Home Demonstration Club News

BY MRS. T. J. O'NEIL

Macon County Home Demonstration Agent

Ten boys and six girls were taken to the Swannanoa 4-H Club Camp Monday, July 12, and returned to Franklin Friday, July 16.

During the stay at the camp the boys and girls received valuable information and instruction in both working together and playing together. Mr. Rufus Page, assistant forestry specialist, taught tree identification. Mrs. Evans, home demonstration agent, from Jackson county, taught leaf printing. Mr. Herman Hickman, State college football coach, gave swimming instructions. One morning was spent going over the Swannanoa test farm. One afternoon was spent at the Asheville Recreational park. Soft ball was played almost daily. Swimming was permitted three times daily. Games were played each night after supper. Thursday night was taken

up with stunts, beauty contest, and ugliest boy contest. Macon county girls won first place with their stunts.

All the boys and girls had a most enjoyable time and every one expressed the desire to return to camp next year.

The following are articles written by girls attending camp, showing their impression of the camp:

THE TRIP TO CAMP AND BACK

By Betty Jane Waldrop

"The trip to the camp seemed to be a very enjoyable one except some cars were a little crowded. The cars left Franklin about ten thirty Monday morning, July 12, and arrived at camp about two o'clock Monday afternoon.

The boys and girls from Macon County went in cars, while the children of Clay County went in a school bus, and those from Jackson County went in a truck. The cars from Macon were driven by Dr. O'Neil, Mr. Brown, Mr. Alexander and Mr. Mendenhall. They all returned to Franklin early Monday except Mr. Mendenhall. His car was very safely locked up. He left the key in the car and locked the key inside. It couldn't be opened until Dr. O'Neil went back to camp Friday morning and took Mrs. Mendenhall's key to the car. It was a good joke on Mr. Mendenhall.

All the cars from Macon stopped in Sylva to see how the children from Jackson County were going and to give them a little information about getting to camp. Most of the boys and girls of Jackson County went to the camp on a truck. The rest went in the Clay County school bus. Most of the cars stopped in Waynesville to get dinner. The rest passed on but stopped in Asheville.

Mr. Alexander reached the place to turn off the main highway first, so waited there for the rest.

The truck from Jackson County returned to Sylva and then went back for the children Friday morning. Dr. O'Neil and Mr. Mendenhall and John Cunningham drove back to Franklin. As no one stopped much on the way back, there is nothing more to tell about the trip."

WORK AT CAMP

By Katherine Gray

"A number of 4-H club members from Macon, Clay, and Jackson counties went to Swannanoa to camp. While there we had an enjoyable time. We were divided into four groups. Number one washed the dishes, number two packed the dishes and cleaned the dining room, number three cleaned the grounds, number 4 cleaned the bath houses. We all took turn about.

Each night we played a game. Monday we played 'Steal the Bacon,' Tuesday, 'Pop Says,' Wednesday we had a scavenger hunt, Thursday we played 'Brother from England.'

MY TRIP TO RECREATION PARK

By Katherine Young

"The most interesting thing to me was the animals at the Zoo. We saw all kinds of animals there. And the things I enjoyed most were the merry-go round, and riding in little cars. As we were riding in the Ferris Wheel, we could look out the window and see the people in swimming. Sometimes it would stop while we were on top. If any of you ever are in Asheville, or anywhere near Recreation Park, I wish you would go and see it.

THE TRIP TO THE TEST FARM

By Emma Lou Hurst

Clay, Jackson and Macon 4-H club boys and girls visited the State Test Farm while camping at Swannanoa. At the test farm they told how to feed the cows, how much each cow needed and told how they fertilized the pasture. We saw how they used and incubator. When the chicks are thirty-six hours old, they put them in a brooder house and begin to feed them.

STUNT NIGHT

By Marion Moody

Friday night was stunt night. The stunts were all very interesting. Macon County was the winner. Our stunt was a miniature chorus.

We cut small dresses from crepe paper and sewed them on a white curtain. Then we cut slits for our heads, hands and feet. Three girls put their heads through the slits and put shoes and stockings on their hands and put them through other slits for their feet, while three other girls got behind them and put their hands through for hands. Then we sang, danced and did actions to several songs. Also on Friday night we had a beauty contest for the prettiest girl and the ugliest boy. Clay and Jackson were the winners in this contest. Macon won the song contest both nights. Mr. Hickman, the camp director, who weighed about 230 pounds was so light that he could not keep himself under water. You should have heard the crash when Myra Slagle fell from her upper bunk to the floor.

From all of us to all of you 4-H club boys and girls—go to camp next year. You missed it.

West's Mill

Mr. and Mrs. Calvin Wadsworth and two sons, Calvin, Jr., and Billy Bryson, returned to their home in Saginaw, Mich., after spending 19 days here visiting relatives and friends.

Mrs. E. B. Rickman, of Woodrow, is visiting her brother, Grover Sheffield, and Mrs. Sheffield.
