THE NEW CHEVROLET is a modern car with PERFECTED HYDRAULIC BRAKES

Chevrolet's Perfected Hydraulic Brakes are unbelievably soft and easy to operate—always dependable—always safe and positive in action.

Chevrolet's exclusive double-articulated brake shoe linkage assures a full contact of the brake lining with the drums when brakes are applied.

Pressure tested tubing and heavily armored piping transmit braking pressure from the master cylinder to the four wheel cylinders, which exert their pressure to expand the two brake shoes—assuring perfect equalization.
