

LOCAL BOYS IN BANK ROBBERY

(Continued from Page One)

time. He added that Moore engaged the taxi, that the two young men got in and then drove to the bank where Moore entered and told the two in the car to wait.

Gates said West was quite as surprised as he was when Moore returned with the \$853 he had allegedly taken from the bank and that West begged him to return the money. Instead of returning it, Gates said that Moore ordered him to drive away, using a revolver to enforce his demand. Gates said he had given this information to the Jackson county officers and the federal men.

J. Frank Ray, of Franklin, is attorney for the two young men, and it is indicated that a hearing will probably be held Friday before John Morris, of Sylva, a justice of the peace.

Boys From Good Families

John Moore, Jr., is a son of Mr. and Mrs. J. M. Moore, of Franklin, and Ted West is a son of the late Mr. and Mrs. C. G. West, who formerly lived on Bonny Crest. West, it is understood, was released from a CCC camp in the Smoke-mont section last Saturday after a service of two years or more.

Both young men are from splendid families and neither of them has ever been in trouble with the law before this time.

John Moore is said by his associates to have been an inveterate reader of pulp detective fiction, and the robbery seems to have been executed strictly in accordance with the proper technique as described in some of these publications.
