## HELEN'S BARN PLANS EXTRA FUN FOR FOURTH

The program for the square dance at Helen's Barn on Friday night, July 4th, promises funny faces, favors and plenty of fun, as announced by Mr. and Mrs. S. A. Wilson, owners.

## FRUIT AND VEGETABLE STAND OPENED ON MAIN ST.

Mrs. Louis Edwards has opened a fresh vegetable and fruit shop at Wiley's Fruit Stand on Main street, and will specialize in water-melons and cantaloupes. The melons, fruits and vegetables, grown on the Georgia farms of her brother-in-law, are gathered late in the afternoon and brought to Highlands for next morning selling. Buddy Thompson is assisting Mrs. Edwards in the management of the shop.

## SOCIAL EVENT CLOSES ADULT EDUCATION SCHOOL

Twenty members of Mrs. Annie Westbrook's class in adult education work closed the season's activities with an all-day trip to Asheville last Friday. The party enjoyed a picnic lunch at the Asheville Recreation Park on the Black Mountain road, going on into Asheville after lunch where they visited the Citizens-Times office and radio broadcasting studios. The return trip was made by Balsam Gap for a visit to the fish hatcheries.

## MRS. J. A. HINES HONORED AT PARTY IN CALIFORNIA

Mrs. J. A. Hines, who is visiting her daughter and son-in-law, Mr. and Mrs. E. J. Bailey, in Santa Rosa, Calif., was honor guest at a barbecue and bridge party recently at the home of Mr. and Mrs. Herbert Ellison, when fourteen friends of the hosts were entertained in the attractive garden of their home. Mrs. Hines has been in California since the first of May, and has been honor guest at a number of social events arranged by her daughter's friends.

## DR. KENNETH J. FOREMAN TO PREACH AT HIGHLANDS

Dr. Kenneth J. Foreman, head of the department of philosophy at Davidson college, will preach at the Presbyterian church at 11 o'clock Sunday morning, July 6, and at 11 o'clock each following Sunday morning through the month of July.

## MISS SARAH THOMPSON ENTERTAINS AT BUFFET

Miss Sarah Thompson was hostess at a buffet supper last Wednesday night at the home of her mother, Mrs. H. P. P. Thompson, who assisted her in entertaining. Centering the lace-covered table was a bowl of pink roses.

The supper was given in honor of Howard Pearson of Buffalo, N. Y., a former Highlands high school student. Those enjoying the occasion with the hostess and honor guest were Estelle Edwards, Carolyn Potts, June Thompson, Richard Pearson, Billy Nall, Richard Zoellner, Bob Shepard, Edward Shepard, Paul Shepard, Henry Cleaveland, Wendell Cleaveland, Buddy Thompson and Richard Thompson.

After supper the young people attended the dance at the Dugout. John Beale, son of Mr. and Mrs. Haworth Beale, is expected home this weekend. John has completed four years' service with the U. S. Marines and will be at home subject to call.

Louis Reese and his sister, Martha Reese, children of Mr. and Mrs. J. W. Reese, Jr., are visiting

their uncle and aunt, Mr. and Mrs. Furman Merrill, in Asheville this week. Mr. and Mrs. Merrill will return home with them this weekend to spend the Fourth of July with relatives here.

Mrs. Ada B. Kline and her daughter, Miss Elizabeth Kline, of Clearwater, Fla., are spending the season at their summer home on Peace Mountain.

L. D. Rouse of Montgomery, Ala., who purchased a part of the Holt property last summer, is here with his architect and the plans for his new home which he expects to build this summer.

Miss Jessie Keener and Miss Alice Lowery will return this weekend from Atlanta where they have been visiting the former's sisters and brother-in-law, Miss Mary Keener and Mr. and Mrs. Charles Smith. Miss Jessie Keener is planning to begin the hospital nurses' training course this fall.

Mr. and Mrs. Robert Glendinning of Savannah, Ga., arrived Monday to spend the summer at "Woodbine", the Trice cottage on East Main street.

Prof. and Mrs. O. F. Summer and little Miss Mary Summer are expected to return this weekend from a two weeks' vacation at Myrtle Beach.

Mr. and Mrs. J. W. George of New Orleans will occupy Mrs. Harry McCall's summer home on the Walhalla road for the month of July.

Mrs. J. H. Wright of Atlanta, house-mother at one of the Georgia Tech fraternity houses, is spending the summer with Mrs. Elizabeth Prince of Fourth street.

Asheville press comment said that Lewis Rice, Jr., "exhibited tact and an understanding nature" as Dumary the butler in "This Thing Called Love," presented three nights last week in the Little Theatre room at the Langren hotel in Asheville by the Players Guild. Lewis is the son of L. C. Rice of Highlands and the late Mrs. Rice, and has just graduated from the Lee Edwards high school in Asheville.

