MISS HINES IS BRIDE OF ALFRED N. ORMOND

A wedding impressive in its simplicity was solemnized Wednesday afternoon, April 23 at five o'clock in the Church of the Incarnation at Highlands, when Miss Nancy Elizabeth Hines and Alfred Newman Ormond were united in marriage. The Rev. A. Rufus Morgan performed the ceremony. The vows were spoken before an altar transformed into a scene of beauty with mountain evergreens and spring wildflowers, softly and effectively lighted by candles in tall candelabra.

The bride, who came in on the arm of her brother, James Alexander Hines, was lovely in a becoming afternoon ensemble of black and fuchsia with a corsage of deep pink roses and lilies of the valley.

The wedding music was presented by Mrs. A. C. Holt. Preceding the ceremony Mrs. Holt played "Traumeri" by Schumann, and Mrs. O. F. Summer sang "I Love You Truly." The traditional wedding marches by Lohengrin and Mendelssohn were used, and during the ceremony Mrs. Holt played "Confidence" by Mendelssohn.

The ushers were Mr. Kenneth Davis of Pocatello, Idaho, and Mr. Henry Zoellner of Highlands. The bride is the youngest daughter of Mrs. James Alexander Hines and the late Mr. Hines. The bridegroom is the only son of Mr. and Mrs. F. C. Ormond of Pocatello, Idaho.

Mr. and Mrs. Ormond left immediately for a short wedding trip.

Out of town guests were Miss Lula M. Hinson of Kenansville, aunt of the bride, and Mr. and Mrs. H. S. Powell and Mrs. M. D. Mathews of Pocatello, Idaho, sisters and brother-in-law of the bridegroom.

PERSONAL

Joe — all is forgiven! I don't blame you for getting mad at my baking. But everything's going to be O. K. from now on. I'll bake you a different cake every day, if you want me to. Because with Rumford Baking Powder I can use any good recipe. I don't have to worry about the different quantities required by special types of baking powder. With Rumford I just use the amount the recipe calls for—and I get perfect results every time. Better flavor, richer crust, and moister crumb. Come back and see FREE. Send for new booklet, containing dozens of bright ideas to improve your baking. Address: Rumford Baking Powder, Box J, Rumford, Rhode Island.

Concrete Cut With Handsaw

A new development in concrete, made with North Carolina vermiculite as the aggregate instead of sand, was on display in the Department of Ceramic Engineering at State College April 18 as one of the scores of exhibits in the annual students' Engineers Fair. The vermiculite concrete can be cut with an ordinary handsaw, and nails can be driven into it as in a board. Shown here demonstrating the new material is William A. Scholes, ceramic research engineer at the college, who is conducting experiments with the concrete for the Tennessee Valley Authority. He is hopeful that it will come into widespread use in low-cost prefabricated houses. The concrete has high heat and sound insulation values. Deposits of vermiculite, a type of mica, are in Buncombe, Macon, Avery, Yancey, Jackson, Transylvania and Clay counties.

METHODIST CHILDREN HAVE EGG HUNT

Miss Margie Waller has been appointed acting superintendent of the Methodist Sunday school during the absence of Mrs. Annie Westbrook, who is spending some time in Washington, D. C. On Monday of last week Miss Waller entertained the children with an Easter egg hunt at the home of Mrs. J. Z. Gottwals, as a surprise party for Mrs. Gottwals, who in her more active days made a specialty of parties for children.

SPORTSMAN MAGAZINE HAS STORIES OF J. W. ANDERSON

The March issue of the Western Sportsman magazine carries the first installment of Raymond W. Thorp's personal interview with J. W. Anderson regarding western frontier life in the 1870's. Mr. Anderson is an uncle of Mrs. Thomas C. Harbison of Highlands. He went west at the age of 16, and at 87 recalls vividly the exciting life on the western plains in those days when he numbered among his intimate friends such personages as W. F. (Buffalo Bill) Cody and Wild Bill Hickok. The article is illustrated with two pages of old photographs and tells how Mr. Anderson received the appellation of "White-Eye Jack." Mr. Anderson finally settled in California where he owns a beautiful home in Eagle Rock. Mrs. Harbison visited in the California home of her uncle a few years ago and heard many of the stories, which she says have lost none of their fascination or hair-raising qualities in the magazine form.

