

School Notes

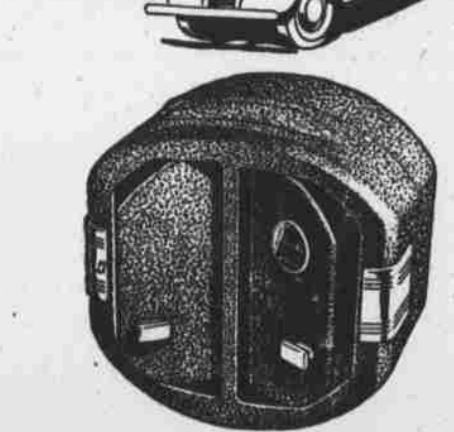

MOUNTAIN ECHO SELECTED NAME FOR SCHOOL PAPER

From a list of suggested names turned in by the judges, the members of the Journalism Club voted on "Mountain Echo" as the name to be given for the school newspaper which will be published soon by this club. In selecting this name, the club tried to pick a title that was typical to Franklin and the surrounding region. It will be the purpose of this club to "echo" the school news to the student body and to the citizens of Franklin as well as to "echo" the happenings in this mountain section to other parts of the state.

CATTLE SALE

The last cattle sale of the season will be held on Wednesday, October 12. Bring all the cattle you have for sale, and bring them early on that day to Macon County Stockyards Franklin, N. C.

We have just received a large shipment of Heaters, Prestone, and complete line of winter accessories that will add safety and comfort to your winter driving. Bring your car in. We will check your radiator, hose connections, water pump and see that there are no leaks after Prestone or Anti-Freeze is put in, at no extra charge to the customer. We can sell Prestone at \$2.95 per gallon or Anti-Freeze at \$1.00 per gallon.

Bring your car in for a complete winter check-up and servicing at our special price.

NAT MACON WINS PRIZE FOR SELECTING PAPER'S NAME

To Nat Macon goes the dollar offered by Mr. Wells to the student who selects the winning name for the school paper. Many teachers and students have expressed their opinions as to the appropriateness of this name, "Mountain Echo."

Nat Macon is a promising seventh grader and an eager member of the Journalism club, it is befitting to congratulate him for this honor.

PAPER STAFF COMPLETED

The Journalism club has completed the election for members of the staff of the new publication, "Mountain Echo," which will be edited for the first time next Friday. The staff personnel is as follows:

Editor-in-chief, George Patton; associate editor, Eugene Furr; assistant editor, Louise Blaine; assistant editor, Bill Corbin; assistant editor, Dorothy Lee Morrison; sports editor, Bill Higdon; literary editor, Katherine Ray; social editor, Lilian Jones; exchange editor, Henry Cabe; joke editor, Brownlow Addington; homeroom editor, J. C. Jacobs; reporters, Dorothy Sloan, Kenneth Bryant, Lucile Calloway, Katherine Long, Mack Patton, Jennie Scott, Dorothy Lee Morrison, Bill Corbin, Iva Sue Pannel, Lorena Green, Bruce Bryant, Weaver Shope, John Allen Higdon, Vic Perry, Vic Catway, Sol Sanders, Jack Angel, Robert Leach, Nat Macon, Harold Roper, J. L. West, Homer Green, Audrey Carelock; advertising and business manager, Mack Patton; assistant advertising manager, Virginia Tessier; circulation manager, Kenneth Bryant; faculty advisor, Mrs. Graydon Shuford.

BIOLOGY STUDENTS VISIT ANGEL HOSPITAL

Two sections of the ninth grade biology class, totaling 67 members with their teacher, visited the Angel hospital on Monday and Tuesday of this week. The trips were arranged at the suggestion of the teacher, Ray N. Moses, for the purpose of vitalizing a unit of health study.

Dr. Furman Angel, to whom Mr. Moses's request for the visit was made, left nothing to be desired in the way of courtesy and cooperation, and this was true of the whole personnel of the hospital.

Dr. Angel entertained the pupils with a brief original story of a patient who was scalped by an Indian's tomahawk. To demonstrate the use of the X-ray, a picture was made of the bones in Lewis Patton's hand.

The pupils were asked by their teacher to consider such questions as: what reasons do you see for wishing or not wishing to be a doctor or nurse? What antiseptics are most effective? Which diseases are most common in this section?

In the operating room the students were informed in regard to the efficient methods which a modern hospital uses to prevent infection at the time when operations are performed. They were shown various scientific instruments including the bronchoscope, an instrument not to be found in less well-equipped hospitals. The bronchoscope is used to rescue oversize bits of chicken, pop-corn, pocket change, and other items that fail to make the normal journey from mouth to stomach.

After viewing such cheerful things as charts of human insides, a fresh appendix, and similar objects, Mamie Addington fell down, fainting; however, after getting some rest in a reclining position, she recovered.

The most vivid lesson which the pupils received was in regard to the need for forethought and caution in the handling of fire and inflammable liquids. This lesson came by seeing a patient who was severely burned by gasoline.

SCIENCE CLUB COLLECTS MINERALS

The Science club of the Franklin high school is making a collection of minerals found in this section. It is planned to prepare an exhibit to be placed in the state museum at Raleigh.

The sponsor of this club, Ray N. Moses, on a visit to Raleigh, just before the opening of the present school term, noted only one specimen that was labeled as being from Macon county. It is felt that this project of collecting minerals will help to acquaint the pupils with the varied mining possibilities of this section, and might attract investors

from other sections.

The Science club meets in room No. 22 of the Franklin school building at "Activity Period" on Thursdays. Anyone who would like to give mineral specimens to the club or to help otherwise in this respect may get in touch with the club members or with Mr. Moses. Cooperation will be sincerely appreciated.

