## LOCALS LOSE ANOTHER GAME

### Hayesville Pitcher Holds Franklin Scoreless Until Ninth

The Franklin baseball team suffered a disastrous defeat last Sunday afternoon at the hands of the Hayesville club, the score being 14 to 3. The game was played in Hayesville.

Two Hayesville men were allowed to score in the first inning on account of infield errors, and from then on the Franklin team seemed to be hoodooed both at bat and in the field. Both Manley and Hawthorne, who pitched for Franklin, delivered the goods, but the errors kept piling up and the Hayesville runners kept crossing the plate.

Duke Berry, who was on the mound for Hayesville, held the local outfit scoreless and hitless until the ninth, when three hits and three runs were made.

Next Sunday will be a big baseball day in Franklin, with a double-header scheduled.

At 2 o'clock Franklin and C. C. Poindexter's crack Canton team will engage in a battle that promises to be worth seeing, and this will be followed by a game with Clarksville, Ga. The boys from Habersham are out to avenge their recent defeat, and will bring a strong team.

Admission to the double-header will be 25 cents for men, and the ladies will be admitted free.

## Distinguished Visitors Here Last Week

John Paschal, associate editor of The Atlanta Journal, and Emily Woodward, newspaperwoman and author, a former president of the Georgia Press Association, of Vienna, Ga., were visitors in Franklin during the past week.

Arriving on Sunday evening, Miss Woodward stated that she had come to Franklin and Trimont Inn because they were mentioned by Jonathan Daniels in his recent book, "A Southerner Discovers the South."

Miss Woodward has won distinction through her fascinating book, "Empire, Georgia Today in Pictures and Paragraphs," a volume unique in conception and brilliant in accomplishment. Its pictorial portrayal with authentic text gives a vivid picture of a great state, historical, economic, educational and cultural.

Miss Woodward related how she was moved to set forth in this form the inspiring history and progress of the true Georgia after witnessing the false impression created by "Tobacco Road." The result of her labors has been commended by the school authorities as well as library critics.

The volume is one that might well inspire inspiration by other states.

## MASONS HONOR BOWERS FAMILY

### Memorial Placed on Lawn Of Masonic Hall In Franklin

An impressive memorial, inset with a bronze tablet suitably inscribed, has recently been erected on the lawn of the Masonic hall by Junaluska Lodge in honor of Mrs. Mary E. Bowers and her two sons, Charles and Elbern, in token of appreciation for the interest taken and the financial assistance given by the Bowers family to the lodge.

Mrs. Bowers, having no heirs, made a deed to the lodge for all of the family lands and mining interests in North Carolina, and the lodge has sold several thousand dollars worth of the property and still has a large portion of it subject to disposal at any time.

Mr. Bowers, father of Charles and Elbern, came to Franklin in the early 80's and engaged in mining for mica in Macon county at Cowee, Burningtown and other points. He and his two sons also mined in Jackson county, and bought a number of tracts of mountain land with mica outcroppings.

The older Mr. Bowers died before these projects were developed, but his sons carried on the mining until the death of Charles in Highlands several years later. After his death Elbern went to Chicago and lived there until his death.

Their mother, Mrs. Mary E. Bowers, whose home was in Belows Falls, Vt., came south to dispose of the property. Knowing that Charles and Elbern were enthusiastic Masons and members of Junaluska Lodge, No. 145, Charles being worshipful master at the time of his death, she decided to turn over the entire property to the lodge.

## EXTRA SESSION CALLED AUG. 8

### Assembly Will Consider Raising State Funds For PWA Projects

Governor Hoey issued a proclamation Monday ordering the general assembly to meet in special session at noon Monday, August 8, to consider the allocation of state funds for a proposed PWA improvement program at North Carolina institutions.

Attorney General Harry McMullan was instructed to draw up a bill authorizing the issuance of bonds, the money from which will be used to supplement PWA funds in the event the contemplated improvement is approved by the legislature and by federal officials.

Treasurer Charles M. Johnson said the legislature could authorize a bond issue of as much as 6,345,000, which would be sufficient for an \$11,000,000 improvement program.

The governor said there was a possibility that he would ask the legislature also to pass a measure simplifying the procedure under which municipalities and counties may apply for PWA funds.

#### Proclamation No Surprise

The governor's proclamation came as no surprise, and administration supporters quickly took steps to see that the "must" measure or measures were passed expeditiously. It was understood that a resolution limiting debate to PWA business would be introduced in both the house and the senate, a few moments after they are called to order.

"I hope that only PWA legislation will be considered," Governor Hoey stated.

Hoey said he was confident that the improvement program would be approved by the PWA, providing state funds were made available. Under PWA regulations, he said, projects must be submitted before September 30, and actual work must start by January 1.

"Under PWA regulations, each \$45 of federal funds must be supplemented by \$55 of North Carolina funds.

The special session will be the seventh this century, and probably will mark the first time in the state's history that any group of law-makers has met in three sessions. The legislators met first in December, 1936, one month after they were elected, in a special session called by former Governor J. C. B. Ehringhaus to consider unemployment compensation and PWA enabling measures.

They also met in regular biennial session in January, 1937.
