MR. AND MRS. WADE SUTTON PURCHASE LOT
Mr. and Mrs. Wade Sutton of West Palm Beach, Fla., have purchased a building lot on the west side of Fourth street next to the bank building. This is a part of the A. C. Holt property and it is understood that the purchase was made direct from the owner.

An unconfirmed rumor is to the effect that Mr. and Mrs. Sutton plan the erection of a two story brick building on this lot, from where they will carry on the business of the Green Forest Electric company began by them last summer in the Wilton H. Cobb building on East Main street.

Mr. and Mrs. Sutton have been summer residents of the Webbmont section of Highlands for a number of years and the village is pleased to have them enter its commercial field. Mr. Sutton's work in West Palm Beach is outdoor lighting.

MRS. POTTS ENTERTAINS WEDNESDAY CARD CLUB

Mrs. C. C. Potts entertained the Wednesday Card Club at a bridge-supper on New Year's Day. The house decorations and the delicious supper were in keeping with the day. The center of the long table held a row of red candles set in an attractive arrangement of fruit and nuts interspersed with cone-laden sprays of hemlock.

The high score prize was awarded to Mrs. Tudor N. Hall, and Mrs. Thomas C. Harbison was final winner of the traveling prize. Guest prizes were presented to Dr. Jessie Z. Moreland and Mrs. O. E. Young.

NEW YEAR'S PARTY LAST THURSDAY

The Misses Sarah, Peggy and June Thompson entertained with a New Year's party last Thursday evening at their home on Fourth street. Holly and other evergreens were used as decorations in the living room where tables were placed for card games.

In the dining room, which was cleared for dancing, vari-colored balloons added a festive note in the decorations. A nickerleoden from Helen's Barn furnished the dance music. Those dancing were the Misses Eva Potts, Carolyn Potts, Ethel Calloway, Bess Hines, Estelle Edwards, the hostesses, Sarah, Peggy and June Thompson, Richard Zoellner, Henry Zoellner, Jim Hines, Fred Derrick, Brabson Burrell, Bill Reeves and Ray Hackett. Chicken a la king, pickles, cake, coffee, nuts and mints were served buffet style late in the evening. About 30 young people enjoyed the occasion.

Mrs. O. E. Young and son, Earle, Jr., who are spending the winter at the Potts House, returned Monday to their home in West Palm Beach, Fla. for a week's stay, taking with them a party of friends from the Potts House. The party included Mrs. William R. Dear of Fort Benning, Ga., Miss Cynthia Moretz and her mother of Boone, and Mrs. C. C. Potts.

Hocutt Asks Cooperation To Reduce Traffic Toll

"It's going to take a lot of intelligent planning and coordinated effort on the part of a lot of individuals and organizations to check the current upward trend in traffic accidents in North Carolina," Ronald Hocutt, director of the Highway Safety Division, declared this week.

Reporting that provisional figures indicate a toll of approximately 1,000 killed and 9,000 injured on North Carolina streets and highways during 1940, Hocutt pointed out that accidents in the state since last August have taken an upward trend which appears liable to continue into the new year.

"This slaughter must be stopped, and I pledge a more vigorous effort on the part of the Highway Safety Division towards reducing traffic accidents during 1941," he said. "But we can not do the job

State College Answers Timely Farm Questions

Q. When should shrubs be pruned?
A. A small amount of pruning can be done on flowering shrubs at any time. Evergreens should be pruned several times during the summer, removing only a small amount of growth at any one time. If the shrub has been neglected for years and needs a severe "cutting back" to be put back in shape, John H. Harris, extension landscape specialist of N. C. State college, says this should be done in late winter or early spring before growth starts. Where the plant must be severely pruned, it is better to reduce the plant to half the desired size the first year and complete the pruning operation the following year.

Q. What is the final date for submitting applications for payments under the AAA program?
A. Original applications for Agricultural Conservation payments under the 1940 program must be filed in the county office by March 31, 1941. Supplemental applications may be filed until April 30, 1941, or within 30 days after the receipt of the original check by the producer.

Q. How close together should forest tree seedlings be planted?
A. For general planting, R. W. Graeber, extension forester, of N. C. State college, recommends a spacing of 6 x 7 feet, requiring 1,000 trees per acre. This may be

alone. The traffic problem is largely a local problem, and definite steps toward eliminating accidents must come, for the most part, from enforcement officials, educational leaders and interested organizations and individuals in the state.

Hocutt said there was considerable safety activity on the part of many groups in the state last year, but that much of this activity was of the flash-in-the-pan variety.

"Safety activity, to be most effective, must be carefully planned, assiduously carried out and well coordinated," he stated.

"Another thousand North Carolinians who are now living will be dead and thousands whose bodies are now whole will be maimed and crippled by the end of this year unless every person in North Carolina resolves to do something and then actually does something to make our streets and highways safer during 1941."

The safety director said his services and those of field workers are available in assisting any groups sincerely interested in helping to reduce this state's traffic toll.