Mr. and Mrs. J. E. Hicks and Mr. and Mrs. Earl Crunkleton attended the singing convention in Franklin last Sunday.

Mr. and Mrs. E. Harris Drew of West Palm Beach, Fla., have leased Chestnut Lodge on Satulah mountain and will be here until October 1. Mr. Drew is attorney for the city of Palm Beach.

Mrs. Nellie Young and her two daughters, the Misses Marie and Ruth Young, of Miami, are in their recently purchased cottage on Blanchard Court, just off Foreman road.

## Miss Margaret Thompson Makes Map Of Macon

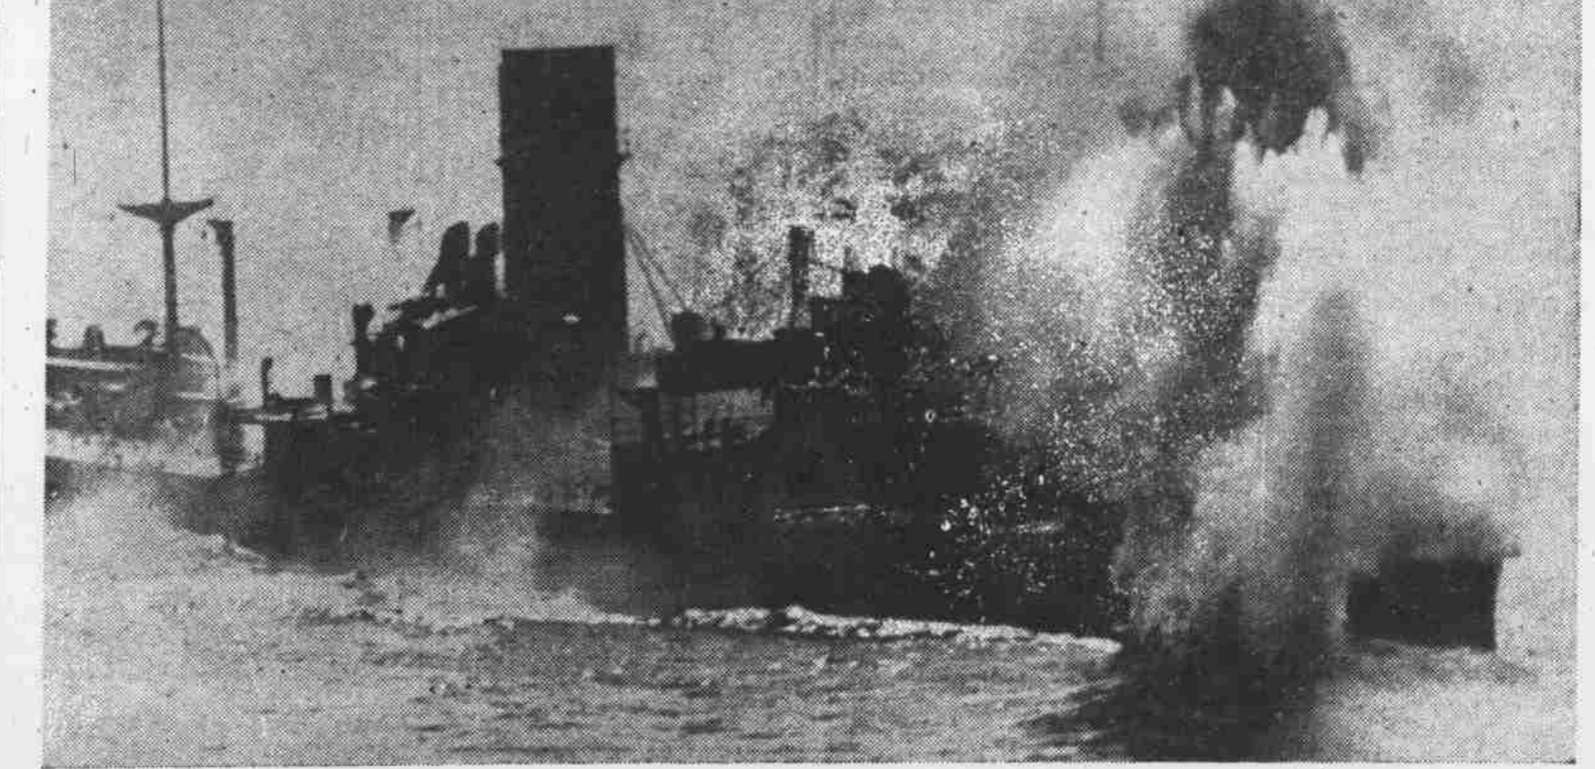

Miss Margaret (Peggy) Thompson, daughter of Mrs. H. P. P. Thompson and the late Dr. Thompson, has not only had an enviable college career but is meeting with success in her new position with the Southern Bell Telephone and Telegraph company at Charlotte, judging from the letter we have just received from J. Bryan Ray, records supervisor of the company, which we are giving here:

"Your announcement last week in Highlands Highlights of the graduation of the two Thompson sisters at Queens-Chicora college reminds us that it will be of interest to the friends of Miss Peggy Thompson to learn that she was one of a dozen young ladies with outstanding scholastic records selected this year for employment in the Carolina's Division Accounting Department of the Southern Bell Telephone and Telegraph company at Charlotte.

