

### Macon Burley Growers To Hold Referendum

Macon county Burley tobacco growers will have an opportunity to vote on the Burley tobacco control program next Saturday, November 23, County Agent Sam W. Mendenhall announced this week. The referendum will be held at the Agricultural building here in Franklin, the polls opening at 9 a. m. and closing at 4:30 p. m. All farmers who grew Burley tobacco during the present year 1940 are urged to come to the Agricultural building next Saturday between the designated hours and cast their ballots in the referendum, Mr. Mendenhall said.

North Carolina ranks forty-eight in diphtheria death rate, but Dr. Thomas Parran, U. S. surgeon general, is of the opinion that the 1939 compulsory vaccination law shortly would afford some remedy for this situation.

## ALL QUIET ON DAM PROJECT

(Continued From Page One)

the trouble since work has not been resumed and there is no way to determine. The semi-monthly payroll, amounting to approximately \$70,000 on the 6,500,000 project, was met Tuesday, a day ahead of schedule. Re-opening of the job has not been announced.

### Preference Charged

After a thorough investigation, Sheriff Slagle expressed the opinion that both workers and outsiders started the trouble. He said that the resentment was directed toward labor union leaders and not toward the construction firm; that contention arose from charges of preference being given to Northern men even though they followed local men on the union's registration lists. On the other hand union leaders said that the Northern men were skilled workers who could not be secured in this section.

### Baptist Sunday School Convention To Meet

The Macon County Baptist Sunday school convention will meet on Sunday afternoon, November 24, at 2:15 o'clock at the Cowee Baptist church.

The program will open with a congregational song, followed by the devotional led by G. F. Crispie, of Franklin Route 4. Reports will be made by members attending from the various churches of the county. Alex Moore, of Franklin, will talk on the "Value of Study Courses." The principal address of the afternoon will be made by the Rev. J. G. Benfield, pastor of the Highlands Baptist church. The public is invited to attend.

### Mountain Grove Young Citizens League Meets

The recently-organized Young Citizens' League of the Mountain Grove school, modelled after similar leagues functioning in other states with the purpose of training Macon boys and girls to be future good citizens, held its third weekly meeting last Thursday afternoon, November 14.

Centering around the topic of "Health," the meeting was given over to reviewing the instructions and advice given by Dr. E. N. Haller, county health physician, and Mrs. Robert Gaines, county nurse, on their visit to the school November 8. A rising vote of thanks was given to Dr. Haller and Mrs. Gaines.

The League is looking forward to the promised visit of the doctor and the nurse next spring, at which time the diphtheria toxoid is to be administered to the students and others in the community.

The meeting closed with the appointment of committees for the various duties of the student-citizens, including playground supervisor, housekeepers, "doctor and nurse" to sherk on health rules and neatness, water carriers, and grounds and toilet supervisors.

### Corn Of Henry D. West Displayed At Press Office

The large ear of corn and the cluster of five ears growing around a large ear, on display in the Franklin Press window, was raised by Henry D. West, Macon county farmer and Franklin merchant. Mr. West said that 63 ears like this one on display, which weighs one pound, two ounces, will make one bushel shelled, while it takes 125 ordinary ears to make a bushel.

### Diphtheria Reported In Nearby County

Diphtheria has made its appearance in an adjoining county, according to health authorities. Dr. E. N. Haller, Macon county health officer, calls attention of parents to the state law passed by the last legislature requiring all babies to have the diphtheria toxoid as soon as they are six months of age.

A second dose of diphtheria toxoid, to be given six to 12 months after the first dose, is advised by Dr. Haller.

### C. T. McCracken Elected Sheriff In Idaho

News has been received here that Charles T. McCracken, a former Macon county boy, who moved to Soda Springs, Idaho, some years ago, has been elected sheriff of Caribou county of that state.

