

Home Demonstration Club News

BY MRS. T. J. O'NEIL

Macon County Home Demonstration Agent

Mrs. Ed. Byrd, as outgoing president of the county council, has been appointed program chairman for the following year. The council passed a ruling that officers could serve only one year. In this way new leaders will be trained to carry on the work of the Home Demonstration clubs.

4-H CLUBS

At present there are 10 organized girl's 4-H clubs in the county. The school principals have given wonderful cooperation in this work, as has M. D. Billings, county superintendent of schools. Were it not for this cooperation, club work would be of far less value.

Following is the county plan of work for 4-H clubs for the year:

A study of parliamentary law through participation in conducting club meetings.

A project in self improvement. 4-H club girls realize that in the game of life personality wins about 85 per cent of the battle. What more profitable project could be pursued? In New York, business schools and colleges deem this subject so important that they train their students in posture, dress and personality improvement that they may the more easily obtain positions in the business field. Very often an excellent student fails to secure the desired position due to lack of proper posture, style or personality. A bad temper overcome early in life means smoother going in later years.

A project in clothing. Aside from the study of style, line and design, clothing selection, etc., each girl will make three articles this year. Many of the club girls have already completed one article.

Posture and health. Every club girl is keeping a record of health and posture. The aim of the girls is to acquire as near perfect posture as possible by the end of the year. Eating and health habits are part of this project.

Recreation is part of every club program. The clubs have their own game and song leaders who conduct this part of the program. Recreation grounds have been started in several communities. It is hoped that these may be greatly improved during the coming year.

You should see these girls and also boys get up impromptu plays, give demonstrations in table setting, introductions, and different points of etiquette. They think on their feet and express their thoughts.

Hobbies are being developed. An interesting part of the program for the coming year is embodied in the following words, copied from the radio program by the department of education, "Have You Heard." At each meeting an interesting fact is presented by a member of the group, thus broadening knowledge and also developing the art of conversation.

Visit one of our 4-H clubs and see what the young folks are doing. These clubs are theirs; they run them and help plan them. They have started somewhere and they are going to arrive.
