## READY TO BRING YOU RELIEF IN MINUTES

### THE REASON BAYER ASPIRIN WORKS SO FAST

Drop a Bayer Aspirin tablet into a tumbler of water.

By the time it hits the bottom of the glass it is disintegrating.

This speed of disintegration enables genuine BAYER Aspirin tablets to start "taking hold" of headache and similar pain a few minutes after taking.

YOU can pay as high as you want for remedies claimed to relieve the pain of Headache, Rheumatism, Neuritis, Sciatica, etc. But the medicine so many doctors generally approve—the one used by thousands of families daily—is Bayer Aspirin—15¢ a dozen tablets—about 1¢ apiece.

Simply take 2 Bayer Aspirin tablets with a half glass of water. Repeat, if necessary, according to directions.

Usually this will ease such pain in a remarkably short time.

For quick relief from such pain which exhausts you and keeps you awake at night—ask for genuine Bayer Aspirin.

## BIGGEST CIRCUS FEATURES 'INDIA'

Mighty Ringling Bros. and Barnum & Bailey Present Hosts of New Internationally Famed Features, Following Enactment of Most Opulent and Artistic Opening Spectacle In History.

The Ringling Bros. and Barnum & Bailey combined circus, known the world over as The Greatest Show on Earth, making its 1937 tour with a seven-ring-and-stage program of which it is unusually proud and featuring a new and dazzling introductory spectacle, India, will positively exhibit in Asheville, Sunday, October 24.

With 2,000 people and animals participating in its brilliant pageantry, India fills the world's largest big top with moving color, flashing gems, costly habiliments, gorgeous robes and headdresses, rare fabrics, ornate floats, dazzling banners in a panorama of ineffable beauty. It surpasses all previous spectacles in every respect—in cost, in color, in splendor and in immensity.

This year the Ringling Bros. and Barnum & Bailey agents have been amazingly successful in contracting outstanding foreign attractions and features. The circus great of the entire world are with The Greatest Show on Earth. The famous William Heyer of Holland and his wonder horses; the celebrated Magyars, Europe's largest and most thrilling somersaulting troupe; the great Aloys, sensational aerial upside down glider and flier; the Lolita family of aerial thrillers; the Maysy-Brach troupe of lofty unicycle acrobats; the Qualtieros, airplane sensationists; the Cleveres, acrobatic whirlwinds—these are but a few of the top flight new acts from abroad. The Naittos, with Nio, only girl somersaulting on the tight wire; the Yacopis, The Uyenos, the Maschinos, the Yom Kams, the Cannestrellis, the Walkmirs, the Antaleks, and the Torrence-Dolores are European stellar groups, as are the Wallendas, the Loyal-Repenskis, the Rieffenachs, the Walters, Mlle Gillette and the great Rudy Rudynoff.

The Concellos, the Comets, the Randolls, the Rooneys, the Belmonts, the Melbournes, the Fioretas and the Palméros head the great aerial displays. There are 800 performers in the five rings, on the two stages, in the air and on the quarter mile hippodrome tracks, as the 1937 program unfolds.

The mighty combined circus will arrive on four long trains of 100 double length, steel railroad cars, carrying 1,600 people, 50 elephants, 1,009 menagerie animals and 700 horses.

### New Chevrolets Shown In Fifty Cities

Pre-showings of the 1938 model Chevrolets for dealers and salesmen have been held in more than 50 of the principal cities of the United States in the past few days,

### Tennis Queen on Comeback Trail

Helen Wills Moody, once the "Bill Tilden" of women's tennis, who has started a comeback campaign in California. Here she is, just as spry as ever, during a match in a Pacific coast tournament. This was her first tourney since obtaining a Reno divorce. The famous "poker-faced" ace of the courts was triumphant in the match. She and her partner, Francis X. Shields, defeated their doubles opponents.

according to W. C. Burrell, of the Burrell Motor Co., who has just returned here after attending the introduction ceremonies held in Atlanta.

The annual preview was designed to familiarize all Chevrolet dealers and salesmen with the new product, selling plans and advertising activities scheduled for the balance of 1937 and 1938.

A brighter industrial picture was painted by Mr. Burrell on his return here. "Gains for the entire automotive industry seem indicated," he said, "and the outstanding advances made by Chevrolet in its new product indicate that public acceptance of the 1938 car will be even more enthusiastic than ever before."

Mr. Burrell had high praise for

the new car, pointing out that engineering refinements and body, chassis, and interior improvements made Chevrolet an even finer car than in 1937.

Predicting a banner sales year, he based his forecast on the fact that already many thousands of orders have been placed for the new Chevrolet—sight unseen by the buyers.

"I call this a distinct tribute to Chevrolet that these people place such confidence in the organization," he asserted.

A bigger truck sales year also was indicated by Mr. Burrell, who said "Increasing need of truck replacements and growing use of commercial cars in industry and on the farm authenticate this prediction."

## FISH PLANTED IN GAME AREA

### Brook and Rainbow Trout Allotted To Wildlife Preserves

Fish management plans for the recently established cooperative wildlife management areas have been completed and the work of putting them into effect has started, Paul H. Gerrard, forest supervisor of the Nantahala national forest, announced last week.

The headwaters of the Nantahala river within the Standing Indian wildlife management area have been allocated a quota of 20,000 four to eight inch brook or speckled trout for this season's restocking program. The Fires Creek area will receive 12,000 four to six inch rainbow trout and 4,500 brook trout.

Planting stock for these areas was furnished by the state hatchery at Balsam Gap, N. C., the federal hatchery at Walhalla, S. C., and the Arrowood rearing pools in the Nantahala national forest.

A crew of 16 CCC enrollees have been kept busy during the past few weeks distributing the trout in the various streams. It is expected that the planting will be completed by the middle of October.

Ancil D. Holloway, fisheries expert of the U. S. forest service, gave the CCC enrollees preliminary training in the proper technique in handling the fish to insure their reaching the streams in the best possible condition. State game officials as well as members of the Nantahala national forest staff supervised the distribution of the fish to the various streams.

The heavy restocking program now in progress will greatly improve the fishing on both the Standing Indian and and First creek areas. Forest service officials anticipate that it may even be possible to open these areas for the next trout fishing season.

1940 is more nearly correct for the present year than 1937, due to an error in the reckoning of time 1,000 years ago.
