### CHAMBER OF COMMERCE HOLDS ANNUAL MEETING

The annual meeting of the Chamber of Commerce was held last Thursday night at the Highlands school. There was a good attendance and the meeting was preceded by a supper served in the lunch room by a committee of ladies. The proceeds of the supper were given to the lunch room fund of the P-T. A.

At the meeting which followed reports were given of the work of the past year and officers elected for the coming year. The reports showed that a good deal of work had been put in during the year. In all inquiries had been received from people in 28 states, Cuba and the Canal Zone. Nine hundred and fifty folders had been sent out to individuals asking for information regarding Highlands and in addition numbers of folders had been sent out to 54 motor clubs and travel agencies through the country.

The financial report showed that a little over \$809.00 had been taken in during the year. Of this over \$440.00 had been spent in direct advertising and there was a balance in hand on the year's work of just over \$200. It was pointed out that most of this money had been underwritten for material with which to advertise this year, and particularly to send out material to a list of people sent in by the state department of conservation, who were interested in knowing something of North Carolina. It is hoped that Highlands will get its

quota of visitors from this advertising.

C. J. Anderson, O. F. Summer and Rev. Frank Bloxham were re-elected to their offices as president, vice-president and secretary respectively and Messrs. A. R. Moreland, Sidney McCarty, S. T. Marrett, W. W. Edwards, W. H. Cobb, Rev. Robt. B. DuPree, G. W. Marrett, J. E. Rideout, J. Hicks, T. N. Hall, Frank B. Cook, W. P. Pierson, F. A. Edwards, T. C. Harbison and Miss Albertina Staub were elected as directors for this year.

In the absence of both the president and vice-president, W. S. Davis, mayor of Highlands, very ably acted as chairman of the meeting.

### B. Y. P. U. ACTIVITIES

The B. Y. P. U. met as usual on Sunday night at the Baptist church. Paul Waldon, group captain, led the study course lesson on Faithfulness and Prayer. Doris Potts, Mary Jane Crane and Lois Munger also took part in presenting the lesson. Following this, Mrs. Paul Waldon conducted the regular Bible quiz. The entire group participated in a "testimonial service," each member stating what the B. Y. P. U. has done for him. Paul Waldon and Willard Crisp both spoke interestingly on this subject.

The B. Y. P. U. gave a farewell party on Wednesday evening honoring Miss Frances Wiley who will leave shortly to take a nurses' training course.

The B. Y. P. U. is sponsoring an entertainment by the "Blue Sky Boys" on Monday evening, March 14, at the School theatre. This team of singers, who feature mountain ballads, is heard daily from Radio Station WGST, at 9:30 a. m. The show promises to be a good one and tickets may be obtained from members of the Senior B. Y. P. U.

All parents who have a child to enter Highlands school next fall, are invited to bring the child to the school building on Tuesday, March 22, at 9:30 a. m., for the purpose of receiving a physical examination to determine its fitness to enter school next year. If parents are unable to accompany child, it may come to school with older brother or sister on bus.

You are also invited to bring younger children over six months of age for diphtheria vaccination. We urge all parents to have their children immunized against diphtheria, smallpox, and typhoid fever before entering school. There will be a charge of 20 cents for the diphtheria vaccine. All the other inoculations are given free.

On the same day (March 22) at 1:30 p. m., in the Highlands school building there will be a pre-natal and infant clinic held. We are urging all expectant mothers and infants from two months through two years of age to attend this clinic. Should there be a good attendance, similar clinics will be held at regular intervals.

The pre-natal phase of this clinic, is for the purpose of helping expectant mothers to gain and maintain a general physical fitness which is conducive to the birth of normal healthy infants, and a normal healthy mother following childbirth.

The infant phase of this clinic is to advise and assist the mothers in establishing general health habits in early childhood, to insure in the future better health for her children and help mothers to study their children's physical and mental make-up, and assist them in working out a daily regime to meet their child's various needs.

These clinics will be conducted by Dr. P. G. Padgett, health officer for Macon county, assisted by Miss Theodosia Flud, district supervising nurse, and Miss Josephine Dixon, Macon county public health nurse.

## Basketball

### Tri-State Tournament To Be Held At Clayton

The fourth annual tri-state basketball tournament for independent teams will begin at Clayton, Ga., on March 14 and will continue through March 19.

Only 16 teams have been invited this year and only teams from Georgia, North Carolina and South Carolina are eligible to participate. All games will be played at night because of the fact that a majority of the independent team players work in the day time. A few of the seeded teams expected to decide ownership of the beautiful individual trophies include: Walhalla, Cherokee Indians, Cornelia, Sylva Lions, Clarkesville, Toccoa, Cleveland, Highlands, Franklin, Alto and the Clayton Mountaineers, who recently removed the strong Roades Dairy Farm team from the gold medal tournament at Sylva. The winner of the Sylva meet, the Sylva Lions, are expected to reach the semi-finals, at least, in the Tri-State tournament.

Trophies, which will be on display at Dover Green's, in Clayton, will be given each member of the 1st, 2nd and 3rd place winners, as well as each member of the all-tournament team and high scorer of the week.

The Monday, Tuesday, Wednesday

and Thursday night games will begin at 7, 8 and 9 p. m., while the Friday night semi-finals and Saturday night finals and third-place game will be called at 8 p. m.

## Build and Repair

Whatever your farm lacks to make it the efficient, modern property you would like it to be, you can supply this lack conveniently with an FHA Farm Improvement Loan. Modern farmstead buildings, such as barn, milk house, poultry house, etc., pay for themselves in many ways. Under the FHA plan you can build that new rat-proof corn crib, storage house for farm machinery, recondition old buildings or build a new house and make payments as you receive payments from your products. Roadside markets and tourist cabins—income producing structures—may be built on your property with an FHA Title I loan.
