

BLUE GRASS PASTURE

W. L. Overcash of Kannapolis, route 1, unwittingly started a blue grass pasture on his farm two years ago by covering eroded places in the pasture with a coating of barnyard manure. He liked the blue so well that he has seeded 200 pounds of seed on an adjoining nine acres. He says blue grass and manure seem to go well together in pasture building.

PERRY'S DRUG STORE

**Sentinels
of Health**

Don't Neglect Them!
Nature designed the kidneys to do a
marvelous job. Their task is to keep the
flowing blood stream free of an excess of
toxic impurities. The act of living—life
itself—is constantly producing waste
matter the kidneys must remove from
the blood if good health is to endure.
When the kidneys fail to function as
Nature intended, there is retention of
waste that may cause body-wide dis-
tress. One may suffer nagging backache,
persistent headache, attacks of dizziness,
getting up nights, swelling, puffiness
under the eyes—feel tired, nervous, all
worn out.
Frequent, scanty or burning passages
may be further evidence of kidney or
bladder disturbance.
The recognized and proper treatment
is a diuretic medicine to help the kidneys
get rid of excess poisonous body waste.
Use Doan's Pills. They have had more
than forty years of public approval. Are
endorsed the country over. Insist on
Doan's. Sold at all drug stores.

DOAN'S PILLS

'Breath Smeller' Determines Drunkenness

A driver, stopped by highway police in Long Island, N. Y., prepares to blow up a balloon in a test for drunken driving on the highways. At the right a police technician tests the air in the balloon for alcohol content. Forty-eight out of 100 drivers stopped in Nassau county were found to have been drinking.

Home Demonstration Club News

BY MRS. T. J. O'NEIL

Macon County Home Demonstration Agent

**CLUBS WELCOME
NEW MEMBERS**

The women of the Macon county demonstration clubs wish to extend an invitation to all women who live near a club to join their ranks. The total membership in the county is about 400. It may thus be seen that the county organization of home demonstration clubs is perhaps the largest in the county. For this reason it should be a force in the lives of the residents of the county. In order to let the public know of the work of the clubs, a general outline of the work planned for 1939 follows. This program is planned by the county council which is made up of the officers of the 12 various clubs; it is then approved by the state extension department at Raleigh.

General Program for 1939:
Major Project—Home Beautification.
Minor Project—Foods and Nutrition.

Buying for the Household.
Health.
County wide Project—Schools.
Recreation.

Part Ladies May Play
The major project is usually presented by the home demonstration agent. The topics taken up during the two months of this year are general arrangement of the home grounds and base plantings.

A food demonstration is given

every other month by the foods leader.

The home management leader presents a topic on Buying for the Household. The topics for the past two months have been How to Judge Sheets and Pillow Cases and Points to consider in Buying Bath Towels.

Health leaders present the health topic each month. Topics to date have been What can I do to Keep my Eyes in Good Condition and Good Teeth.

The education leader each month presents a topic dealing with schools. The topics discussed are What do I Expect School to do for my Child, and Buildings, Equipment and Teachers.

The recreation leader leads songs and a game at the end of the evening.

Club Work Diversified
From the foregoing paragraphs it may be seen that club work takes in a wide scope of activities. It may also be seen that community and county activities are a part of the interests of the women.

Need for Cooperation
Cooperation is the thing that "Gets Us There." May we hope that every woman in each community who is interested in her family and her county join a home demonstration club and also join in the work to be done at home and in each neighborhood.

**J. Fred Gray Is
Honored At Clemson**

J. Fred Gray, prominent Clemson college junior from Franklin, was last week selected by Regimental Commander Col. Fred Hughes as one of the cadets to compose the section giving a special exhibition of extended order drill at Clemson on February 21.

"The exhibition is designed to show the various movements of a section attacking under actual warfare conditions," said Col. Hughes, and the cadets chosen for the job have proved themselves exceptionally good in military ability." Gray has the added distinction of being the section guide.

Gray holds the rank of 1st Sergeant in the cadet corps, is a member of the 1st Sergeants' club, is on the executive committee of the Presbyterian Student association and chairman of the service team, secretary of the Junior Y. M. C. A., vice-chairman of the socials committee, and a dairying major. Gray is very popular among the students and is very active in campus organizations.

**Rules Announced
For 4-H Contests**

Rules for two 4-H livestock contests in 1939 have been announced by L. R. Harrill, state club leader. The two winners will receive one-year scholarships to State college, each valued at \$80. The awards are donated by the N. C. Cottonseed Crushers association, but selection

of the winners will be under the supervision of the 4-H club office at State college.

The scholarships are offered for the best records in dairying and animal husbandry work. The animals must be exhibited at the 1939 state fair, and 40 points in the scoring will be on the basis of conformation, condition and type of animal or animals, and showmanship in the fair contests. The other 60 points will be divided as follows: Project record, neatness and accuracy, 15 points; participation in club activities, 20 points; and profits on project, 25 points.

Any duly enrolled 4-H club member in North Carolina is eligible to compete. The club member must submit evidence of ownership of animal or animals. The club member must keep an accurate record showing the initial weight, kind and amount of feed, cost and value of animal or animals, weight and sale price in the case of meat animals, or the market value of same at termination of the contest.

In the event the winner is unable to use the scholarship it will revert to the 4-H scholarship fund.

TIME TO TOP-DRESS

North Carolina growers of small grain are now preparing to top-dress their small grain with nitrate of soda, according to reports from county agents. Extension specialists recommend an application of approximately 100 pounds to the acre applied about March 1.

HOGS AND CHICKENS

Columbus farmers sold 15,941 pounds of poultry for \$2,383.17 cash at the car door and 77 other farmers shipped 66,210 pounds of fat hogs for \$5,005.89 as a boost to the farm income of the county last week. The sales were arranged cooperatively by the county agent's office.

TOO MANY RABBITS

Out of 4,000 peach trees two years old in one of Hawley-Poole's orchards in Moore county, not over 500 have escaped damage from rabbits which have eaten the bark off entirely around trunks of the trees. Only about 200 trees were left without any damage whatever.

FAVORABLE

Florida citrus growers taking part in a recent referendum for regulating fruit shipments through a marketing agreement voted better than 95 per cent in favor of the program.

**National Forest Timber
for Sale**

Sealed bids will be received by the Forest Supervisor, Franklin, North Carolina up to and including March 4, 1939, for all merchantable live and dead chestnut marked or designated for cutting located on an area embracing about 192 acres within the Fork Mountain Unit, Nantahala River watershed, Macon County, Nantahala National Forest, North Carolina, estimated to be 1,500 units (160 cubic feet per unit) of chestnut extractwood and 100 M feet of chestnut sawtimber more or less. The removal of chestnut sawtimber is optional with the purchaser. No bids of less than \$0.50 per unit for chestnut extractwood, and \$2.00 per M for chestnut sawtimber will be considered. \$200.00 must be deposited with each bid, to be applied on the purchase price, refunded or retained in part as liquidated damages, according to the conditions of the sale. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of the sale, and the submission of bids should be obtained from the Forest Supervisor, Franklin, North Carolina.

F2-2tc-F16

NOTICE OF SALE

State of North Carolina,
County of Macon.
Macon County, Plaintiff.

vs.
Mrs. Margaret R. Siler, et al,
Defendants.

Under and by virtue of a decree of the Superior Court of Macon County entered in the above entitled action on the 30th day of January, 1939, the undersigned Commissioner will on the 6th day of March, 1939, at 12 o'clock, noon, at the Courthouse door in Macon County, North Carolina, sell to the highest bidder for cash the following described real estate:
