MISCELLANEOUS SHOWER FOR MRS. STEPHENS

A delightful social event of Wednesday afternoon, October 12, was the miscellaneous shower given by Mrs. C. C. Potts, from 3 to 5 o'clock, honoring her niece, Mrs. B. A. Stephens, the former Miss Mary Elizabeth Potts, whose marriage to B. A. Stephens took place in Waynesville on October 4.

The rooms were artistically decorated with dahlias and sprays of brilliant autumn leaves. The guests were received by Mrs. Mary Zachary, mother of the hostess, and ushered into the spacious dining room, where a delicious sweet course was served.

Several tables piled high with beautiful and useful gifts attested the popularity of the lovely honoree. Approximately 100 guests called during the afternoon. Incidentally the date of the shower coincided with the 22nd wedding anniversary of the hostess.

SCHOOL NOTES

The chapel exercises Friday morning were in charge of the fifth grade, under the direction of Miss Ethel Calloway, teacher. The devotional was led by Jean Keener, and Bobby Rice thanked the mothers for their help in supplying the costumes, flowers, etc.

"An Afternoon Tea Party" was first on the program. The girls taking part were: Angela Anderson, Frances Hedden, Mary Lou Hedden, Barbara Zoellner, Frances Crunkleton, and Betty Speed. This play was a particularly good portrayal of a grown people's party, reflecting credit on both teacher and pupils. A reading by Eileen Waller, "The Naughty Doll," was well given.

The fifth grade boys also came in for some good acting in "Hypnotizing Harry," with Earl Young, Clarence Baty, Edwin Shockley, Wayne Hicks, and Leon Potts taking part. The magician and the cat were unusually good.

The senior class met and elected the following officers last week: president, Peggy Thompson; secretary, Edith Crunkleton; vice-president, Manila Reese; treasurer, Vernon Aiken.

The second grade's work is centered around the study of Indian life. Some of the children visited the Indian Reservation and brought back interesting things for the class to study. There is a correlation of reading, language, arithmetic, music and health, making a complete unit.

Fire Prevention Week led to various activities in the fourth grade. Pictures were shown and drawn stressing the causes of fire. In almost every case the cause was carelessness. The children told of fires that had occurred in their homes. Each child checked his home and made a list of the fire hazards. The motion picture, "The March of Time," was a good summary of the work carried on.

Along with fire prevention a program of safety on the highways and at crossings was studied.

The main features of the chapel program of the fourth grade for October 21 are two short plays, "Seeing Maw Off," and "Making a Cake," and a reading, "Fourteen Ninety-Two." Each child is doing his part to make the program interesting.

The multiplication contest in the fourth grade will close Friday, October 21. The captains are drilling for the final test. Each captain will give the ones standing on his side a little reward when the battle is over. The side with the most standing will be the winner. The cap-

tains are David Talley and Carl Chastain. They were chosen captains because they gave the multiplication combination without an error.
