

RED CROSS ROLL CALL

(Continued From Page One)

vice sections and the liaison representatives of the national Red Cross. In the past five years the Red Cross has aided an average of 335,000 veterans or their families per year.

Also during the last fiscal year, chapters, field directors and hospital social workers extended assistance and medical social service to 34,000 men of the army, navy, marine corps and coast guard and their families.

In 1936-37, the campaign against injury and death in the water, on the highways, in factories, on the farms and in the homes, went forward with the training of 80,000 new life savers, and 220,000 new first aiders. There are now 1,000 highway first aid stations in operation and 704 mobile first aid units.

1,750 Chapters Now Active

There are 1,750 chapters now active in the home and farm accident prevention field of Red Cross service, directed against the huge toll annually taken by preventable accidents in the home and on the farm.

In 1936-37, Red Cross public health nurses in cities and rural districts, in cooperation with physicians, made one million visits to or in behalf of patients. In both town and country 670,000 school children were examined for physical defects.

During the same period, 35,000 home hygiene and care of the sick certificates were issued. Since 1914, the number of certificates has been 873,000.

In 1936-37, volunteers made over 680,000 garments for disaster victims and others in need, and 4,500,000 surgical dressings for local hospitals. Volunteers brailled and printed 1,000,000 pages of reading matter for the blind.

This calling of the Red Cross membership roll is the opportunity of every citizen to answer "present" in the cause of humanity. The Red Cross belongs to the people. It is of, by and for them. Its service is in the name of all, and accorded to all when needed, regardless of race, creed or color.

Home Demonstration Club News

BY MRS. T. J. O'NEIL

Macon County Home Demonstration Agent

ACHIEVEMENT DAY

Approximately one hundred people attended Macon county's first Achievement Day. This meeting is held once each year by the Home Demonstration Club women in order to sum up the work for the year and present a program of an inspirational nature of interest to club women.

The meeting was opened with the Collect of the Club Women of America, and this was followed by a song "Blest Be the Tie that Binds." Mrs. Carl Slagle, county council president, gave the welcoming address in which she brought out the values of club work to the women in Macon county. Mrs. Charles Nolen explained 4-H Club work, discussing the activities and projects carried by Club members. Some garments made by 4-H Club members were shown by Mrs. Nolen.

The Otto 4-H Club put on a Health Play which portrayed the health practices carried on by 4-H Club members. The Club and Miss Mozeley are to be congratulated upon for the splendid way in which the program was carried out.

Mrs. Robert Bennett gave a report of the work done during the past year and pointed out the value of this work. Mrs. Wade Moody

gave an excellent report of the Club market.

Representatives of the different clubs told of what the club work had meant in the various clubs represented. A report of farm and home week, which is held in Raleigh each year, was very effectively given by Mrs. Earl Ward. The members present were entertained by a reading by Mrs. Wade Moody. This part of the program added a touch of humor and livened up the meeting considerably.

Club songs were conducted by Marion Moody, who is president of the Iotla 4-H club. The work for the next year was outlined by Mrs. O'Neil, home demonstration agent.

The afternoon session consisted of a meat cutting and curing demonstration given by Mr. Nance, extension specialist from State college. This part of the program was attended by both men and women. It is hoped that the people of Macon county will profit by this demonstration and be able to supply the tourists' demand for guaranteed country hams.

The club women of the county are to be congratulated for the work they have done during the past year and commended for the program that they have set up for the year 1938.
