father to the man without a job." A safe place to play is also the birthright of every child. Every school should have a safe and well equipped playground in connection with the school plant. How many schools in our county have such? Several are on the way. How about your community?

COMMUNITY ACTIVITIES

Iotla—A rhythm band is being conducted by Mrs. Wade Moody. The band has played at several entertainments. A community singing and recreation hour was held at the home of Miss Irene Sloan.

West's Mill—An art class is being conducted by Miss

more. Paper cutting, songs are being taught by Grace Pierson.

Franklin—A nature class will be conducted by T. J. O'Neil. This class will meet on at 3 p. m.

Highlands—A kindergarden been conducted by Hines.

Hickory Knoll—The attendance at Hickory Knoll the work is conducted by Grace Moffett, is 15 and 14 mothers.

Watauga—Miss Maud is carrying on the work of activities in the community.

Coweta—Work is being done at Coweta under the direction of Mrs. Eva Carpenter.

Tellico

Bill Fisher, from up here, has been in this section prospecting for mica minerals. Mr. Fisher is headquarters at Judson.

Mrs. Edd Byrd, who has been sick for several days, is now improving.

Jess McGaha and Lowell, N. C., are visiting here. Gaha's parents, Mr. and Mrs. M. McGaha.

The PWA road project at Stiles postoffice to You is reported to be nearly completed.

Miss Ruth Ramsey, who has been attending a business college in Missouri, is now back at her parents, Mr. and Mrs. Ramsey.

Harley Cabe and Carl of Franklin, were guests at the home of Mrs. Robert Ramsey.
