Have Some Happy Goal Ahead in 1938

Then, there is the matter of trying always to have some happy goal or objective to look forward to. Sir Edward Grey, statesman, fisherman, book-lover, and bird-lover, gave a good rule for everybody when he said, in substance: "Two things add greatly to my pleasure. First, I always have some trip planned ahead to take just as soon as I can find any vacation time. Second, I never finish reading one book that I do not have another picked out to read and enjoy." In farm work and business it is equally helpful to have some pleasure ahead to make labor light as we work toward it, just as we are told in Holy Writ: "And Jacob served seven years for Rachel; and they seemed to him but a few days for the love he had to her."

A gifted farm woman in our office some time ago told us how her father would hold family councils and decide what to buy the following fall that would make the whole family happier—an example well worth emulating, is it not? In nearly every home the whole year's labors might be sweetened by deciding on some purchase to make as soon as the family can accumulate enough money. Maybe it will be to buy a farm, paint or enlarge the house, send a child to college, buy a purebred bull or boar, or install electric lights or waterworks. No matter what it is, the year will be happier if each day's labor means not simply a bigger yield of cotton or tobacco or peanuts or milk or pork but also means the nearer approach of the family's coveted comfort, luxury, or improvement—automobile, paint, furniture, a new barn, a refrigerator, a flock of purebred poultry, or what not.—The Progressive Farmer.

2-WAY RELIEF FOR THE MISERY OF COLDS

The speed with which Bayer tablets act in relieving the distressing symptoms of colds and accompanying sore throat is utterly amazing . . . and the treatment is simple and pleasant. This is all you do. Crush and dissolve three genuine Bayer Aspirin tablets in one-third glass of water. Then gargle with this mixture twice, holding your head well back.

This medicinal gargle will act almost like a local anesthetic on the sore, irritated membrane of your throat. Pain eases promptly; rawness is relieved.

You will say it is remarkable. And the few cents it costs effects a big saving over expensive "throat gargles" and strong medicines. And when you buy, see that you get genuine BAYER ASPIRIN.
