This is huckleberry time. I wonder how many housewives use these berries in a variety of ways. To can huckleberries:

Pick over and wash berries. Sterilize jars. Pack berries in hot jars and cover with either thin or medium syrup which is boiling hot. Seal and process in hot water bath for 25 minutes, being sure that the water covers the jars and is boiling.

Thin syrup—one part sugar to three parts water.

Medium syrup—one part sugar to two parts water.

Huckleberry muffins:
2 cups flour
¼ cup sugar
¼ cup fat
1 egg
4 teaspoons baking power
½ teaspoon salt.
2 cups huckleberries.

Cream butter and sugar together. Add beaten egg, beat until light and fluffy. Add milk, flour and baking powder sifted together, berries which have been mixed with ½ cup of the flour. Mix thoroughly, but do not beat. Cook in greased muffin tins at 400 degrees for 25 minutes.

Huckleberry gingerbread:

Cream 1-3 cup of butter with 1-2 cup sugar, add one well-beaten egg and 2-3 cup molasses. Beat well. Sift 1-2 teaspoon soda, 2 cups flour, 2 teaspoons ginger, 1 teaspoon cinnamon, 1-2 teaspoon salt, 1 teaspoon baking powder twice, reserving 1-2 cup of the flour to mix with the berries. Add 1-2 cup sour milk and sifter ingredients to first mixture, add berries, stir well, put in greased pan and bake in moderate oven about 1-2 hour.

Through an error, the article written by Myra Slagle about the bunk house at 4-H club camp was omitted last week. The article follows:

THE BUNK HOUSE AT CAMP
By Myra Slagle

We had lots of fun at 4-H club camp. The place we slept in, we

called the bunk house. Above the door on a piece of scrap wood was written—Black Jack Inn. There were 36 girls in all who slept in one large cabin. There were six girls from Macon county. Fence wire on frames, with straw ticks were our beds. There was an upper bunk and a lower bunk. The home demonstration agents slept in the cabin with us. I slept in the upper bunk. One night I fell out of it but I did not hurt myself.

We all hope more go next year.

Vacation Bible School Will Close Saturday

The Vacation Bible school, which has been in progress at the Morrison Presbyterian church on the Georgia road, will come to a close on Saturday, with an all-day picnic at Mrs. C. A. Lowry's.

Approximately 70 pupils have been enrolled in the school, which has been under the direction of Mr. Boyd Underwood and Miss Lucilla White, special workers for the summer under the religious educational committee of Asheville Presbytery. In addition to these workers, Miss Frances Riddle, of Columbia, S. C., Miss Lucy Gray, of Franklin, and Rev. and Mrs. J. A. Flanagan, have assisted in the work of the school.

The school work has been divided into the beginners, primary, junior, intermediate, and young people's departments with a special course of memory work, singing, recreation, and instruction in the Bible for each department. A number of children have gone from Franklin to attend the school.

Commencement exercises will be held on Saturday morning at the all-day picnic. A demonstration of the work done will be given. Certificates to those who have had good attendance records, and work satisfactorily done, will be awarded, and a picnic lunch provided by those who attend, will be enjoyed. The afternoon will be used for recreation and fellowship.

We wish to say a word in regard to the improvement on the Jones farm. Since this farm has gone into the hands of G. A. Jones there has been great improvement in soil and buildings, roads, etc. It is now a farm that any community should be proud of.

Just a word in regard to the CCC camp here. This camp has ideal behavior, and we are proud to have them. The road, hard-surfaced and well graded to the Cowee tower, is something to be appreciated when compared with the road we have had heretofore. The tower built on top of the Cowee mountain, near the Big Laurel, is something to be proud of, too.

Colored School to Open Monday, August 2

The Chapel colored school will open Monday morning, August 2. Every pupil in the county should be present and enroll. Each one should bring all of his old school books and exchange them for new ones in case of necessity. It is important that all old books be brought in.

It is also important that every

pupil be enrolled and attend every day, if we would maintain a four-teacher school. It is earnestly hoped that all patrons will cooperate to this end.

R. B. Watts, ex-principal.
