**Long Life Is Built
Right Into the McCormick-Deering
Enclosed-Gear Mower**

Years of service lie ahead for the McCormick-Deering No. 7 Enclosed-Gear Mower. The entire operating mechanism, including the drive gears, differential, and countershafts, is assembled compactly in an oil tight gear housing and runs in a bath of oil.

Special oil seals at the ends of the main axle and flywheel shaft and the oiltight gear box prevent leakage and protect all working parts against entrance of dirt and other abrasive materials.

NYA Will Build Iotla
Community House

At a meeting held in the Iotla Methodist church last week the people of that community decided to raise funds for a community building to serve as a center for social activities and as a lunch room for Iotla school.

Mrs. Ordway, county supervisor of the National Youth Administration, offered the resources of her organization. It was decided to raise a building known as "Forest Service Quarters" still standing on the site of the former CCC camp at Horse Cove. This structure is 20 x 110 feet and was erected in sections. It will supply all lumber needed. All labor will be done by NYA boys under the direction of an experienced carpenter.

A committee of Iotla citizens was formed to obtain funds for other essentials, cement for foundation piers, roofing, etc. Work will probably start early in July.

Cuba Stamp Honors
Lions International

The Republic of Cuba has designed a special two-cent stamp to commemorate the convention of Lions International which is to be held in Havana July 23-25, 1940. The stamp will be carmine in color, with the Cuban flag placed diagonally as a background, on which is superimposed the Lions emblem at the lower left, and at the right a group of three of the royal palms of Cuba. The stamp, in addition to the standard information, will carry the words "Convention, La Habana, 1940."

The stamp will be 32mm. high by 22 mm. wide, and will be issued in sheets of 100. The printing will be 2,500,000 copies. This issue will be placed on sale at the time of the Convention, July 23-25, and the Cuba postmaster general has ordered a special post office to be installed either at the convention hall or the headquarters hotel during the convention.

More than 5,000 Lions from all parts of the world are expected to attend the Lions Havana convention. Special train, boat and air services have been arranged to accommodate the delegates from the United States and Canada. The Nieuw Amsterdam, 36,287 ton flagship of the Holland-American Line has been chartered and will sail from New York July 20. The Peninsular and Occidental S. S. company will operate extra schedules from Miami, Key West and Port Tampa, Fla., to Havana during the week of the convention, and Pan-American Airways are planning to put additional planes into operation to accommodate the crowds. Special trains are scheduled from California, Texas, Illinois and New York.

RHODODENDRON FESTIVAL
EDITION OF ASHEVILLE
CITIZEN-TIMES

The annual Western North Carolina Tourist Guide and Rhododendron Festival number of the Citizen and the Times is out and numbers 74 pages. More than 50,000 copies will be printed, which is believed to be the best ever published for this occasion. Besides containing official news of the festival beginning June 16, it contains pictures, maps and stories of everything of interest to the tourist in Western North Carolina.

Elizabeth have left for a month's vacation trip.

Rev. and Mrs. Frank Bloxham and Miss Amanda Slagle are attending the annual meeting of the Woman's Auxiliary of the Episcopal church at Kanuga June 13 and 14. Mr. Bloxham will address the gathering Thursday afternoon.

National Flag Day
Celebrated Friday

Friday is National Flag Day.

In a proclamation Governor Hoey said in part:

"The year 1940 should witness a very general observance of Flag Day. It should be remembered that June the 14th is the anniversary of the adoption by the Continental Congress in 1777 of the Stars and Stripes as the emblem of the United States and with that date began the history of our flag as the symbol of our nationality."

"I suggest special services and programs in order to direct the attention of our people to our present situation and to prepare us for eventualities of the future. Such exercises and observances should result in giving fresh courage to our people to meet the conditions which may be imposed upon us by reason of the necessity for preparing to defend ourselves and to preserve our civilization."

Lions Elect Officers
For Coming Year

The Lions Club elected officers for the coming year at their meeting last Monday evening. Frank Bloxham was elected president, succeeding Tommy Angel, who, as retiring president became a member of the new board of directors.

Other officers are Jack Sanders, 1st vice-president; Woodrow Reeves, 2nd vice-president; Clint Burrell, 3rd vice-president; Lion Tamer is Bob Gaines and Tail Twister, Ralph Womack; Secretary Bill Johnson.

The board of directors include Lester Arnold, Joel Tompkins, Jim Averell and Dick Omohundro.

U. S. Navy Launches
"North Carolina" Today

The second battleship to be launched by the U. S. navy since the post-World war disarmament program, slides into New York's upper bay today, symbolizing the vast naval expansion program.

The new man o' war is the U. S. S. North Carolina, the fourth naval vessel to be named for the Southern state and, ironically, the successor of a ship scrapped before completion under the naval armaments treaty drawn at the 1921 Washington conference.

Miss Isabel Hoey, daughter of Governor Clyde R. Hoey of North Carolina, will christen the giant sea fighter. The governor himself was among the speakers on the program for the exercises.

Far mightier than her predecessors, the 35,000-ton, 750-foot North Carolina will rank with the most powerful warships in the world.

ADVERTISING
--A SERVICE FOR YOU

Advertising renders an important service by bringing to you the show windows and price tags of the nation. In the columns of this newspaper all through the year, you can DISCOVER and CONSIDER the things you want to buy. Thus you need not search through a hundred shops or pay more than you should.

The rule of advertising is simple. The more people know about the merit of a product, the more people buy it. The greater the volume of sales, the less it costs to manufacture. Savings in producing mean either lower prices to the consumer or an even greater value the next time you buy. THIS SAVES YOU MONEY.

So advertising is more than a means for selling goods—it's a service to YOU!
