### CHRISTIAN ENDEAVOR CELEBRATES ANNIVERSARY

Last week the Highlands Christian Endeavor celebrated the 57th anniversary of the founding of the National Christian Endeavor. As a matter of interest, some information has been gathered from various sources about the Christian Endeavor in Highlands.

The organization was started about 1891 by Miss Olive White, in the Northern Methodist church, which is now the Highlands Baptist church. Some of the charter members who were present at the first meeting were Allison D. McKinney, Charley Wright, Mollie Edwards, Bertie Edwards, Charley Henry, George Henry, Jessie White, Olive White, Laura Bell Clark, Ike Henry, Clift Hill, Bernice Durgin, and Bob Munger. There may have been others whose names are not mentioned.

Each charter member and subsequent members pledged themselves as follows:

"Trusting in the Lord Jesus Christ for strength, I promise Him that I will strive to do whatever He would like to have me do; that I will make it the rule of my life to pray and to read the Bible every day, and to support my own church in every way, especially by attending all her regular Sunday and mid-week services, unless prevented by some reason which I can conscientiously give to my Saviour; and that just so far as I know how, throughout my whole life, I will endeavor to lead a Christian life.

As an active member I promise to be true to all my duties, to be present at, and to take some active part aside from singing, in every Christian Endeavor prayer meeting unless hindered by some reason which I can conscientiously give to my Lord and Master. If obliged to be absent from the monthly consecration meeting of the society, I will, if possible, send at least a verse of Scripture to be read in response to my name at the roll call."

The organization continued to flourish and grow under the guidance of Miss White. When she married, some years later, her father, J. Baxter White, took up the leadership until October, 1910, when he moved to California. The group found it difficult to carry on, and

finally disbanded until the fall of 1929, when the late beloved Raymond McCarthy was installed as pastor of the Highlands Presbyterian church. Mr. McCarthy revived the interest of some of the old members and gathered about him many young people, and re-organized the Christian Endeavor.

The present Christian Endeavor, led by the Rev. R. B. DuPree, meets at the Presbyterian church each Sunday evening, with the old pledge as a guide in all its work and activity.

### HOME DEMONSTRATION CLUB TO MEET

The Home Demonstration club will hold its regular meeting on Friday, February 1 at 2 o'clock at the home of Mrs. Helen Thompson. Mrs. O'Neill has arranged for a guest speaker, whose subject will be "Gardens." This will be the first talk on horticulture and the beginning of a discussion of how, when, and what to plant in your garden and how to get the most out of a garden. Refreshments will be served following the meeting.

### RADIO ENTERTAINERS TO BE AT HIGHLANDS SCHOOL

"The Aristocratic Pigs," of Greenville, S. C., whose radio program is heard twice daily, will be at the Highlands School Theatre on Monday evening, February 28. This is a benefit performance for the Methodist parsonage, where some improvements have been made recently. Tickets may be purchased in advance from members of the Methodist church. This group of performers has been very popular in other towns and is expected to draw a large crowd in Highlands.

## Splendid Work Being Done In Macon County By NYA

The following report of NYA activities in Macon county was prepared for The Press by Mrs. J. A. Ordway, who is in charge of the work, and shows a splendid record of accomplishment:

The work of the National Youth Administration, which offers employment to young people 18 to 25 years of age, was started in Macon county two years ago. Two hundred and twenty-seven boys and girls have been enrolled for longer or shorter periods. The maximum number working at any one time was 132.

Marriage has decimated the girls' units, while many boys have obtained private employment, joined the CCC, or just drifted off. Present enrollment is 77, with a waiting list of 12.

The purpose of NYA is two-fold: to benefit the youth employed and to benefit the community by constructive types of work. About 10,000 feet of pipe has been laid from springs to schools; 11 springs inclosed, and 11 drinking fountains erected, all under the supervision of Herman Plemmons, sanitary engineer. Rock walls and playgrounds have constituted another major effort, with road work a close second.

Under the direction of E. N. Evans, who last summer attended Penland Institute of weavers, five boys at Kyle have learned to make very good looms. These are used at our weaving centers, where 16 girls are now employed. We have one center at Brendletown, one at Burningtown, and another four miles out on the Atlanta highway. The girls not only weave, but dye the materials. They are becoming very efficient in rug weaving, and are now starting on the more difficult process of making suitings, better known as "jeans." The wool, cotton warp and rug filler has been supplied by the NYA.

Twelve girls who are not within reach of any center, are visiting homes where there are pre-school children. This is one of our happiest and most useful efforts. Altogether these workers walk an average of 240 miles per month, and reach nearly 100 children, all in isolated localities. As no kindergarten supplies are provided we are always in need of them, and are very grateful for any donations;

Here is what to do: Take two BAYER tablets when you feel a cold coming on—with a full glass of water. Then repeat, if necessary, according to directions in each package. Relief comes rapidly.

### OLD MANUSCRIPT USED BY FARMER TO BUILD FIRE

LONDON.—Dickens' manuscript of "Pickwick Papers" was once burned in a farmyard fire after being used as jam-pot covers.

C. G. De Graz, managing director of Sothebys auction rooms where fortunes in manuscripts are sold, disclosed this fact.

A friend told him he said, how he picked up a scrap in Dickens' handwriting from a pile of charred paper in the courtyard of a farmhouse.

"That is part of an old book we used to read," said the farmer, "but we got tired of it."

De Graz added: "Only 52 pages of Pickwick remained, and collectors gladly pay 1,500 pounds (\$7,500) a page."
