

WILL OBSERVE ARMISTICE DAY

Macon County Post Will Go To Bryson City For Celebration

Members of Macon county post of the American Legion will go tomorrow (Friday) to Bryson City to join with other posts of the 20th district of North Carolina in observance of the 20th anniversary of the signing of the Armistice which ended the World War. The Macon county delegation will be headed by Gilmer A. Jones, district commander.

This will mark the first annual meeting for the district and will be featured with a big street parade of ex-service men at 10 o'clock a. m. The program following the street parade is as follows:

- Advancing Colors.
- Song—Star Spangled Banner.
- Opening prayer by Chaplain.
- Preamble to the Constitution.
- Welcome to visiting Legionnaires.
- B. C. Jones.
- Response—William Whitaker.
- Introduction of Speaker—McKinley Edwards.
- Address—G. L. Houk.
- Committee Reports.
- Other Business.
- Song—America.
- Retirement of Colors.
- 1:30 P. M.—Luncheon at Entella Hotel.
- 2:30 P. M.—Post Officers meeting at Courthouse.
- 2:30 P. M.—Meeting 20th District Auxiliary at Fryemont Theatre.
- 3:30 P. M.—Football Game.
- 8:00—Square Dance on Square.

Membership Campaign to Close

The North Carolina department of the American Legion began November 4 the most intensive membership campaign in its history.

Objectives of the campaign, to be carried out in every section of the state, by the far-flung organization of the Legion, is a 100 per cent enrollment of the past year's members by Armistice Day.

In a letter to post commanders the membership committee says:

"The department is going to offer unusual prizes this year. Gold American Legion buttons will be awarded to one member of each post who meets the membership requirements in obtaining members.

"There will, also, be awarded five solid gold life membership cards with dues paid for life to the five members of the American Legion; one from each of the classes, A, B, C, D and E of the Department of North Carolina, who secure the most members in each class."

These awards, particularly the capital awards for the five top "Go-Getters" will arrest the attention and stir the interest of every veteran.

At the same time, the committee announced the organization of a "1939 Go-Getter Club" to be composed of Legionnaires who secure 10 or more memberships (new or renewal) prior to January 1, 1939. Silver stars, suitably inscribed, will be presented to each veteran who qualifies for membership in this club.

The campaign will reach its climax Friday evening when posts throughout the state hold their Armistice night meeting. The campaign committee has suggested to the officers of each post that a dinner featuring North Carolina food products be served at the meeting.

Department Commander Pennell will speak to the posts from WBT in Charlotte on a program beginning at 8 p. m. and concluding at 8:30.

The following committee of the local post are urgently requested to secure as many new members as they can before Armistice Day: Gilmer Jones, Rev. J. A. Flanagan, Tom Moss, William Walldrop, Tom Bryson, Charlie Phillips.

In addition all other present members are asked to try to secure one new member by Armistice Day.

Dry Storage Place Needed For Seedcorn

Keep your powder dry! That is the old army slogan.

Keep your seedcorn dry! That is the advice given farmers by A. D. Stuart, seed specialist of the N. C. Crop Improvement association at State college.

Each year much valuable corn is lost in the state through improper methods of selecting, storage and testing, says Stuart. As a result many growers obtain inferior crops the next season, when proper care and treatment the year before might have brought higher yields and sounder seed.

With field selection of corn over, the first step in obtaining desirable seed is to place the selected ears in a dry, well-ventilated room. The ears should be stored in such a way as to allow a free circulation of air around each ear. This may be accomplished by any one of the several types of seed corn hangers or "trees."

A satisfactory hanger may be made with woven wire and any 2x4 uprights. The woven wire, which should have meshes large enough to permit ears to be passed through easily from side to side, is fastened by two two-by-fours of suitable length and a convenient distance apart. One length of the woven wire is placed on each side of the uprights in a manner such that the complete rack resembles a double woven wire fence with the meshes opposite and four inches apart.

The seed should be checked in January or February for germination.

LIME AND CORN

An application of limestone and superphosphate applied in the fall of 1935 was responsible for a 50 per cent increase in corn yield on land owned by F. D. Warlick, of Swain county. Lespedeza was planted in the spring of 1936 on this treated area as well as on adjoining land and the sod allowed to stand for two years but the two acres treated with the limestone and phosphate out-yielded the area having only the lespedeza sod plowed under.

Chevrolet Takes Big Strides Ahead for 1939

New Aero-stream styled bodies combine with major mechanical improvements to provide new beauty, safety, comfort and operating ease, in the 1939 Chevrolets, presented October 22, and featured at the big auto shows this month. The new models are offered on two chassis, the Master De Luxe and the Master 85, both of which are powered with Chevrolet's famous six-cylinder valve-in-head engine.

A new vacuum gear shift mechanism with steering column control, optional on all models at small extra cost, does 80 per cent of the work of shifting gears. The Master De Luxe series features a new riding system, in which a brand new Chevrolet Knee-Action mechanism is scientifically co-ordinated with new ride stabilizer and double-acting hydraulic shock absorbers to furnish a smooth, soft ride.

Central picture is the new Master De Luxe Sport Sedan. Upper right: front end view of the 1939 car; Upper left: Master De Luxe front suspension unit, complete; Lower left: accessibility and finger-tip ease of operation are two major features of Chevrolet's vacuum gear shift with steering column control; Lower right: As the handbrake on all models is re-located under the cowl, front compartment floor is cleared in cars with vacuum gear shift.
