BIRTHDAY SHOWER GIVEN MRS. MARTHA GOTTWALS

HIGHLANDS, May 5.—A surprise birthday party was given Mrs. Martha Gottwals at her home here by friends on April 28, her 83rd birthday. Mrs. Gottwals, one of Highlands' best beloved ladies, thoroughly enjoyed the tribute paid her by her many friends. A beautifully decorated birthday cake, furnished by some of the guests, was served as well as a cake which Mrs. Gottwals herself had made. Delicious punch accompanied the refreshments. Between the hours of four and six the guests called, each taking Mrs. Gottwals some useful present.

SATULAH CLUB TO BUILD CLUB HOUSE

At a special meeting of the Satulah club held last Tuesday afternoon, it was definitely decided that the club would start at once on the building of a club house and gymnasium.

The building is to be erected on a lot belonging to the club near

the residence of Carl Zoellner.

The cost of the building is estimated at about \$6,000. Mrs. Frank Bloxham is chairman of the committee which will have charge of the work.

NEW SEATS BOUGHT FOR SCHOOL THEATRE

One hundred new seats have been purchased for the Highlands School Theatre and are being installed this week.

The seats are fully upholstered in dark red leather in modernistic design and are of the type used in the best city theatres.

The seats were bought from the National Theatre Supply Co., of Charlotte, and cost \$900. They will be paid for out of profits.

Mr. Summer has secured M-G-M pictures for the summer season, including many of the greatest hits of recent months.

Mr. and Mrs. E. A. Ryder, of Decatur, Ga., have purchased a two-acre lot on Main street from Joshua Rogers.

ARMY BANS FALSE TEETH FROM BIRDMEN ALOFT

WASHINGTON.—Little did the Wright brothers know what discomforts their flying machine ultimately would bring to army flyers.

Now come the army flight surgeons with an order that all army aviators wearing false teeth shall dispense with them before taking flights. The surgeons figure the army's air dikes have a tendency to cause false teeth to jump from pilots' mouths.

The trouble is the teeth don't always jump out. When they drop down the aviator's throat he is likely to choke to death.

"Well, Sam, I see you're back for fighting with your wife. Liquor again?"

"No, sah, Jedge, she licked me dis time."