Sheriff McCracken was elected on the Democratic ticket, in spite of the county's being normally overwhelmingly Republican, said his brother, W. R. McCracken, of the Holly Springs section. A son of Rev. R. P. McCracken, formerly pastor of several Macon county Baptist churches, Sheriff McCracken grew up here and has many friends who will be glad to learn that Idaho appreciates the kind of good Democrats produced in North Carolina. Mrs. McCracken is the daughter of Mr. and Mrs. R. L. Scott of the Holly Springs community.

### Two New Staff Members At Burrell Motor Co.

W. C. Burrell, local Chevrolet dealer, announced this week the addition of two staff members to the personnel of Burrell Motor company. J. W. Todd, who served with the General Motors Acceptance corporation for the past 15 years, is the new credit manager for the firm. The last two years of Mr. Todd's affiliation with GMAC were spent in this territory. Willie Nelson, of Stone Mountain, Ga., has been placed on the sales force of the motor company. He was formerly connected with the Chevrolet dealer in Stone Mountain.

### G. M. A. Downs Franklin Fighters By 20-0 Score

Playing under lights on a frozen field, Franklin high's Red Panthers came out on the small end of the score again by virtue of the breaks of the game as the big Cadets of Georgia Military Academy rolled up a 20-0 victory at College Park last Friday night.

The three touchdown margin was by no means indicative of the relative difference between the two teams. The Panthers consistently outgained their opponents on the ground, making 12 first downs to the Cadet's four, only to be stopped cold each time deep in Georgia territory.

A hasty kick by Hunnicutt, following a bad pass from center, provided the first Cadet score. The ball travelled scarcely ten yards to come down in the arms of G. M. A.'s Tillery who breezed 40 yards for the touchdown. Anderson, right half-back for the Cadets, added the extra point, and accounted for a touchdown himself in the second period with a 45 yard off-tackle drive.

Tillery added the third score late in the second quarter with a 30 yard end run. Anderson again converted. Leatherman and Houk shone for the Red Panthers throughout the game. The team as a whole demonstrated as much fight and spirit as it has in any game all season.

The Red Panthers wind up their season here Friday when they meet the highly-rated Canton Bears at 2:30 p. m. on the high school field. The starting lineup for Franklin will probably be: J. C. Cunningham, LE; J. S. Cunningham, LT; Ashe, LG; C. Ashe, C; Johnson, RG; Pennington, RT; Leatherman, RE; Hunnicutt, QB; Tessier, HB; Houk, HB; and Fouts, FB.

### Franklin P. T. A. Hears County Health Nurse

Meeting in the school auditorium here Monday afternoon, 60 members of the local Parent-Teacher association heard Mrs. Robert R. Gaines, county nurse, suggest a plan whereby the P. T. A. here could promote good health both in the home and in the community. "The cooperation of home, school and community is basic in the whole health program," Mrs. Gaines said. After outlining the duties of the county health department, she went on to recommend that the Franklin P. T. A. set up a health committee "to introduce and interpret health services." This committee, she added, would be of great assistance in the county health program. Following Mrs. Gaines' address, the P. T. A. moved to act upon her suggestion and began the consideration of members for the committee.

### State Service Officer Coming Here To Assist County Ex-Service Men

F. M. Sasser, state service officer, will be at the American Legion hall here in Franklin Monday, December 2, to assist ex-service men in the county in preparing and properly presenting their claims. Gilmer A. Jones, commander of Macon Post 108, announced this week. Mr. Sasser will be assisted by C. Tom Bryson who will remain all day at the Legion hall for that purpose.

## BAD APPLES

You'll probably find a few bad apples in every bushel.

That's the way it is with beer retailing.

There are several thousand wholesome, law-abiding retail beer establishments in North Carolina. But there is a handful of undesirable, anti-social outlets that reflect discredit upon the entire beer industry.

The Brewers and North Carolina Beer Distributors Committee aims to eliminate every anti-social retailer. During the past 18 months its "clean up or close up" program, in cooperation with law-enforcement authorities, has forced out of business 133 dealers who refused to operate according to the high standards demanded by public sentiment and by the legalized brewing industry.

You can help in this important work by restricting your patronage to reputable beer dealers.
