

Oak Dale

SUNDAY SCHOOL MAKING GREAT PROGRESS

Our Sunday school is progressing nicely under L. P. Roper as superintendent, and Howard Willice, assistant. Mark Bryant and Harry Ray teach the adult class; Mrs. Leila Wild, young people's class; Mrs. Bill Huscusson, and Carl Baldwin, intermediate; Jud Wild, juniors; Miss Lolita Baldwin, primary, and Mrs. Roby Roper, the card class.

CHILDREN'S AND MOTHERS' DAY NEXT SUNDAY

We are planning a children's and mothers' day program next Sunday, May 16, and everybody is cordially invited, especially the singers. Everyone bring a class. There will be preaching in the morning by the pastor, Rev. T. D. Denny. Dinner will be served on the grounds, and the program will be given in the afternoon. Bring a basket and plenty of money, as a collection will be taken for the benefit of the church.

There were several of our folks attended preaching at Burningtown Sunday.

Mrs. H. P. Ray and son, Glenn and family, of Iotla, and Mr. and Mrs. Crawford Poindexter, of Canton, were dinner guests at E. M. Ray's Sunday.

Mrs. Lawrence Roper is able to be out again.

Mrs. E. M. Ray's condition is very much improved.

The people of Oak Dale certainly appreciate what the WPA is doing on our road. We hope some day to have a good road.

Mr. Jim Wild came up from Lawrenceville, Ga., to spend the week-end with home folks. He returned Sunday.

Miss Lucy Bateman, of Kyle, was visiting her sister and grandmother here last week.

Misses Jessie and Ina Dean Roper, who are attending school at Cullowhee, spent the week-end with their mother, Mrs. Arlesia Roper.

Miss Maude Rowland, who is staying at Dillsboro, was visiting home folks Sunday.

L. P. Roper, who is staying at Wayah Bald lookout, spent Sunday night with home folks.

Frank Cabe made a business trip to Franklin Saturday.

Maxine Evitt, of Highlands, spent Monday night with Edna Wilson. Miss Lilly Cabe was in Highlands shopping Friday.

Andy Wilson spent last week-end visiting relatives at Clear Creek.

Furman Vinson and Columbus Vinson, of Dillard, Ga., were in this section Sunday.

Tom Wilson spent the week-end at Scaly.

Frank Cabe and Tom Wilson were in Highlands Saturday on business.

The dietary importance of foods with a high calcium content such as milk is shown by an experiment reported to the Pennsylvania Department of Agriculture. At the end of 22 weeks one rat deprived of calcium weighed 91 grams and a second rat fed on an abundance of calcium weighed 219 grams.

SPECIAL SALE

Uncle Jim Says

By planting trees on poor, hilly land you can stop gullies and produce future income.

Drives Million Miles Without an Accident

More than a million miles of automobile driving without an accident—that is the record of Paul Robert Merlin, French world war hero, now an American citizen and resident of Santa Monica, Calif.

Merlin credits his perfect record to obedience to traffic laws, and especially his refusal to speed. "Careless and reckless driving is so unnecessary," he said. "Speed seldom benefits any driver. I have driven my present car, a Chevrolet, for 40,000 miles, and have never missed an appointment, although I never drive at a greater rate than the law allows.

"Possibly there are times when high speed or irregular driving seems necessary," he continued, "but in my opinion these exceptions account in large part for the staggering traffic toll America is paying. It is unfortunate that re-

latively few motorists should endanger the huge majority of drivers who are careful and obey the law in every way."

Merlin, who became a citizen nine years ago, was wounded by machine gun fire while carrying dispatches between the French army Sixth Division headquarters and an isolated Engineer Corps outpost in the first Battle of the Marne. After discharge from the hospital he saw active service again for the duration of the war.

His record of more than a million miles of accident-free driving was built up under circumstances ranging from ordinary to most unusual. For the past 15 years he has been employed as driver by a large Pacific Coast company; but during and after the World War, because of his driving ability, he was selected as personal driver for General Pershing, General Petain, Andre Tardieu, David Lloyd George, Venizelos of Greece and many other notables. For two years he drove throughout Europe and Northern Africa, in charge of a tour group.

Merlin, president of the Los Angeles Colonie Francais, was decorated for bravery in action and received a citation, from General Petain for valor under fire. In spite of his record of courage and physical fortitude, he fears the foolish driver.

John Stotzer, a Swiss dairyman of Tuscarawas county, Ohio, has an imported Swiss bell on each of 40 cows, and the Ohio farmer relates that, in the evenings when they are turned to pasture visitors come to the farm to listen to the meody of the bells which have been harmonized.

Everything imaginable has been used in writing wills, but one of the oddest ever recorded was tattooed on a human back.

The first known geographical dictionary is that of Stephen of Byzantium who lived in the sixth century.

U. S. GOVERNMENT BUYS 16,697 WESTINGHOUSE REFRIGERATORS
for greater 10 year economy

Low operating cost of Westinghouse Refrigerators—enabled Westinghouse to win the largest refrigerator order ever placed, from the U. S. Public Works Administration Housing Division. These refrigerators were bought for PWA's slum clearance and low-rent housing projects on the most economical basis Government experts could find... If a Westinghouse Refrigerator will save money for the Government, it will save money for you!