MRS. BLANCHARD ENTERTAINS CLUB

Mrs. John C. Blanchard entertained the Wednesday Card Club last week with a two o'clock luncheon at her attractive new home, Snug Harbor, on Foreman road. A profusion of yellow and white spring flowers was used to decorate the living room. The yellow and white color motif was carried out in the luncheon which was served at the card tables. The tables were centered with a low two-tiered vase of exquisite pansies.

Four tables of players enjoyed the occasion. Miss Sara Gilder won high score prize and Mrs. F. G. Hentz was awarded the traveling prize. The high score guest prize was won by Mrs. W. A. Hays. Other guests players were Mrs. Frank B. Cook, Miss Grace Lusk and Dr. Jessie Z. Moreland. Mrs. Elliott Caziarc, former club member who spent the winter in Gainesville, Ga., was welcomed on her return to the club.

Rev. and Mrs. J. S. Higgins, Miss Susan Rice, Mrs. G. W. Sheppard and Mrs. M. M. Hopper attended the World Mission Study series at the Franklin Methodist church Sunday night through Wednesday night of this week.

Little Miss Isabel Hall celebrated her tenth birthday anniversary last Thursday by inviting a number of her young friends to an Easter party, which was postponed from Monday to Thursday because of Isabel's illness. Instead of the usual egg hunt an Easter rabbit hunt and other outdoor games were enjoyed. Favors were in keeping with Easter.

Makes Fine Calcium Meta Demonstration

T. J. Fagg, Macon county assistant farm agent, in his report to Fred Sloan, district agent, gives the following account of the demonstration farm of A. M. Wilson of Highlands:

Excellent results are already being noted from new calcium meta demonstration farms that were approved in 1939 and '40. A. M. Wilson, calcium meta demonstration farmer of Highlands township, is doing a very fine job as a demonstration farmer particularly on pastures and meadows. Mr. Wilson is following good rotations in his farming program, he is keeping his land covered at all times with a cover crop. He uses grass and sapling clover in rotation with his row crops. He states that lime and calcium meta phosphate are increasing his yield and growth of clover and grass to a great extent. Check plots bear out this statement. In the spring of 1940 Mr. Wilson took one acre of the poorest pasture on his farm and limed it at the rate of one ton per acre. He also applied 150 pounds of calcium meta phosphate to this acre. He then seeded this plot of pasture to blue grass, herds grass, orchard grass, lespedeza and white dutch clover. He now has a very good sod of grass on this acre. Mr. Wilson says that before he limed and phosphated this pasture he had been unable to get a stand of any kind of grass, and he is highly pleased with the results he has obtained from these two materials. He is seeding more of his pasture this spring following the same method he used on the one acre last year. Mr. Wilson is not only demonstrating the value of lime and phosphate, but he has also purchased a pure bred Durham bull to use on his cattle and for his neighbors in the community to use. He has seeded his lawn and improved the appearance of his grounds and is planning this summer to finish ceiling some rooms in his home.

What are the Weapons? Sound, conservative facts, approved by medical authorities plus prompt action by the individual. Education is pitted against ignorance, courage against prejudice and fear.

Why a Woman's Army? 1. Because women are the natural guardians of the health of the family.

2. Because women suffer some what more from cancer than do men.

3. Because the types of cancer which strike women hardest—cancer of womb and breast—may be cured in 70 per cent of the cases if taken in time.

Who Sponsors the Army? The American Society for Control of Cancer.

North Carolina Medical Association.

What is the Slogan of the Army? The Women's Field Army is fighting under the slogan: "Early Cancer is Curable. Fight it with Knowledge."

Won't you march with it?
