

Home Demonstration Club News

BY MRS. T. J. O'NEIL

Macon County Home Demonstration Agent

Home Demonstration club work has entered its second year in Macon county. It would be impossible to tell of all the work accomplished in our first year. I will only say: the clubs, county and state, are well pleased with our record.

At the January meeting of the county council the following subjects were decided upon for 1937.

- Food and Nutrition
- Curb Marketing
- Home Beautification
- Home Gardening—Recreation

1st—Food and Nutrition. In most farm homes there is an abundance of home grown food, if the housewife only knew the nutritive value of food so as to make a daily menu to get the nutrition needed for the members of her family. This is taught in the community club meetings which are held once a month.

2nd—Home Beautification. Home beautification does not mean the spending of a large sum of money as so many seem to think. It only means the taking of what you have at hand and using it to the best advantage. Such as, fixing up the yard by pruning and thinning the shrubbery, fixing the walk, steps, etc., if you are planning on painting, selecting the colors best suited to harmonize with the landscape; and knowing how to arrange each room so as to give best effect in promoting comfort and happiness.

3rd—Curb Market. This is a place for club members to sell their eggs, chickens, cream, jelly, jams, cakes, pies, pork products, hams, vegetables, etc., for money to help with the family budget.

4th—Recreation. I believe recreation is the least understood of our projects. I shall not attempt to explain it as that would take too much space. Will only say, whoever thinks the child is the only one who needs recreation is sadly mistaken. Psychologists assure us that adults who have not had training in their youth need to be taught how to fill their leisure with inter-

est. Every person has a natural talent, however slight, toward some worthwhile hobby. Recreation will help each one to find time to do some of the things he has always wanted to do but did not know how to go about doing them. I ask you as a club woman to try to interest your neighbor, especially young mothers, to join our club and get the benefit of the demonstrations given by our home agent. Let each club member determine to do more this year than last, as we have a long time goal—a bigger goal, and some day we will be proud of a state with roadsides and community property, as well as the farm homes beautifully kept.

We can accomplish this if we live up to the aims of our home demonstration clubs which are to make the world a better, happier place for our fellowmen, then we will be worthy of our heritage of the Old North State.

Mr. and Mrs. E. J. Carpenter were dinner guests of Mr. and Mrs. J. C. Higdon Sunday.

Mrs. Joe Johnson has returned from the hospital, having had a finger removed on account of infection from what appeared at first to be a slight injury.

W. C. Hyatt, who is employed at Canton, spent Sunday at his home here.

Lon Thompson, who has been working at Marion, is at home for a few days.

Jesse Thompson, who has completed a job at Charleston, S. C., is sojourning at home. The Thompson boys will be found underground, working in tunnels or on the surface, going from one job to another.

Mr. and Mrs. C. C. Saunders and son, George Lewis, of Canton, spent the week-end with relatives here.

Carl Tippitt is home from the CCC camps.

Mr. and Mrs. J. N. Downs are spending this week with relatives at Sylva and Canton.

Mrs. O. V. Mincey and Mrs. Arthur Mincey have returned from a trip to Morganton.

Next Saturday afternoon has been selected as a date for further work on the grounds at Ridgecrest church. There is yet much to be done. There is work for all who may come. Come on out and finish the work before Jim Berry comes after you. Jim tore the word "quit" out of his dictionary when he was a school boy.