GEORGE SELLERS MAKES CAPABLE MANAGER

The Franklin football team is fortunate in having such a capable manager as George Sellers. During the past five weeks of school, George has not missed a single afternoon of practice. He has been conscientious in discharging his duties and has become competent in administering first-aid to the boys who have received minor injuries. Every afternoon when practice is over, the players can rest assured that they have plenty of hot water in the tank for taking showers. George has, working with him, the following assistant managers: Russell Powers, George Tessier, T. L. Jamison, and John Gibson Murray. These dependable assistants are to be congratulated on the fine service they are rendering to the team, to Mr. Shuford, and to the school.

PEP SQUAD ENLIVENS FOOTBALL GAME

The forceful cheering from the pep squad was a boost to the team in winning over Bryson City here last Friday. Under the capable leadership of Virginia Tessier and her assistant cheer leaders, the squad demonstrated a fine spirit of cooperation and enthusiasm which urged the team to strive harder. The way in which this squad kept together showed that it was well organized and that it had spent much time in practice.

BILLIE WILKIE, STAR HALF-BACK, IMPROVING

Billie Wilkie, Franklin's star half-back, who received injuries in the Franklin-Sylva game, is improving nicely and will leave the hospital soon. Wilkie has been in the Angel hospital a week with an infected leg, but it is reported that his condition is better. It will be many weeks yet before he can play.

SENIORS DEBATE EUROPEAN SITUATION

Because of an arousing interest in the present European situation, a stirring debate has ensued in Miss Weaver's senior English class, the query being: "Resolved that Great Britain and France should go to the rescue of Czechoslovakia in case Germany Should Attack Her." The debaters included George Patton, Eugene Furr, and Mack Patton on the affirmative side, and John Shope, Mitchel McCoy, and Laynette Martin on the negative side. Although both affirmative and negative put up a hard battle, the affirmative side won the debate.

THIRD GRADE BECOMES JUNIOR RED CROSS MEMBERS

The third grade children in Mrs. Hunter's room brought their pennies last week to make up the 50 cent membership dues required to become a Junior Red Cross room. These children want to become good citizens by service. They have been enjoying the stories in the Junior Red Cross News!

GIRLS' ATHLETIC CLUB ELECTS OFFICERS

The officers of the Athletic club are as follows: president, Esta Mae Childers; secretary, Kate Moffet; treasurer, Elizabeth Cabe; reporter, Kathryn Ann Huggins. The members of the club are divided into five groups. Two groups play volleyball and the others play basketball, dodge ball, and other games.

SCHOOL GETS NEW EQUIPMENT

Through the efforts of Mr. Wells, there has been added to the school a new electric mimeograph machine. The mimeograph will be of invaluable service to the school in putting out the school newspaper, in making objective tests, maps, and artistic designs.

COMMERCIAL CLUB SUBSCRIBES FOR MAGAZINE

The Commercial club has decided to subscribe for the "Gregg Writer," a magazine for secretaries, stenographers, and typists. At the last meeting of the club, the life of John Robert Gregg, founder of the shorthand system, and his early struggles in making the system known to the world was read in

shorthand. The Gregg system is the most widely used system of any other shorthand system in the world. It is taught in 99.58 per cent of all the cities and towns having public high schools in the United States.

Elijay

By HAZEL AMMONS

Mr. and Mrs. Joe Ashear, of Franklin, were visiting Mr. and Mrs. J. W. Henry Sunday.

Abe Young arrived Saturday from Tuccan, S. C., where he has been spending several weeks with his daughter, Mrs. Stella Smith.

Miss Marie Houston and her cousin, Miss Williams, of Gneiss, visited Mr. and Mrs. Alex Ammons Saturday.

Jim Roper, of Franklin, was visiting the Elijay mines Monday.

A shower was given for Mrs. Hunter Young on September 23, at the home of Mrs. Young's grandmother, Mrs. C. G. Mincey. She received many useful presents.

Miss Edna Henry and Miss Mildred Mashburn left Sunday for Tamassee, S. C., to attend the D. A. R. school.

Mr. and Mrs. Ed Cloer, of Rainbow Springs, were visiting Mrs. Cloer's mother, Mrs. Sarah Price, recently.

Miss Betty Shook has been visiting her sister, Mrs. Hunter Young, of Highlands.

Mr. and Mrs. Andrew West and Mrs. Luther Bright, of Tuccan, S. C., have been visiting their parents, Mr. and Mrs. Jim Webb.

Mrs. Laughton Montieth, of Glenville, has been visiting her parents, Mr. and Mrs. F. H. Peek.

Mrs. Arthur Mosteller and children visited her mother, Mrs. Ann Moses, of Iotla, last week-end.

Miss Lucile Kimsey is getting along nicely teaching school at Elijay.

Mr. and Mrs. Theodore Rogers, of Highlands, were visiting relatives and friends here recently.

Miss Alice Adams was visiting her aunt, Mrs. Mattie Moss, of Gneiss, recently.

Moses Reunion Held On September 25

The family of A. B. Moses met for their first reunion on September 25, at the home of the youngest son, T. B. Moses. Only a few of the children were present on this occasion, but it is hoped by the family that all will attend next year when the reunion will be held at the home of the youngest daughter, Mrs. Lena Mosteller, on July 16.

NEW PLASTIC

Four U. S. department of agriculture research workers have developed a method for converting sawdust, straw, wood waste, and waste sugar cane stalks into synthetic plastics. The new material has a high resistance to water and moisture, and may be used for electrical insulators, door knobs, auto steering wheels, radio panels, buttons, and other articles.

Every home, especially those in rural areas, should be inspected for fire hazards during Fire Prevention Week, which has been set for October 9-15.