"You can page Mr. Ripley on this one: for believe it or not, it just so happened that Miss Thompson's first assignment was to draw a map of Macon county, her own native land. This map is being drawn on a scale of one inch to a mile. It is drawn with India ink on imperial tracing cloth and will form a part of the official records of the company."

## Boys Solicit Funds To Buy Wheel Chair

Fairdee Henry, son of Mr. and Mrs. Charles Henry, is to have a new wheel chair to help make his shut-in life happier, and Fair-

This dramatic picture, just received from Germany, shows shells from a Nazi warship exploding beside what is described as a British steamer in the North Sea. The stricken vessel has been set afire and appears to be sinking. No word was given as to the fate of the crew.

dee is grateful to the four boys, of 14 years of age and under, who are responsible for his getting this chair.

On a recent Friday morning Joe Waller, Tommy Strong, Maurice Calloway and Mack Neely were out riding their new bicycles. In passing the home of the Henry boy, who has been unable to walk for several years, the idea popped into Joe's head that a wheel chair for Fairdee would be the next best thing to riding a bicycle and, with Joe, to think was to act. He revealed to his companions his plan of soliciting funds for the wheel chair, and immediately they set to work with the result that by the next evening \$25.00 had been raised and turned over to W. H. Cobb who has ordered the chair. Fifty-six citizens had a part in buying this chair and the gifts ranged all the way from five cents to a dollar.

## State College Answers Timely Farm Questions

Q. Is it necessary to follow a recipe in preparing fruit juices for cooling drinks?  
A. No. Use the odds and ends of fruit juices your refrigerator may offer. The juice left from the pineapple salad last night will make a pleasing combination with the juice of a fresh lemon, lime or an orange or two. For color, crush and strain half a cup of berries and add a tablespoon or two of jelly. If used as an appetizer, the drink should be more tart than sweet since sugar dulls, rather than stimulates the appetite. A sugar syrup is more effective for sweetening summer drinks than sugar itself.

Q. What are some of the important things to remember in marketing eggs?  
A. Never put the eggs in cases until they are properly cooled. When warm eggs are put in cases, they can't cool rapidly. So, they begin to lose quality and may even become bad. The way eggs are marketed also affects their quality and the number lost through soilage. Eggs need to be marketed often. And once a week isn't often enough. Twice a week isn't often enough in hot weather. For satisfactory results, eggs need to be marketed just as soon as possible after they are gathered and cooled. One other point, the eggs must be protected from heat while on the way to market. If the eggs or containers in which they are packed are exposed to the sun or heat from other sources, they will lose quality. Loss of quality means loss of market value.

Q. Can milk absorb odors from the air around it and get an unpleasant taste that way?  
A. Scientists say that the mild, delicate flavor of good milk is very easily tainted by absorbing odors from the air. If you keep milk uncovered in the refrigerator, it will soon take on the taste of fish, cabbage, banana, melon, onion or other foods with a decided flavor that are also in the refrigerator uncovered. Milk will take on the odor of disinfectants or medicines with strong odors used in the barn where the cows are milked. For example, milk will taste of coal-tar for days after coal-tar spray has been used in the dairy barn.

## Guarding Christ's Birthplace

The Church of the Nativity in Bethlehem, built over the site of the stable in which Christ, the Prince of Peace, was born, has been converted into a near-fortress by the British as a result of the war in the Holy Land.

All hay crops respond to a fertile soil. They take large quantities of plant food from the soil. The non-legumes get all their food from this source. Legumes, if inoculated, can draw about two-thirds of the needed nitrogen from the air, the other third necessarily coming from the soil. For these reasons, hay crops should be grown in rotations to which legumes are turned under and should be well fertilized. The presence of plenty of usable plant food and lime in the soil not only results in bigger yields but also in hay of higher feed value. Such hay contains more protein, vitamins and mineral matter than the same kind of hay grown under conditions of soil poverty. Animals fed on this hay grow faster, develop better bones, and are healthier than those fed on hay low in these materials.

Stable manure is a valuable supplement for fertilizers in all parts of the state and should be used alone at the rate of five tons per acre in most sections. Lime also is valuable in that it will increase the yield and mineral content of hay, if the soil needs it. While certain crops, such as alfalfa and red clover, refuse to grow satisfactorily on most soils without an application of lime, others will grow without it.
